[i] Data breakdowns may total less than this number due to differences in data collection requirements across funders, as well as data completeness. Information on reporting methodology and on data completeness may be found at www.caresny.org/.

[ii] For this report, all Permanent Housing (Housing Only, Housing with Services, Permanent Supportive Housing, and Rapid Re-Housing) and Transitional Housing are residential; Street Outreach, Homelessness Prevention, Day Shelter, and Services Only Program enrollments are Supportive Services.

[iii] "Persons Served" totals only: if an individual client is served by **BOTH** Residential and Supportive Services within the same report period, the client is counted once in **EACH** total; therefore, adding these together may equal more than the total unduplicated number of persons served. Only new enrollments for the quarter are included for Supportive Services.

[iv] Data based on **current** age and household composition, which may differ from information reported at admission.

[v] For this report, all clients self-identifying with more than one race are counted within the "Multiple Races" category.

[vi] HUD collects Ethnicity information under the rationale: "To indicate clients who do and do not identify themselves as Hispanic or Latino."

[vii] Using HUD's definition of chronic homelessness.

[viii] Using HUD's definition of a disabling condition.
