

NY-502 - Auburn/Cayuga County CoC

4/1/2016-6/30/2016

Overview – All Programs

Between 4/1/2016 and 6/30/2016, providers in the Auburn/Cayuga County CoC served 326 people experiencing or at risk of experiencing homelessnessⁱ. 178 people were served in residential programs, with an additional 148 served in supportive services only programsⁱⁱ.

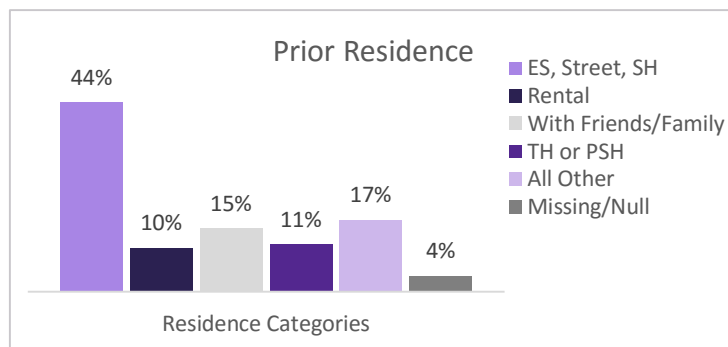

There were 213 households in the CoC, including 172 households without children (containing 187 individuals), 40 households with adults and children (containing 58 adults and 80 children), and 1 unaccompanied minorⁱⁱⁱ.

By gender, providers in the CoC served 129 (40%) women, 196 (60%) men and 1 (0.3%) trans-identified individual.

The racial and ethnic breakdown of those served included 257 (79%) White, 37 (11%)

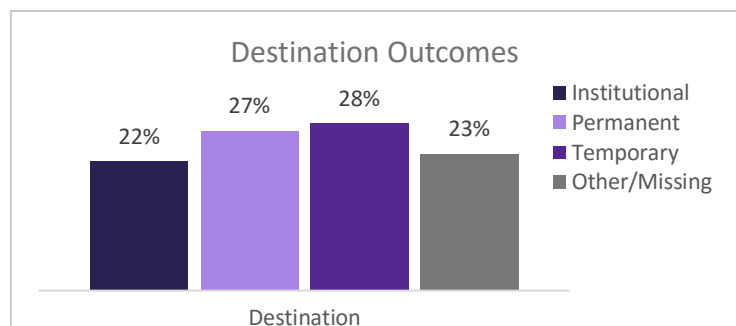

Black or African-American, 1 (0.3%) Asian, 3 (0.9%) Native Hawaiian or Other Pacific Islander, 5 (1.5%) American Indian or Alaskan Native, and 17 (5%) Multiple Races. 37 (11%) individuals identified as Hispanic/Latino regardless of race.

Of 246 adults or heads of household, 108 (44%) indicated a prior residence of Emergency Shelter, the streets or Safe Haven. Of these clients, 52 (48%) reported no previous episodes of homelessness within the last three years while 17 (16%), 11 (10%), and 25 (23%) had been homeless 2, 3, or 4+ times (respectively) during the same time frame. 3 (3%) did not report on this data element.

For those adults or heads of household who were in program a year or more and received an annual assessment (20), 7 (35%) saw an increase in income (cash and cash benefits) between admission and the most recent update. An additional 6 (30%) saw no change in income that was initially higher than zero^{iv}.

