

Before Starting the Project Listings for the CoC Priority Listing

The FY 2019 CoC Consolidated Application requires TWO submissions. Both this Project Priority Listing AND the CoC Application MUST be submitted prior to the CoC Program Competition deadline as required by the FY 2019 CoC Program Competition NOFA.

The FY 2019 CoC Priority Listing includes the following:

- Reallocation forms – must be completed if the CoC is reallocating eligible renewal projects to create new projects as described in the FY 2019 CoC Program Competition NOFA.
- New Project Listing – lists all new project applications created through reallocation, the CoC Bonus, and DV Bonus that have been approved and ranked or rejected by the CoC.
- Renewal Project Listing – lists all eligible renewal project applications that have been approved and ranked or rejected by the CoC.
- UFA Costs Project Listing – applicable and only visible for Collaborative Applicants that were designated as a Unified Funding Agency (UFA) during the FY 2019 CoC Program Registration process. Only 1 UFA Costs project application is permitted and can only be submitted by the Collaborative Applicant.
- CoC Planning Project Listing – Only 1 CoC planning project is permitted per CoC and can only be submitted by the Collaborative Applicant.
- YHDP Project Listing – lists the eligible YHDP renewal project for the CoC that must be approved and ranked or rejected by the CoC.
- HUD-2991, Certification of Consistency with the Consolidated Plan – Collaborative Applicants must attach an accurately completed, signed, and dated HUD-2991.

Things to Remember:

- All new, renewal, and YHDP projects must be approved and ranked or rejected on the Project Listings.
- Collaborative Applicants are responsible for ensuring all project applications are accurately appearing on the Project Listings and there are no project applications missing from one or more Project Listings.
- If a project application(s) is rejected by the CoC, the Collaborative Applicant must notify the project applicant(s) no later than 15 days before the CoC Program Competition application deadline outside of e-snaps and include the reason for rejection.
- For each project application rejected by the CoC the Collaborative Applicant must select the reason for the rejection from the dropdown provided.
- If the Collaborative Applicant needs to amend a project application for any reason after ranking has been completed, the ranking of other projects will not be affected; however, the Collaborative Applicant MUST ensure the amended project is returned to the applicable Project Listing AND re-rank the project application BEFORE submitting the CoC Priority Listing to HUD in e-snaps.

3. CSC DV Bonus RRH Project (2019) (Expansion)

Program Description: The Center is requesting \$117,533 to expand its current Rapid Rehousing project and provide housing for additional domestic violence victims who are residing in the Center's emergency residential shelter. Under the proposed project, the Center will provide a minimum of three additional permanent housing units to 3 homeless families (3 adults and 6 children) who are victims of domestic violence (DV) for the duration of a full 12 month period. This project receives referrals directly from the Center's emergency residential shelter, where victims and their children can safely flee from their abusers and regain their independence. The Center's emergency residential shelter works closely with the community's Coordinated Entry System by accepting referrals from outside agencies working with DV victims, and works to ensure eligible clients are quickly moved into available permanent housing units and are prioritized based on their vulnerability. This project will operate under the "Housing First" model, in which clients will not be screened out based on income, active or history of substance abuse, criminal background, or having history of DV. In addition, clients will not be terminated from the program if they fail to participate in supportive services, fail to make progress on a service plan, lose or fail to improve income, are victims of DV, or engage in activities not outlined in the lease agreement.

4. DSS Bonus RRH program (2019) (Expansion)

Program Description: The Dept of Social Services (DSS) is requesting funding to expand its RRH to include a required employment component. Currently, DSS administers/operates a RRH & PSH Program. The majority of head of household participants are disabled and unable to work due to physical/mental impairments, substance abuse issues, or developmental delays. The purpose of the Bonus RRH program is to encourage potential program participants to advance educational and career opportunities, expand technical skills, and increase employability. The DSS-RRH Bonus program would address many of these factors by providing supportive services and rental assistance to program participants for up to twenty-four months. The new program will create an additional two two-bedroom and one one-bedroom units for employable single or family households, who are either homeless or at risk of homelessness. Potential participants will be screened and prioritized using the Coordinated Entry (CE) system. DSS staff will provide educational and employment services to assist participants in meeting the specific employment goals with the objective of becoming financially self-sufficient and able to stay stably housed at the end of the two-year program.

