# NY-520 - Franklin County CoC
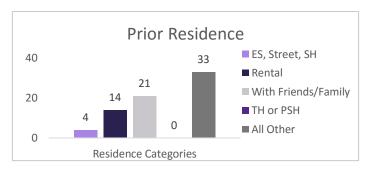

10/1/2015-12/31/2015

Overview

Between 10/1/2015 and 12/31/2015, providers in the Franklin County CoC served 103 people experiencing or at risk of experiencing homelessness[i]. 79 people were served in residential programs, with an additional 24 served in supportive services only programs[ii].

Number of Households by Size

There were 55 households without children (containing 58 individuals), 13 households with adults and children (containing 16 adults and 26 children), and 2 households with 3 unaccompanied minors[iii].

By gender, providers in the CoC served 47 (46%) women, 56 (54%) men and 0 (0.0%) trans-identified individuals.

The racial and ethnic breakdown of those served included 86 (83%) White, 2 (2%) Black or African-American, 0 (0.0%) Asian, 0 (0.0%) Native Hawaiian or Other Pacific Islander, 2 (1.9%) American Indian or Alaskan Native, and 5 (5%) Multiple Races. 5 (5%) individuals identified as Hispanic/Latino regardless of race.
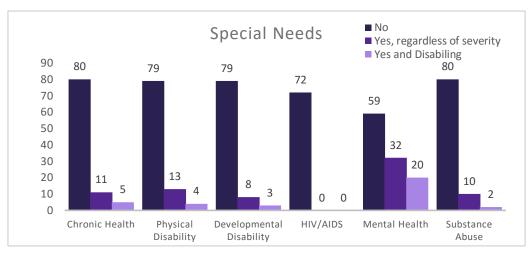

Prior Residence

Of 76 adults or heads of household, 4 (5%) indicated a prior residence of Emergency Shelter, the streets or Safe Haven. Of these clients, 3 (75%) reported no previous episodes of homelessness within the last three years while 1 (25%) did not report on this data element.

The total number of individuals discharged during the quarter was 21, which included 18 adults and 3 children. Income for 1 (6%) clients over 18 rose between admission and discharge while 6 (33%) maintained stable income of greater than zero. Of 20 clients with known destinations, 14 (70%) were discharged to a permanent destination.

Special Needs

50% of adults (37/74) and 21% of children (6/29) self-reported at least one physical, emotional,

Special Needs

Legend: No | Yes, regardless of severity | Yes and Disabling

Category	No	Yes, regardless of severity	Yes and Disabling
Chronic Health	80	11	5
Physical Disability	79	13	4
Developmental Disability	79	8	3
HIV/AIDS	72	0	0
Mental Health	59	32	20
Substance Abuse	80	10	2

or other health condition *regardless of whether the condition had become serious enough to be disabling*. Among those reporting multiple conditions, the most significant comorbidity was Mental Health and Substance Use (6).

When taking severity of condition into account, 27 adults reported conditions that met the criteria to be considered a disability.

Sub-Populations

3 (4%) individuals over 18 met the criteria for chronic homelessness at the time of project entry, which included individuals who were admitted under the previous definition (*the percentage of clients considered chronically homeless is expected to decrease over time due to changes in the definition implemented by HUD which became effective in HMIS as of 10/1/15*).

1 out of every 25 adults receiving services this quarter was a veteran (4%). Out of the 3 veterans served, 2 (67%) reported a disabling condition and 0 (0%) met the criteria for chronic homelessness at admission.

System Performance Measures

On 1/1/16, HUD released 7 new System Performance Measures intended to leverage HMIS data in order to inform planning and track outcomes at the CoC-level. The measures will assist with assessing the overall success of community efforts to address, divert and end homelessness and include: number of homeless persons; number of first-time episodes of homelessness; length of time persons remain homeless; job and income growth during program stays and/or at discharge; placement in permanent destinations; returns to homelessness/recidivism. Additionally, these measures will play an important part in receiving and retaining Federal funding through the CoC Grant Competition.

Data quality and completeness play a major role in ensuring that the System Performance Measures accurately reflect the work being done within the CoC. CARES routinely tracks the health of HMIS data and this information may be found on www.caresny.org.

---

[i] Data breakdowns for subsequent categories may total less than this number due to differences in data reporting across funders, as well as data completeness. For more information on data completeness, please see www.caresny.org

[ii] Programs included in this report listed on www.caresny.org. For the purposes of this report, any RRH enrollments are considered residential

[iii] Data based on current age and household composition, which may differ from information reported at admission

Projects Included in Report