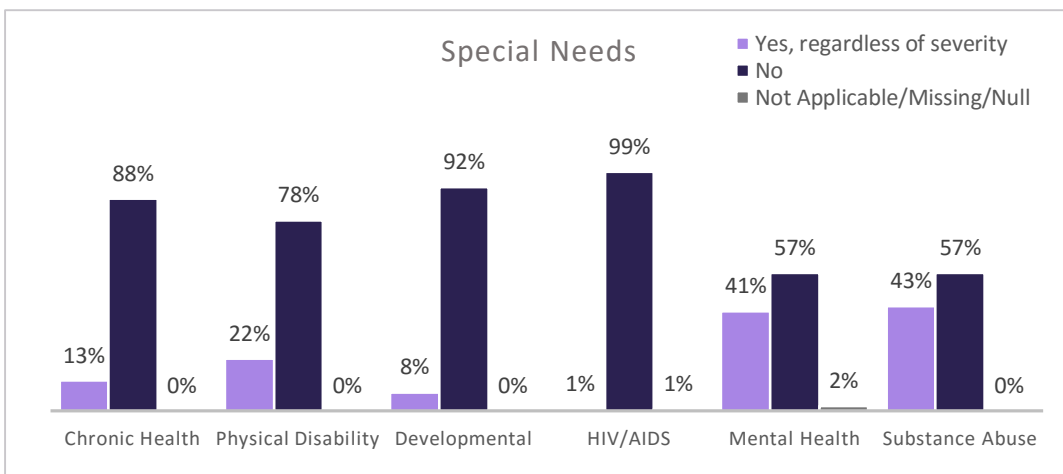

The total number of individuals discharged during the quarter was 78, which included 77 adults and 1 child. 21 (27%) individuals were

discharged to a permanent destination. Income for 17 (22%) clients over 18 rose between admission and discharge while 18 (23%) maintained stable income of greater than zero.

Special Needs – HUD and HHS Funded Programs Only

64% of adults (85/133) and 27% of children (3/11) in HUD or HHS funded programs self-reported at least one

physical, emotional, or other health condition *regardless of whether the condition had become serious enough to be disabling.* Among those reporting multiple conditions, the most significant comorbidity was Mental Health and Substance Use (28). When taking severity of condition into account,

62 adults reported conditions that met the criteria to be considered a disability.

Sub-Populations – All Programs

22 (9%) individuals over 18 met the criteria for chronic homelessness at the time of project entry. *Please note that HMIS began using HUD’s new definition of chronic homelessness effective 10/1/2015 and all individuals in program on or after that date are measured using this new definition, even if their program start date was prior to the change in definition taking effect.*

1 out of every 16 adults receiving services this quarter was a veteran (6%). Out of the 15 veterans served, 7 (47%) reported a disabling condition and 2 (13%) met the criteria for chronic homelessness at admission.

System Performance Measures – All Programs

On 1/1/16, HUD released 7 new System Performance Measures intended to leverage HMIS data in order to inform planning and track outcomes at the CoC-level. The measures will assist with assessing the overall success of community efforts to address, divert and end homelessness and include: number of homeless persons; number of first-time episodes of homelessness; length of time persons remain homeless; job and income growth during program stays and/or at discharge; placement in permanent destinations; returns to homelessness/recidivism. Additionally, these measures will play an important part in receiving and retaining Federal funding through the CoC Grant Competition.

Data quality and completeness play a major role in ensuring that the System Performance Measures accurately reflect the work being done within the CoC. CARES routinely tracks the health of HMIS data and this information may be found at www.caresny.org.

ⁱ Data breakdowns for subsequent categories may total less than this number due to differences in data reporting across funders, as well as data completeness. Information on **reporting methodology** and on **data completeness**, may be found at www.caresny.org

ⁱⁱ For the purposes of this report, any RRH enrollments are considered residential

ⁱⁱⁱ Data based on current age and household composition, which may differ from information reported at admission

^{iv} This measure includes individuals across all project types

Projects Included in Report

Emergency Shelter
Chapel House Inc.
PH - Permanent Supportive Housing
ARISE, Inc. Supported Housing Program 1
ARISE, Inc. Supported Housing Program 2
Auburn Housing Authority Shelter Plus Care
Cayuga Seneca-HUD PH 1
Cayuga Seneca-HUD PH 2
Chapel House - Permenant Housing
Transitional Housing
Chapel House TAP
Rescue Mission Family Transitions Program
PH - Rapid Re-Housing
Chapel House Supportive Services
Services Only Program
Chapel House Supportive Case Management
Rescue Mission Post Transitional Case Management
