

Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

1. the CoC Application,
2. the CoC Priority Listing, and
3. all the CoC's project applications that were either approved and ranked, or rejected.

As the Collaborative Applicant, you are responsible for reviewing the following:

1. The FY 2022 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
2. The FY 2022 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
3. All information provided to ensure it is correct and current.
4. Responses provided by project applicants in their Project Applications.
5. The application to ensure all documentation, including attachment are provided.

Your CoC Must Approve the Consolidated Application before You Submit It

- 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2022 CoC Program Competition on behalf of your CoC.

- 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.

Answering Multi-Part Narrative Questions

Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

Attachments

Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.

- Attachments must match the questions they are associated with—if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.

- We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

4B. Attachments Screen For All Application Questions

We have provided the following guidance to help you successfully upload attachments and get maximum points:

- | | |
|----|---|
| 1. | You must include a Document Description for each attachment you upload; if you do not, the Submission Summary screen will display a red X indicating the submission is incomplete. |
| 2. | You must upload an attachment for each document listed where 'Required?' is 'Yes'. |
| 3. | We prefer that you use PDF files, though other file types are supported—please only use zip files if necessary. Converting electronic files to PDF, rather than printing documents and scanning them, often produces higher quality images. Many systems allow you to create PDF files as a Print option. If you are unfamiliar with this process, you should consult your IT Support or search for information on Google or YouTube. |
| 4. | Attachments must match the questions they are associated with. |
| 5. | Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. |
| 6. | If you cannot read the attachment, it is likely we cannot read it either. |
| | . We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time). |
| | . We must be able to read everything you want us to consider in any attachment. |
| 7. | After you upload each attachment, use the Download feature to access and check the attachment to ensure it matches the required Document Type and to ensure it contains all pages you intend to include. |

4-III.B. SELECTION METHOD

PHAs must describe the method for selecting applicant families from the waiting list, including the system of admission preferences that the PHA will use.

Local Preferences [24 CFR 960.206]

PHAs are permitted to establish local preferences and to give priority to serving families that meet those criteria. HUD specifically authorizes and places restrictions on certain types of local preferences. HUD also permits the PHA to establish other local preferences, at its discretion. Any local preferences established must be consistent with the PHA plan and the consolidated plan, and must be based on local housing needs and priorities that can be documented by generally accepted data sources [24 CFR 960.206(a)].

PHA Policy

The PHA will use the following local preferences:

1. **Residency Preference (15 pts)**

The PHA will offer a preference for families who live, work, or have been hired to work within the PHA's jurisdiction [24 CFR 982.207 (b)(1)]. Use of the residency preference will not have the purpose or effect of delaying admission to the program on the basis of race, color, religion, sex, national origin, age, familial status, disability, sexual orientation, gender identity, or marital status.

2. **VAWA Preference (12 pts)**

The PHA will offer a preference to a family that include victims of domestic violence, dating violence, sexual assault, or stalking who has either been referred by a partnering service agency or consortia or who is seeking an emergency transfer under VAWA from the PHA's housing choice voucher program or other covered housing program operated by the PHA.

The PHA will work with the following partnering service agencies:

- YWCA, YMCA
- RISE
- Crime Victims Assistance Center

The applicant must certify that the abuser will not reside with the applicant unless the PHA gives prior written approval.

3. Homeless preference, or Involuntary displaced (10 pts)

The PHA will provide a preference to homeless families or families who have been displaced due to federal or state declared disaster, who have been required to move by local government entity, or are otherwise being displaced (including through eviction) through no fault of their own.

For purposes of this preference, the term "homeless" generally means—(1) An individual or family who lacks a fixed, regular, and adequate nighttime residence; (2) An individual or family with a primary nighttime residence that is a public or

private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, including a car, park, abandoned building, bus or train station, airport, church, or camping ground; (3) An individual or family living in a supervised publicly or privately operated shelter designated to provide temporary living arrangements (including hotels and motels paid for by Federal, State, or local government programs for low-income individuals or by charitable organizations, congregate shelters, and transitional housing); or (4) An individual who resided in a shelter or place not meant for human habitation and who is exiting an institution where he or she temporarily resided.

