Introduction

The NY-608 Kingston/Ulster County CoC is required to submit the HMIS Longitudinal System Analysis (LSA) at the end of each federal fiscal year. A critical aspect of the McKinney-Vento Homeless Assistance Act, as amended, is a focus on viewing the local homeless response as a coordinated system of homeless assistance options as opposed to homeless assistance programs and funding sources that operate independently in a community. Across the country, each CoC's LSA submissions are then compiled into the Annual Homeless Assessment Report (AHAR) given to Congress. It provides nationwide estimates of homelessness, including information about the demographic characteristics of homeless persons, service use patterns, and the capacity to house homeless persons.

The NY-608 Kingston/Ulster County CoC LSA is generated from the data entered in the CARES Collaborative HMIS (CCHMIS) by the Continuum's Contributing Homeless Organizations (CHO). Because this CoC does not have 100% HMIS participation from Homeless Services Providers (other than providers that are *prohibited* from HMIS participation) this report is not 100% reflective of the community.

Reading this Report

The LSA includes the following HMIS Project Types

- Emergency Shelter (ES)
- Safe Haven (SH)
- Transitional Housing (TH)
- Rapid Re-Housing (RRH)
- Permanent Supportive Housing (PSH)

The first three groups are combined as ES, SH, TH (EST) in the LSA, leaving three main categories: EST, RRH, and PSH.

Categorization of Household Types have been included in the LSA:

- Adults Only (AO) - Include any household where all members are age 18 or older.
- Adults and Children (AC) - Include any household of at least one-person age 18 or older, and at least one person under 18.
- Children Only (CO)- Include any household where all members are age 17 or younger.

*Domestic Violence projects are prohibited by law from participation in the Homeless Management Information System (HMIS) and client level data is not included in this report. The project name for a Domestic Violence project will appear in the Projects Included in this Report table as the bed/unit inventory is recorded in HMIS. From the **HMIS Data Standards**:*

Bed and Unit Inventory Information

To record bed and unit inventory information for each residential project entering data into the HMIS, as well as any residential continuum projects not participating in HMIS, for use in tracking utilization, data quality analysis, and reporting. At a minimum, an HMIS must have an accurate record of bed and unit inventory information for all continuum residential projects.
