1B-1a. CoC’s Strategy to Solicit/Consider Opinions on Preventing/Ending Homelessness.

Applicants must describe how the CoC:

- 1. solicits and considers opinions from a broad array of organizations and individuals that have knowledge of homelessness, or an interest in preventing and ending homelessness;**
- 2. communicates information during public meetings or other forums the CoC uses to solicit public information;**
- 3. takes into consideration information gathered in public meetings or forums to address improvements or new approaches to preventing and ending homelessness; and**
- 4. ensures effective communication with individuals with disabilities, including the availability of accessible electronic formats, e.g., PDF. (limit 2,000 characters)**

The CoC uses specific strategies to solicit and consider opinions from a broad array of orgs & individuals with knowledge of/interest in preventing and ending homelessness. Input is solicited from knowledgeable stakeholders (e.g. those with lived experience, housing providers, health/mental & behavioral health providers, law enforcement, faith-based orgs, gov’t agencies). Strategies to solicit opinions include peer-to-peer community outreach, web-based forums (e.g. interactive webinars, email listservs), and annual interviews with current program clients. Information is shared and opinions gathered year-round through direct community interaction (e.g. CoC Membership meetings held =four times/year). The Collaborative Applicant (CA) leads an in-person workshop series developed to solicit feedback & spark dialogue among a wide range of agencies/persons on topics relevant to the community (e.g, confronting discrimination; youth homelessness; sex offender housing) which reaches interested parties across the community through live web-streaming/archived

video. Info gathered in public forums are considered by the CoC to develop new approaches to prevent/end homelessness (e.g. forming the Systems Committee to methodically engage health/criminal justice/foster care partners, a result of opinions expressed during public forums for the CoC's strategic planning). Minutes taken at every public meeting provide the CoC Board with opinions/topics to consider how further work may be assigned to one of five standing committees. Committees update the Board on findings and suggested next steps; all developments are shared during full Membership meetings. The CA ensures effective communication with all individuals across the CoC, including those with disabilities, by sharing important information (e.g. meeting dates, agendas, minutes) on their website that is responsive to screen-reader software (e.g. accessibility tags to PDF documents) and by sharing information via email listservs.

1B-2. Open Invitation for New Members.

Applicants must describe:

- 1. the invitation process;**
 - 2. how the CoC communicates the invitation process to solicit new members;**
 - 3. how the CoC ensures effective communication with individuals with disabilities, including the availability of accessible electronic formats;**
 - 4. how often the CoC solicits new members; and**
 - 5. any special outreach the CoC conducted to ensure persons experiencing homelessness or formerly homeless persons are encouraged to join the CoC.**
- (limit 2,000 characters)**

The formal CoC invitation process for new members is transparent, occurs on an annual basis, and requires interested parties to complete a New Member Application. The CoC communicates the invitation process to solicit new members via the CoC's website and listservs, announcements at full Membership meetings, as well as phone and in-person conversations with important systems partners focusing on the benefits and responsibilities of CoC membership. The CA ensures effective communication with individuals with disabilities by sharing invitations and applications in a variety of accessible electronic formats, including the CoC webpage, which is responsive to screen-reader software (e.g. accessibility tags to PDF documents) and email listservs. Though the CoC solicits new members annually, the Membership Application is posted year-round on the CoC's website and applications are accepted on a rolling basis. The CoC conducts special outreach to ensure persons experiencing homelessness or formerly homeless persons are encouraged to join the CoC. Special outreach is ongoing and conducted by members of the CoC Board, Governance, Systems Collaboration and Consumer Advisory Committee, and the Capital Region Advisory Committee on Youth Homelessness. Specifically, the Consumer Advisory Committee annually interviews current clients of major providers; interviewees are then invited to participate in the CoC on an ongoing basis by joining Membership. In addition, the Capital Region Advisory Committee on Youth Homelessness has identified and engaged youth with lived experience to actively participate on the Committee. Other targeted outreach focuses on non-traditional systems partners (e.g., affordable housing providers, hospitals, managed health care organizations, education and higher education institutions, employment

agencies and employers), and is led by the Systems Committee.

