

I have received 232 signed user agreements as of right now (11:53 am on 3/7). WOW! Thank you! That being said, I am still *missing* 188 signed user agreements. I have to take my daughter and 3, THREE of her friends dress shopping for Prom on Saturday, please don't make me have to deactivate log ins too. That's a lot for a Saturday. If you haven't done so yet click [HERE](#) to be directed to our training page where you will find both the training video and blank user agreement to sign and return. All users who do not submit the required documentation by 5:00 pm on Friday will have their log in deactivated on Saturday morning. Log ins will not be reactivated until all required paperwork has been submitted.

Monthly Data Quality and Completeness

The monthly data quality and completeness reports have been posted to our website! Click [here](#) to find your community's report

HMIS New User Training

Please contact Bill Robson wrobson@caresny.org to schedule New User training if watching the online videos doesn't work for you. He is available for in person and online training.

HUD is Cosponsoring NHSDC

It's been many years since HUD sponsored an HMIS conference and the National Human Services Data Consortium (NHSDC) has filled that role unofficially for a long time. This year, NHSDC and the HUD SNAPS Office will be co-hosting the 3 day Spring Conference featuring tracks of HUD content in the morning and NHSDC sessions in the afternoon. The conference is HUD approved and communities may use HUD funds to attend the conference. Registration is now open and details can be found at www.nhsc.org