3. CSC DV Bonus RRH Project (2019) (Expansion)

Under the proposed project, the Center will provide a minimum of three additional permanent housing units to 3 homeless families (3 adults and 6 children) who are victims of domestic violence (DV) for the duration of a full 12 month period. This project receives referrals directly from the Center's emergency residential shelter, where victims and their children can safely flee from their abusers and regain their independence. The Center's emergency residential shelter works closely with the community's Coordinated Entry System by accepting referrals from outside agencies working with DV victims, and works to ensure eligible clients are quickly moved into available permanent housing units and are prioritized based on their vulnerability. This project will operate under the "Housing First" model, in which clients will not be screened out based on income, active or history of substance abuse, criminal background, or having history of DV. In addition, clients will not be terminated from the program if they fail to participate in supportive services, fail to make progress on a service plan, lose or fail to improve income, are victims of DV, or engage in activities not outlined in the lease agreement.

4. DSS Bonus RRH program (2019) (Expansion)

The majority of head of household participants are disabled and unable to work due to physical/mental impairments, substance abuse issues, or developmental delays. The purpose of the Bonus RRH program is to encourage potential program participants to advance educational and career opportunities, expand technical skills, and increase employability. The DSS-RRH Bonus program would address many of these factors by providing supportive services and rental assistance to program participants for up to twenty-four months. The new program will create an additional two two-bedroom and one one-bedroom units for employable single or family households, who are either homeless or at risk of homelessness. Potential participants will be screened and prioritized using the Coordinated Entry (CE) system. DSS staff will provide educational and employment services to assist participants in meeting the specific employment goals with the objective of becoming financially self-sufficient and able to stay stably housed at the end of the two-year program.

3. CSC DV Bonus RRH Project (2019) (Expansion)

Program Description: The Center is requesting \$117,533 to expand its current Rapid Rehousing project and provide housing for additional domestic violence victims who are residing in the Center's emergency residential shelter. Under the proposed project, the Center will provide a minimum of three additional permanent housing units to 3 homeless families (3 adults and 6 children) who are victims of domestic violence (DV) for the duration of a full 12 month period. This project receives referrals directly from the Center's emergency residential shelter, where victims and their children can safely flee from their abusers and regain their independence. The Center's emergency residential shelter works closely with the community's Coordinated Entry System by accepting referrals from outside agencies working with DV victims, and works to ensure eligible clients are quickly moved into available permanent housing units and are prioritized based on their vulnerability. This project will operate under the "Housing First" model, in which clients will not be screened out based on income, active or history of substance abuse, criminal background, or having history of DV. In addition, clients will not be terminated from the program if they fail to participate in supportive services, fail to make progress on a service plan, lose or fail to improve income, are victims of DV, or engage in activities not outlined in the lease agreement.

4. DSS Bonus RRH program (2019) (Expansion)

Program Description: The Dept of Social Services (DSS) is requesting funding to expand its RRH to include a required employment component. Currently, DSS administers/operates a RRH & PSH Program. The majority of head of household participants are disabled and unable to work due to physical/mental impairments, substance abuse issues, or developmental delays. The purpose of the Bonus RRH program is to encourage potential program participants to advance educational and career opportunities, expand technical skills, and increase employability. The DSS-RRH Bonus program would address many of these factors by providing supportive services and rental assistance to program participants for up to twenty-four months. The new program will create an additional two two-bedroom and one one-bedroom units for employable single or family households, who are either homeless or at risk of homelessness. Potential participants will be screened and prioritized using the Coordinated Entry (CE) system. DSS staff will provide educational and employment services to assist participants in meeting the specific employment goals with the objective of becoming financially self-sufficient and able to stay stably housed at the end of the two-year program.
