Hello ACCH Membership,

The American Rescue Plan (ARP) provides \$5 billion nationally to assist individuals or households who are homeless, at risk of homelessness, and other vulnerable populations. The goal is to reduce homelessness and increase housing stability across the country. Funds can be used to provide housing, rental assistance, supportive services and individual units within shelters (currently, clients in most shelters in Albany live in shared spaces).

The City of Albany through Albany Community Development Agency (ACDA) has been allocated \$3.3 million dollars through this program. CARES of NY, Inc. is working with the ACDA to develop a plan to distribute these funds.

>>> Please forward this [survey](#) to your full staff and clients as you see fit so that they may provide their opinion on how to best utilize these funds to prevent and reduce homelessness in the City of Albany! This survey will close on Thursday, May 12<sup>th</sup>, 2022. <<<

We thank you for your participation in this process. We will be hosting a public forum in early June, an invite for all will follow (we hope you can share that invite as well).

For more information on the HOME-ARP Program, please visit [CARES' website](#) and/or [HUD's website](#).

Thank you,
