# NY-601 - Poughkeepsie/Dutchess County CoC

7/1/2016-9/30/2016

Overview – *All Programs*

Between 7/1/2016 and 9/30/2016, providers in the Poughkeepsie/Dutchess County CoC served 1430 people experiencing or at risk of experiencing homelessness[i]. 911 people were served in residential programs, with an additional 519 served in supportive services only programs[ii].

Percentage of Households by Size

- 1 person, 84%
- 2+ people, 16%
- 2 person, 7%
- 3 person, 4%
- 4 person, 3%
- 5+ person, 2%

There were 1090 households in the CoC, including 921 households without children (containing 953 individuals), 141 households with adults and children (containing 186 adults and 261 children), and 28 households with 30 unaccompanied minors[iii].

By gender, providers in the CoC served 598 (42%) women, 830 (58%) men and 0 (0.0%) trans-identified individuals.
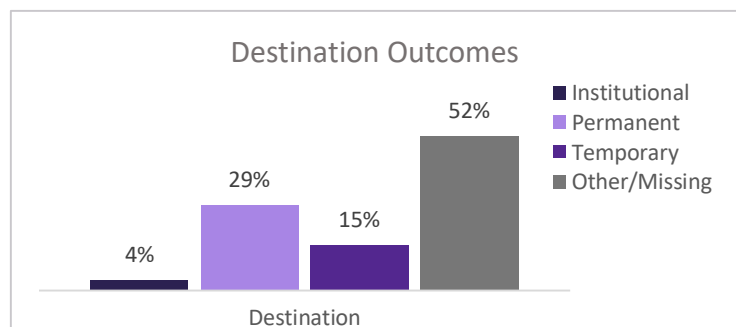

The racial and ethnic breakdown of those served included 689 (48%) White, 650 (45%) Black or African-American, 4 (0.3%) Asian, 4 (0.3%) Native Hawaiian or Other Pacific Islander, 3 (0.2%) American Indian or Alaskan Native, and 56 (4%) Multiple Races. 186 (13%) individuals identified as Hispanic/Latino regardless of race.

Residence Categories

Of 1162 adults or heads of household, 297 (26%) indicated a prior residence of Emergency Shelter, the streets or Safe Haven. Of these clients, 155 (52%) reported no previous episodes of homelessness within the last three years while 73 (25%), 24 (8%), and 35 (12%) had been homeless 2, 3, or 4+ times (respectively) during the same time frame. 10 (3%) did not report on this data element.

For those adults or heads of household who were in program a year or more and received an annual assessment (112), 43 (38%) saw an increase in income (cash and cash benefits) between admission and the most recent update. An additional 47 (42%) saw no change in income that was initially higher than zero[iv].

Destination Outcomes

- 52%

Destination

The total number of individuals discharged during the quarter was 368, which included 291 adults and 77 children. 106 (29%) individuals were discharged to a permanent destination. Income for 12 (4%) clients over 18 rose between admission and discharge while 102 (35%) maintained stable income of greater than zero.

Special Needs – *HUD and HHS Funded Programs Only*

55% of adults (532/962) and 15% of children (34/227) in HUD or HHS funded programs self-reported at least one physical, emotional, or other health condition *regardless of whether the condition had become serious enough to be disabling*. Among those reporting multiple conditions, the most significant comorbidity was Mental Health and Substance Use (227). When taking severity of condition into account, 365 adults reported conditions that met the criteria to be considered a disability.

Special Needs

Legend: Yes, regardless of severity | No | Not Applicable/Missing/Null

Category	Yes	No	Not Applicable/Missing/Null
Chronic Health	19%	77%	4%
Physical Disability	17%	79%	4%
Developmental	8%	87%	5%
HIV/AIDS	1%	93%	6%
Mental Health	38%	57%	5%
Substance Abuse	26%	68%	6%

Sub-Populations – *All Programs*

40 (4%) individuals over 18 met the criteria for chronic homelessness at the time of project entry. *Please note that HMIS began using HUD's new definition of chronic homelessness effective 10/1/2015 and* **all individuals in program on or after that date** *are measured using this new definition, even if their program start date was prior to the change in definition taking effect*.

1 out of every 10 adults receiving services this quarter was a veteran (10%). Out of the 116 veterans served, 44 (38%) reported a disabling condition and 5 (4%) met the criteria for chronic homelessness at admission.

System Performance Measures – *All Programs*

On 1/1/16, HUD released 7 new System Performance Measures intended to leverage HMIS data in order to inform planning and track outcomes at the CoC-level. The measures will assist with assessing the overall success of community efforts to address, divert and end homelessness and include: number of homeless persons; number of first-time episodes of homelessness; length of time persons remain homeless; job and income growth during program stays and/or at discharge; placement in permanent destinations; returns to homelessness/recidivism. Additionally, these measures will play an important part in receiving and retaining Federal funding through the CoC Grant Competition.

Data quality and completeness play a major role in ensuring that the System Performance Measures accurately reflect the work being done within the CoC. CARES routinely tracks the health of HMIS data and this information may be found at www.caresny.org.

---

[i] Data breakdowns for subsequent categories may total less than this number due to differences in data reporting across funders, as well as data completeness. Information on **reporting methodology** and on **data completeness**, may be found at www.caresny.org

[ii] For the purposes of this report, any RRH enrollments are considered residential

[iii] Data based on current age and household composition, which may differ from information reported at admission

[iv] This measure includes individuals across all project types
