
NY-501 2022 POINT IN TIME AND HOUSING INVENTORY PROCESS

The CoC interim rule provides Continuums of Care abide by certain requirements. The requirement of conducting a bi-annual point in time count of homeless persons is stated below:

Section 578.7(C2) Planning for and conducting, at least biennially, a point-in-time count of homeless persons within the geographic area that meets the following requirements: (i) Homeless persons who are living in a place not designed or ordinarily used as a regular sleeping accommodation for humans must be counted as unsheltered homeless persons. (ii) Persons living in emergency shelters and transitional housing projects must be counted as sheltered homeless persons. (iii) Other requirements established by HUD by Notice.