1B-3. Public Notification for Proposals from Organizations Not Previously Funded.

Applicants must describe:

- 1. how the CoC notifies the public that it is accepting project application proposals, and that it is open to and will consider applications from organizations that have not previously received CoC Program funding, as well as the method in which proposals should be submitted;**
- 2. the process the CoC uses to determine whether the project application will be included in the FY 2019 CoC Program Competition process;**
- 3. the date(s) the CoC publicly announced it was open to proposal;**
- 4. how the CoC ensures effective communication with individuals with disabilities, including the availability of accessible electronic formats; and**
- 5. if the CoC does not accept proposals from organizations that have not previously received CoC Program funding or did not announce it was open to proposals from non-CoC Program funded organizations, the applicant must state this fact in the response and provide the reason the CoC does not accept proposals from organizations that have not previously received CoC Program funding.**
(limit 2,000 characters)

The CoC notified the public about accepting project application proposals, including those from non-CoC funded organizations via a listserv email announcement and public posting on the CoC's website on 7/17/19. A new project training webinar was posted on the CA website on 7/19/19 and remained throughout the application period. On 7/25, an invitation via email explicitly invited non-CoC funded organizations, community stakeholders and the general public to participate in an in-depth discussion (in-person and remotely via webinar) about CoC funding opportunities available this year on 7/31/19. The invitation specifically referenced 'a particular focus on organizations not previously receiving CoC-funding'. All communications made clear that proposals must be submitted via email to the CA using the New Project and/or DV Bonus Project Application posted on the CA website. The 7/31/19 workshop/webinar detailed the application process, including eligibility, and ensured all parties understood the method for submitting proposals. Experienced CA staff were also readily available throughout the process to field any questions from the public. The CoC determines whether project/s will be included in the listing using a CoC-created and approved review and ranking process that includes criteria to score all new projects based on local community need and HUD best practices, such as the agency's experience administering projects that serve underserved populations; ability of the project to meet stated CoC goals; extent to which a project would meet HUD priorities; program type; and agency fiscal capacity. Membership reviews all projects within the Priority Listing and provides final approval for all new projects. The CA ensured effective communication with individuals with disabilities by posting content and documents on its website that is responsive to screen-reader software (ie: accessibility tags to PDF documents).

Public Housing Agency Name	% New Admissions into Public Housing and Housing Choice Voucher Program during FY 2018 who were experiencing homelessness at entry	PHA has General or Limited Homeless Preference	PHA has a Preference for current PSH program participants no longer needing intensive supportive services, e.g., Moving On

1C-4a. PHAs’ Written Policies on Homeless Admission Preferences.

Applicants must:
 1. provide the steps the CoC has taken, with the two largest PHAs within the CoC’s geographic area or the two PHAs the CoC has working relationships with, to adopt a homeless admission preference—if the CoC only has one PHA within its geographic area, applicants may respond for one; or

 (limit 2,000 characters)

1C-4b. Moving On Strategy with Affordable Housing Providers.

Yes

If “Yes” is selected above, describe the type of provider, for example, multifamily assisted housing owners, PHAs, Low Income Tax Credit (LIHTC) developments, or local low-income housing programs.

(limit 1,000 characters)

The CoC has a Move On Strategy with affordable housing providers. Specifically, the CoC partners with Albany Housing Authority (AHA) to transition households in permanent housing (PH) who no longer require and/or request intensive services to a unit subsidized by AHA. The Move On Strategy ensures persons moving on 1) have demonstrated the ability to stably maintain housing, 2) will meet screening criteria, and 3) understand the decision to move on is voluntary. AHA, in kind, has a preference in place for households moving on from PH. The CoC's Move On Strategy recommends PH providers provide pre-transition and aftercare services. The CoC will continue to use the success of the current Move On model with AHA to encourage other low-income housing programs to participate (DePaul Services, Housing Visions, Beacon Communities, and Winn Companies). The CoC will also be creating a standardized assessment for moving on, prioritizing those most likely to succeed.

