Here's a video update from Kelli!

SURVEY TIME!

We are looking at adding additional after hours support to our HMIS users. Please take a moment to complete [this survey](#) so we can create a response that will help you to be successful with your data entry.

A Message from Foothold Technology

Dear Foothold Customers,

I know you have received a lot of emails recently - some of them from me - so I will keep this brief.

The team at Foothold is deeply saddened by the murders of George Floyd, Ahmaud Arbery, Breonna Taylor and many other Black Americans who have been victimized by systemic racism. We, as a country, must do better.

Foothold supports agencies nationwide that serve our most vulnerable communities. Systemic, deepseated racism directly impacts the people in these communities, and it must be rooted out everywhere it exists.

For our part, we are doing a number of things internally and externally to effect necessary change:

- We have an internal Diversity, Equity, and Inclusion Team that 1) recently spearheaded changes to our hiring processes to ensure fairness and transparency, and 2) encourages open inclusive dialogue among our teams.
- In addition, we are financially supporting organizations whose values are consistent with ours and who directly help the populations our customers serve. Today we donated \$5,000 to the [Equal Justice Initiative](#), and we match 100% of our employees' charitable contributions to organizations they support. I'm also particularly proud that we have signed the [1% Pledge](#), which means that we have committed to donating 1% of our Profit back into our community at the end of each year.

Most importantly - we will continue to support you in your daily work dismantling systems of discrimination. We are truly honored to help you and stand with you.

Sincerely,
Tyler Hoffman
CEO Foothold Technology
