

Quarterly Report

NY-602 - Newburgh/Middletown/Orange County CoC

1/1/2017-3/31/2017

Overview – All Programs

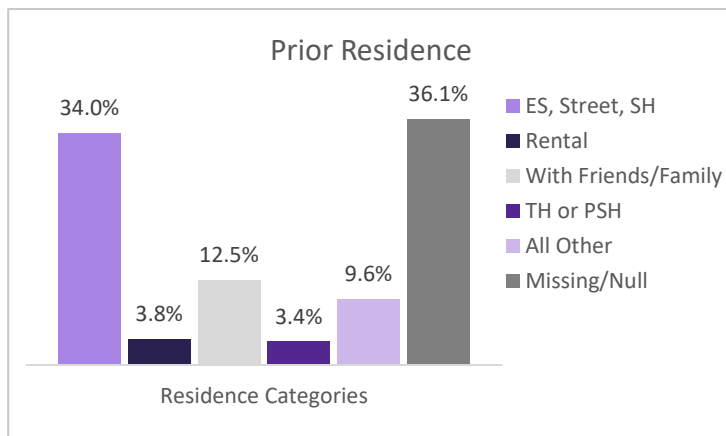

Between 1/1/2017 and 3/31/2017, providers in the Newburgh/Middletown/Orange County CoC served 1430 people experiencing or at risk of experiencing homelessnessⁱ. Residential programs served 871 people, and 561 people were served by supportive services only programsⁱⁱ.

There were 1151 households in the CoC, including: 803 households without children (containing 813 individuals), 130 households with both adults and children (containing 163 adults and 231 children), and 218 households of only unaccompanied minors (under 18 years of age), containing 223 minorsⁱⁱⁱ.

By gender, providers in the CoC served 652 (45.6%) women, 752 (52.6%) men and 3 (0.2%) trans-identified individuals.

The racial and ethnic breakdown of those served included: 725 (50.7%) White, 491 (34.3%) Black or African-American, 7 (0.5%) Asian, 11 (0.8%) Native Hawaiian or Other Pacific Islander, 13 (0.9%) American Indian or Alaskan Native, and 98 (6.9%) Multiple Races. 283 (19.8%) individuals identified as Hispanic/Latino regardless of race.

Out of 1192 adults or heads of household, 405 (34.0%) indicated a prior residence of Emergency Shelter, the streets, or Safe Haven. Of these clients, 147 (12.3%) reported no previous episodes of homelessness within the last three years. 44 (3.7%), 39 (3.3%), and 56 (4.7%) reported that they had been homeless 2, 3, or 4+ times (respectively) during the same time frame. 120 (10.1%) did not report on this data element.

For the adults or heads of household who were in program a year or more and received an annual assessment (89), 45 (50.6%) saw an increase in income (cash and cash benefits) between admission and the most recent update, while 27 (30.3%) saw no change in income that was initially higher than zero^{iv}.

The total number of individuals discharged during the quarter was 329, which included 203 adults and 126 children. 144 (43.8%) were discharged to a permanent destination. Income for 27 (13.3%) clients over 18 rose between admission and discharge, while 150 (73.9%) maintained stable income of greater than zero.

Special Needs – HUD and HHS Funded Programs Only

52.4% of adults (406/775) and 9.7% of children (36/372) in HUD or HHS funded programs self-reported at least one physical, emotional, or other health condition *regardless of whether the condition had become serious enough to be disabling*. Among those reporting

multiple conditions, the most significant comorbidity was Mental Health and Substance Use (92). When taking severity of condition into account, 251 adults reported conditions that met the criteria to be considered a disability.

Sub-Populations – All Programs

61 (7.9%) individuals over 18 met the criteria for chronic homelessness at the time of project entry.^v 1 out of every 13.4 adults receiving services this quarter was a veteran (7.5%). Out of the 58 veterans served, 33 (56.9%) reported a disabling condition and 9 (15.5%) met the criteria for chronic homelessness at admission.

Data quality and completeness play a major role in ensuring that the System Performance Measures accurately reflect the work being done within the CoC. CARES routinely tracks the health of HMIS data and this information may be found at www.caresny.org.

ⁱ Data breakdowns for subsequent categories may total less than this number due to differences in data reporting across funders, as well as data completeness. Information on **reporting methodology** and on **data completeness**, may be found at www.caresny.org

ⁱⁱ For the purposes of this report, any RRH enrollments are considered residential. Persons are counted in Residential **and** in Supportive Services Only if served by both types of services during the quarter.

ⁱⁱⁱ Data based on current age and household composition, which may differ from information reported at admission

^{iv} This measure includes individuals across all project types

^v Please note that HMIS began using HUD's new definition of chronic homelessness effective 10/1/2015 and all individuals in program on or after that date are measured using this new definition, even if their program start date was prior to the change in definition taking effect.

Projects Included in Report