1C-5. Protecting Against Discrimination.

Applicants must describe the actions the CoC has taken to address all forms of discrimination, such as discrimination based on any protected classes under the Fair Housing Act and 24 CFR 5.105(a)(2) – Equal Access to HUD-Assisted or -Insured Housing.

(limit 2,000 characters)

The CoC has taken several actions to address all forms of discrimination in housing, including: enhancing the CoC antidiscrimination policy based on best practices, conducting an antidiscrimination training, and monitoring ESG and CoC funded programs for compliance. The CoC edited and enhanced the CoC wide antidiscrimination policy (documented within the attached Written Standards) that ensures all community programs (CoC and ESG) provide equal access to housing regardless of race, color, national origin, religion, sex, familial status, disability, or gender identity, per the Fair Housing Act and 24 CFR 5.105(a)(2). Specific additions to the policy include referencing all NYS and Federal antidiscrimination statutes; committing to affirmatively marketing housing/services to those least likely to apply; serving individuals with disabilities in the most integrated settings; and requiring each CoC and ESG funded program have their own antidiscrimination policy, publicly post adherence, and annually participate in mandatory trainings. Additionally, the CoC conducts annual trainings for providers on how to effectively address discrimination based on protected classes under the Fair Housing Act and 24 CFR 5.105(a)(2). This year's training, held on 6.6.19, included how to implement the final Equal Access to Housing rules, and reiterated (1) housing must be made available without regard to actual or perceived sexual orientation, gender identity, or marital status (2) how agencies can assess their programs for compliance and (3) tools for better implementing equal access. In addition, the Operations Committee incorporated an antidiscrimination policy review into the CoC monitoring process, ensuring each funded agency has a program policy addressing Fair Housing and equal access. If a program is found to not have an antidiscrimination policy, the Operations Committee works to provide language and follow-up within 3 months to ensure a policy has been implemented.

***1C-5a. Anti-Discrimination Policy and Training.**

Applicants must indicate whether the CoC implemented an anti-discrimination policy and conduct training:

1. Did the CoC implement a CoC-wide anti-discrimination policy that applies to all projects regardless of funding source?	Yes

3. Did the CoC conduct annual training on how to effectively address discrimination based on any protected class under 24 CFR 5.105(a)(2) – Equal Access to HUD-Assisted or -Insured Housing?	Yes

1C-7. Centralized or Coordinated Assessment System. Attachment Required.

Applicants must:

- 1. demonstrate the coordinated entry system covers the entire CoC geographic area;**
- 2. demonstrate the coordinated entry system reaches people who are least likely to apply for homelessness assistance in the absence of special outreach; and**
- 3. demonstrate the assessment process prioritizes people most in need of assistance and ensures they receive assistance in a timely manner.**

(limit 2,000 characters)

The Coordinated Entry System (CE) is a No Wrong Door system reaching homeless households within the entire CoC geographic area of Albany County. The breadth of the system is captured by the CE waitlist, which documents client location at intake. The CoC has targeted outreach for populations least likely to seek assistance outlined in the CE Policies & Procedures Manual, including a policy addressing the needs of individuals/families who are fleeing domestic violence, dating violence, sexual assault, or stalking, but are seeking shelter/services from non-victim specific providers. The CE Marketing Plan also documents how the CE system reaches homeless individuals and families least likely to access homelessness assistance in the absence of special outreach. This is demonstrated by the outreach practices conducted by street outreach teams from the Homeless Action Committee, St. Catherine's Center and the drop-in center. These practices include regular street canvassing, developing one-on-one relationships to build trust and utilizing peer referrals. Through technical assistance with ABT/Cloudburst, the CoC updated their CE process to ensure consistency with the requirements of 24 CFR and CPD-17-01, ensuring prioritization of people most in need of assistance and that assistance is received in a timely manner. The attached Standard Assessment tool demonstrates the CoC's compliance with these HUD requirements. The assessment process prioritizes people most in need of assistance by using a vulnerability score (which includes chronicity of homelessness, disability and previous involvement with the law). Participant prioritization is demonstrated by reviewing the master community list. Case management discussion occurs bi-weekly at CE meetings, ensuring appropriate and timely placement. Agency representatives discuss clients' special circumstances, history of homelessness, vulnerability score and the most appropriate housing options.

