2A. Project Detail

1a. CoC Number and Name: NY-511 - Binghamton, Union Town/Broome, Otsego, Chenango, Delaware, Cortland, Tioga Counties CoC

1b. Collaborative Applicant Name: Coalition for the Homeless of the Southern of NY INC.

2. Project Name: NY-511 Planning Project Application FY2019

3. Component Type: CoC Planning Project Application

2B. Project Description

1. Provide a description that addresses the entire scope of the proposed project and how the Collaborative Applicant will use grant funds to comply with the provisions of 24 CFR 578.7.

Funding through this project will be used to coordinate the implementation of a housing and service system to prevent and end homelessness within the NY-511 CoC. Proposed planning activities fall within four categories: 1) coordination; 2) project evaluation, monitoring and CoC compliance; 3) professional development and training; and 4) CoC application development. Coordination activities will focus on engaging systems partners, specifically stakeholders from the foster care, criminal justice, health, and mental and behavioral health to prevent discharges into homelessness. Activities focused on project evaluation, monitoring, and CoC compliance will include the review/realignment of CoC program performance targets, analysis of system performance measures, and review of written standards to ensure a systemic response to homelessness. Grant funds will be used to allow staff to work directly with the NOFA and HMIS/CES Committees to monitor and evaluate CoC and ESG programs and provide technical assistance, ensuring each program is meeting community determined outcomes as noted with the developed Strategic Plan. Planning staff will also review and monitor system performance measures to determine progress in meeting community homelessness needs and will coordinate and oversee submission of the annual PIT and HIC reports. Specific CoC compliance activities will include staff coordination with the CoC to ensure the coordinated entry (CE) system is operating within the parameters of the CE policy and procedure manual which follows the HUD developed guidelines and notices. Additional compliance activities will include facilitating CoC Board selection, scheduling and facilitating Board meetings, ensuring public invitations for CoC Membership meetings, encouraging representation at the Board, Membership and Committee levels that reflect the community served, and supporting the Governance Committee in the annual review of CoC By-Laws. Under the third category, professional training and development, staff will continue to plan and host trainings and workshops on topics such as addressing racial inequity in homelessness, Housing First, Trauma-Informed Care, landlord engagement and safety planning for survivors of domestic violence. Within activities under the fourth category, CoC application development, planning funds will be used to coordinate and submit the annual CoC application. Staff will ensure completion of the consolidated application; will work with the NOFA Committee to establish annual priorities for funding projects; and will work with community stakeholders to ensure a collaborative process for developing, approving, and submitting project applications.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

The proposed schedule, management plan, and method for assuring effective and timely completion of work is based on the current successful structure. The

goal of the project is to ensure the CoC is compliant with regulations and is steadily on the path to ending homelessness. Activities focused on implementing the strategic plan will begin immediately and will continue throughout the grant, as this is a key activity in coordinating the implementation of a housing and service system that will prevent and end homelessness within the CoC. In FY19 activities focused on compliance will occur on a monthly basis and will include review of system performance data, APRs and agency-to-agency monitoring. Activities focused on professional development and trainings will begin immediately and will continue throughout the grant. Activities focused on preparing the application for CoC funds will begin immediately but will mainly occur during the time period directly after the NOFA is released. The management plan in place will ensure timely start/continuation of the project if awarded. All proposed activities are overseen by the CoC Unit Director who reports to CARES Executive Director and the CoC Board of Directors. Proposed funding will support a portion of seven staff positions (1.25 FTE) in order to complete the proposed activities. These positions will be dedicated to community outreach and strategic planning, monitoring and compliance, system performance and coordinated entry. The management plan will include regular oversight of documented proposed activities by the Board. Planning staff will report monthly at Board Meetings on progress. In order to ensure accountability, the Collaborative Applicant's Scope of Work is reviewed annually, documenting anticipated activities and is available to full membership on CARES' website. In addition, the Unit Director will report annually to the CoC Board of Directors detailing completed activities as well as updating the community on upcoming activities; which will also be posted on the website. This reporting will ensure effective and timely completion of all work.

3. How will the requested funds improve or maintain the CoC's ability to evaluate the outcome of CoC and ESG projects?

Requested funds will improve the CoC's ability to evaluate outcomes of CoC and ESG projects by allowing planning staff to continue to work collaboratively with the NOFA Committee and the City of Binghamton. In FY19 project funding will allow staff to implement and facilitate the monitoring and evaluation process. In FY19 project evaluation will involve four main components: Annual Performance Report (APR) Reviews, Data Memos, Agency-to-Agency Technical Assistance Reviews, and review of program impact on System Performance. Project evaluation will require programs to annually submit APRs for review to Planning staff and the HMIS Committee at least 60 days prior to submitting the APR to HUD to ensure data quality. In terms of Data Memos, staff will create Data Memos summarizing any issues related to HMIS Data Quality and Systems Performance, including data completeness, length of stay, successful destinations, housing stability, and client income development. Staff will provide technical assistance to projects utilizing the Data Memos in coordination with the NOFA Committee to ensure corrective action as necessary. In addition, in FY19 project operations will be evaluated annually via agency-to-agency monitoring. NOFA Committee members and Planning staff will monitor important project areas such as, equal access to housing regardless of gender identity, housing quality standards, financial management, and homeless status and disability documentation. Planning staff will draft a report on behalf of the NOFA Committee and develop a Corrective Action Plan if necessary. All reports are available to the Board for review. Planning staff

4. How will the planning activities continue beyond the expiration of HUD financial assistance?

The community is hopeful that after three years of direct funding for the NY-511 Planning project that HUD recognizes the value of continuing to fund this important project. However, if HUD financial assistance would expire, the CoC would utilize the cooperative relationships that have been established and request private and public funds in order to support the continued advancement of a well-developed, defined, and organized Continuum. Entities that could be approached are local philanthropic foundations, local financial institutions, and local and county government. All of these entities have been involved in Coalition work, including the strategic planning process, and are aware of the importance of continued systems planning and evaluation in order to end homelessness.