1E-3. Project Review and Ranking–Severity of Needs and Vulnerabilities.

FY2019 CoC Application	Page 14	09/05/2019
------------------------	---------	------------

Applicants must describe:
1. the specific severity of needs and vulnerabilities the CoC considered when reviewing and ranking projects; and
2. how the CoC takes severity of needs and vulnerabilities into account when reviewing and ranking projects.
(limit 2,000 characters)

The CoC considered the following severity of needs and vulnerabilities when reviewing and ranking projects: Chronic Homelessness, veteran status, history of domestic violence, and mental illness. Other vulnerable populations considered include those with little/no income, current/past substance abuse disorders, those with history in the criminal justice system, and LGBTQ. The CoC takes the above noted severity of needs and vulnerabilities into account in three ways when reviewing and ranking projects: 1) quantitative questions/objective criteria in Part I of the Rank & Review Tool; 2) qualitative information in Part II; and 3) additional data via interviews. Attachment 1E-1: Summary of Selection Criteria for Review and Ranking of CoC Projects provides documentation of these three practices. The CoC ensures that projects providing housing and services to the before mentioned hardest to serve populations receive additional points in Part II of the Rank & Review Tool, with the understanding that such programs often yield lower scores in terms of system performance; yet are essential to meeting the needs of the CoC's most vulnerable. The Tool also applies points to projects adhering to the Housing First approach; ensuring the most vulnerable are not screened out. Through discussion during interviews, projects have the opportunity to explain unique client needs/vulnerabilities (e.g., language barriers, mental health illness) and their impact on project performance. This year the CoC drafted specific questions included in Part II of the Tool for 1) DV providers to explain situations considered positive housing outcomes which do not meet HUD's traditional definitions; and 2) Dedicated Youth providers to explain the unique struggles youth face in increasing income; both allowed for additional points. The CoC considers severity of needs and vulnerabilities each year to ensure effective prioritization and allocation of resources to meet the needs of the hardest to serve.

2. how the changes affected the CoC’s sheltered PIT count results; or

3. state “Not Applicable” if there were no changes.

(limit 2,000 characters)

Decrease from 800 to 716.

From 2018 to 2019 the CoC implemented data quality actions to improve the validity of the sheltered PIT count; no methodology changes were made. The data quality changes included 1) tailored technical assistance with non-HMIS providers (i.e. Department of Social Services and DV providers) and 2) improved HMIS training with participating HMIS agencies. These data quality activities improved the validity of the count and played a role in confirming a reduction in shelter stays on the night of the count, from 800 in FY18 to 716 in

FY19. Specifically, tailored technical assistance with non-HMIS agencies improved data quality by confirming numbers submitted. The CoC has strengthened relationships with non-HMIS agencies through their participation in Coordinated Entry, allowing for better collaboration during the PIT Count. Specifically, the CE Lead and Collaborative Applicant worked with agencies who provide Code Blue (extreme weather) services, faith-based shelters, Department of Social Services (DSS), and DV shelters. Training focused on understanding 100% data completeness for this vulnerable population, though important, is not necessary when reporting for the PIT count. Similarly, improved data quality training with HMIS-participating agencies supported improved data collection and timely data submission. The Collaborative Applicant, in coordination with the HMIS Lead, organized and analyzed PIT data reports from the HMIS, focusing on data quality and completeness, and had one-on-one phone calls with each provider to ensure timely data entry and data accuracy. Review of intake dates noted within HMIS ensured a proper count of those utilizing shelter services on the night of the count. This review and subsequent data correction by agencies resulted in a more accurate census count.

***2B-4. Sheltered PIT Count—Changes Due to Presidentially-declared Disaster.**

Applicants must select whether the CoC added or removed emergency shelter, transitional housing, or Safe-Haven inventory because of funding specific to a Presidentially-declared disaster, resulting in a change to the CoC’s 2019 sheltered PIT count. No

***3A-1. First Time Homeless as Reported in HDX.**

Applicants must:

Report the Number of First Time Homeless as Reported in HDX.	1,756

3A-1a. First Time Homeless Risk Factors.

Applicants must:

- 1. describe the process the CoC developed to identify risk factors the CoC uses to identify persons becoming homeless for the first time;**
- 2. describe the CoC's strategy to address individuals and families at risk of becoming homeless; and**
- 3. provide the name of the organization or position title that is responsible for overseeing the CoC's strategy to reduce the number of individuals and families experiencing homelessness for the first time. (limit 2,000 characters)**

The CoC's process to identify risk factors to identify persons becoming homeless for the first time includes coordinated data analysis and community discussion. Specifically, the Operations Committee, in coordination with the HMIS Lead, is now responsible for reviewing HMIS data to identify and consider characteristics of those who are first time homeless. The Operations Committee will be considering demographic information, documented cause of homelessness and disabling condition. The Committee has also led community conversation on causes of first-time homelessness based on discussion with and survey results from local prevention providers. This qualitative information will supplement HMIS data to create a holistic picture on local causes of first-

time homelessness. The CoC has developed three strategies to address households at risk of becoming homeless for the first time. One strategy is to educate community providers who serve vulnerable populations (i.e. prevention providers, food pantries, health clinics) about risk factors and referral protocol. A second strategy to address persons at risk is to target prevention funding and services earlier within a household's housing crisis. Early intervention will more effectively utilize prevention dollars to successfully prevent homelessness. The third strategy is to increase the amount of prevention funding available in the community. Prevention funding and services are essential to ensure households remain housed; increased funding will allow a greater number of households to be served. The CoC is utilizing information provided through a survey of prevention providers and is reviewing Albany County eviction data to build a case for additional state, local, and private prevention funding. The Operations Committee, which reports to the CoC Board oversees these strategies to reduce and end the number of persons experiencing homelessness for the first time.

***3A-2. Length of Time Homeless as Reported in HDX.**

Applicants must:

Report Average Length of Time Individuals and Persons in Families Remained Homeless as Reported in HDX.	65

3A-2a. Strategy to Reduce Length of Time Homeless.

Applicants must:

- 1. describe the CoC's strategy to reduce the length of time individuals and persons in families remain homeless;**
 - 2. describe how the CoC identifies and houses individuals and persons in families with the longest lengths of time homeless; and**
 - 3. provide the name of the organization or position title that is responsible for overseeing the CoC's strategy to reduce the length of time individuals and families remain homeless.**
- (limit 2,000 characters)**

The CoC's strategy to reduce the LOT persons remain homeless is three-fold: 1) increase the amount of appropriate housing available 2) ensure CoC and program policies reduce barriers to housing 3) rapidly coordinate housing opportunities through the Coordinated Entry (CE) system. To increase the amount of appropriate housing available the CoC advocates for the increase of permanent housing. For example, the CoC was awarded bonus funding for RRH in 2018 (additional 78 households), and as UFA, was able to redirect funds to a RRH program serving those with long LOT homeless. The CoC has supported an increase in PSH resources, such as through supporting Albany Housing Authority's application for HUD's Mainstream Vouchers; and implementing its Move On Strategy to ensure PSH units are available for the most vulnerable. To implement policies to reduce barriers to housing, the CoC encourages Housing First policies within all programs by prioritizing Housing First projects through the Rank and Review process. The CE system works to reduce LOT homeless by including LOT as a prioritizing criterion within the CE's prioritization process. The CoC also engages non-CoC funded housing

providers (i.e. OMH housing) to increase the amount of appropriate housing available to those coming through CE. Together, these strategies result in an increase in immediate housing opportunities for those who are homeless and have successfully lowered the average LOT homeless in the community. The CoC identifies, prioritizes and houses individuals and persons in families with the longest LOT homeless through the CE system. During the bi-weekly CE case conferencing meetings, outreach, ES, and PH staff discuss barriers to housing households who have remained homeless the longest. The CE Committee develops creative/alternative solutions to finding the most immediate/appropriate housing for these households. The Operations and Systems Committees, which report to the CoC Board, oversee these strategies.

***3A-3. Successful Permanent Housing Placement and Retention as Reported in HDX.**

Applicants must:

	Percentage
1. Report the percentage of individuals and persons in families in emergency shelter, safe havens, transitional housing, and rapid rehousing that exit to permanent housing destinations as reported in HDX.	43%
2. Report the percentage of individuals and persons in families in permanent housing projects, other than rapid rehousing, that retain their permanent housing or exit to permanent housing destinations as reported in HDX.	95%

3A-3a. Exits to Permanent Housing Destinations/Retention of Permanent Housing.

Applicants must:

1. describe the CoC’s strategy to increase the rate at which individuals and persons in families in emergency shelter, safe havens, transitional housing and rapid rehousing exit to permanent housing destinations;
2. provide the organization name or position title responsible for overseeing the CoC’s strategy to increase the rate at which individuals and persons in families in emergency shelter, safe havens, transitional housing and rapid rehousing exit to permanent housing destinations;
3. describe the CoC’s strategy to increase the rate at which individuals and persons in families in permanent housing projects, other than rapid rehousing, retain their permanent housing or exit to permanent housing destinations; and
4. provide the organization name or position title responsible for overseeing the CoC’s strategy to increase the rate at which individuals and persons in families in permanent housing projects, other than rapid rehousing, retain their permanent housing or exit to permanent housing destinations.
 (limit 2,000 characters)

The CoC developed strategies to increase the rate at which households in ES, TH, and RRH exit to permanent destinations, recognizing the FY18 rate of 43%, while an increase from FY17 by 6%, must be further improved. Current strategies are: 1) connect unsheltered persons and the most vulnerable in ES to RRH and PSH through an efficient and effective Coordinated Entry (CE) System 2) expand housing opportunities through CE by forging partnerships

with non-CoC-funded options, such as OMH housing (i.e. Albany County Dept. of Mental Health) and affordable housing (i.e. DePaul) 3) connect households to housing subsidies (i.e. Section 8) 4) connect households to community support services and benefits & 5) connect households to education/employment training opportunities to improve income. These strategies together ensure households are linked to affordable housing options, have necessary income to access that housing, and have support services within the community to ensure ongoing housing stability. The Coordinated Entry Committee oversees these strategies. Strategies to increase the rate at which households in PH, other than RRH, retain their permanent housing or exit to PH have been more successful with a rate of 95% in FY18. Current strategies are: 1) engage with clients to ensure they are meeting individualized goals and are stable within housing 2) implement the CoC Move On Strategy by providing pre-transition services such as living skills training, employment, and community integration supports, and strong aftercare supports to ensure a successful transition and (3) partner with affordable housing providers and cultivate relationships with local landlords to maintain an ongoing list of apartment vacancies. These strategies ensure clients in PSH programs are supported in maintaining housing, while fostering opportunities for greater housing independence within the community. The Operations & Systems Committees, which report to the Board, oversee these strategies.

1. Report the percentage of individuals and persons in families in CoC Program-funded Safe Haven, transitional housing, rapid rehousing, and permanent supportive housing projects that increased their employment income from entry to exit as reported in HDX.	46%

- 1. describe the CoC's strategy to increase employment income;**
 - 2. describe the CoC's strategy to increase access to employment;**
 - 3. describe how the CoC works with mainstream employment organizations to help individuals and families increase their cash income; and**
 - 4. provide the organization name or position title that is responsible for overseeing the CoC's strategy to increase jobs and income from employment.**
- (limit 2,000 characters)**

3A-5b. Increasing Non-employment Cash Income.

Applicants must:

- 1. describe the CoC's strategy to increase non-employment cash income;**
- 2. describe the CoC's strategy to increase access to non-employment cash sources;**
- 3. provide the organization name or position title that is responsible for overseeing the CoC's strategy to increase non-employment cash income.**

The CoC's strategy to increase non-employment cash income is fostering systems level engagement with non-employment cash income providers. Specifically, the CoC had developed systems level coordination between the local Department of Social Services (DSS) and shelter providers. DSS connects clients with necessary benefits (i.e. TANF, SNAP). Shelter and housing providers advocate on a household's behalf to access all the available non-employment cash income through DSS. This partnership between providers and DSS requires ongoing communication about any changes in DSS regulations or structure, occurring at CoC Membership and Board meetings. Such collaboration results in an increase in non-employment cash income among clients. The CoC's strategy to increase access to non-employment cash income includes promoting access to non-employment cash income providers and trainings on best practices, such as SOAR. Specifically, the CoC promotes access to income providers, such as DSS, by promoting materials that walk both providers and clients through how to access benefits at DSS, as well as clients' rights in accessing those benefits. Additionally, the DSS Commissioner sits on the CoC's Board, allowing for direct communication about any changes impacting access to DSS services. Moreover, the CoC encourages all agencies to utilize nationally recognized best practices, such as SOAR, proven to increase access to cash income. Specifically, the CoC encourages agencies during Membership meetings to access trainings hosted by the regional SOAR TA provider. By promoting an increase in attending SOAR trainings, the CoC has ensured clients throughout the community have access to SOAR trained case managers who increase access to SSI/SSDI. The Systems Committee,

which reports to the Board, oversees these strategies.

3. Unsheltered homelessness	<input checked="" type="checkbox"/>

3B-1a. Rapid Rehousing of Families with Children.

Applicants must:

- 1. describe how the CoC currently rehouses every household of families with children within 30 days of becoming homeless that addresses both housing and service needs;**
- 2. describe how the CoC addresses both housing and service needs to ensure families with children successfully maintain their housing once**

assistance ends; and
3. provide the organization name or position title responsible for overseeing the CoC’s strategy to rapidly rehouse families with children within 30 days of them becoming homeless. (limit 2,000 characters)

The CoC has incorporated a two-pronged approach to rapidly rehouse families with children within 30 days. The first approach focuses on households experiencing homelessness due to short-term financial crisis. The strategies include 1) connect households to the Dept of Social Services to access all cash and non-cash benefits (i.e. SNAP, Public Assistance) 2) ensure households complete all housing subsidy apps (i.e. PHA) 3) build relationships with local landlords to negotiate manageable and appropriate lease agreements. The second approach focuses on households who present more stringent needs (i.e. those with limited/no income, survivors of DV, youth led families, those w/a disability). The strategy to rapidly rehouse these families include 1) prioritize families for PSH/RRH utilizing a family-specific CE Tool, filled out within 72 hrs of presenting; (2) ensure a low barrier approach among housing providers; and (3) provide households with a menu of wrap-around services to address household needs (i.e. health/mental health, childcare, DV services, peer support). Similarly, the CoC has a two-pronged approach to address housing and service needs to ensure families maintain housing once assistance ends. For families with low barriers, the CoC makes referrals to community providers to ensure a system of supports that allow families to stabilize. Specific referrals include childcare, medical/mental healthcare, school-age ed programs, employment training, budgeting and financial literacy. Harder to serve families are assisted in completing action plans that establish short and long-term goals & are adjusted to mitigate risk post-assistance. The CoC also ensures a warm hand-off to ongoing housing support service programs and/or ongoing intensive case management programs, such as Health Homes (Medicaid-funded intensive case management). The Operations Committee who reports to the Board oversees these strategies.

3B-1b. Antidiscrimination Policies.

Applicants must check all that apply that describe actions the CoC is taking to ensure providers (including emergency shelter, transitional housing, and permanent housing (PSH and RRH)) within the CoC adhere to antidiscrimination policies by not denying admission to or separating any family members from other members of their family or caregivers based on any protected classes under the Fair Housing Act, and consistent with 24 CFR 5.105(a)(2) – Equal Access to HUD-Assisted or -Insured Housing.