4. **Working Families preference (includes families where head AND spouse/cohead are elderly or disabled) (5 points)**

In order to bring higher income families into public housing, the PHA will establish a preference for “working” families, where the head, spouse, cohead, or sole member has been employed an average of at least 20 hours per week for the past six months (from date selected from the waiting list). As required by HUD, families where the head **and** spouse, or sole member is a person age 62 or older, or is a person with disabilities, will also be given the benefit of the working preference [24 CFR 960.206(b)(2)].

Example 1: Head of household is elderly, but does not work. There is no spouse or co-head. This family receives benefit of the working preference.

Example 2: Head of household is 64, spouse is disabled. Neither work. This family receives benefit of the working preference.

Example 3: Head of household is 63, spouse is neither elderly nor disabled. Neither work. This family does NOT receive benefit of the working preference since both the head of household and spouse (or cohead) must be elderly and/or disabled to receive benefit of the working preference, unless one is working an average of 20 hours a week for the past 6 months.

5. **Substandard Housing (2 pts)**

The PHA will provide a preference to families who are currently living in substandard housing, defined as units that are cited for failing local codes.

6. **Rent Burden (2 pts)**

The PHA will provide a preference to families who are paying more than 50% of family gross income toward rent.

Homes and Community Renewal

STATEWIDE SECTION 8 VOUCHER PROGRAM

Section 8 Housing Choice Voucher Administrative Plan

Effective April 26, 2021

Version 2021 - 1

INTRODUCTION

The overall mission of the New York State Homes and Community Renewal (HCR) is Partnering to Improve and Preserve our Homes and Communities.

The New York State Homes and Community Renewal comprises all the State's major housing and community renewal agencies, among which are the Division of Housing and Community Renewal (DHCR) and the Housing Trust Fund Corporation (HTFC), a subsidiary public benefit corporation of the NYS Housing Finance Agency (HFA). HTFC contracts with DHCR to administer some of the activities of the Section 8 program.

Within the overall mission of the agency, this Administrative Plan serves as the HCR operational handbook for implementing the U. S. Department of Housing and Urban Development's (HUD) Section 8 Housing Choice Voucher (HCV) Program, including Enhanced and Project-based Vouchers). This Plan has been prepared in such a manner as to ensure compliance with all requirements set forth in 24 CFR §982.54 (Administrative Plan).

In the implementation of the Section 8 Housing Choice Voucher (HCV) Program, HCR acts as the Public Housing Agency (PHA) for all local programs under its purview. In this capacity as PHA, HCR has full responsibility for the satisfactory completion of all contractual obligations with HUD. The Section 8 tenant-based assistance programs are federally funded and administered for the State of New York by HCR through its Statewide Section 8 Voucher Program Office.

To effectively and efficiently implement the program over its entire Statewide jurisdiction, HCR has contracted with Local Administrators (LAs) to undertake necessary field activities. Day-to-day responsibility for local administration of the HCV Program in the field is assumed by each LA in its designated local area of operation. The divisions of responsibilities are detailed in a contract between HCR and each of its LAs.

The NYS HCR/Statewide Section 8 Voucher Program is authorized to administer the Section 8/Housing Choice Voucher Program statewide, currently in the following NYS jurisdictions: Allegany, Cattaraugus, Cayuga, Chautauqua, Chemung, **Chenango**, Clinton, Columbia, **Delaware**, Dutchess, Essex, Franklin, Fulton, Genesee, Greene, Hamilton, Herkimer, Jefferson, Lewis, Livingston, Madison, Nassau, New York (*Bronx, Brooklyn, Manhattan, Queens, Staten Island*), Niagara, Oneida, Ontario, Orange, Orleans, Oswego, **Otsego**, Putnam, Rockland, Saratoga, Seneca, Schuyler, Steuben, St. Lawrence, Suffolk, Sullivan, **Tioga**, Tompkins, Ulster, Washington, Wayne, Westchester, Wyoming and Yates Counties. HCR is also authorized to administer a mobility counseling program in Westchester County.

Administration of the Section 8 Program and the functions and responsibilities of the HCR staff will be in compliance with the HCR Personnel Policy and HUD's Section 8 Regulations as well as all Federal, State and local Fair Housing Laws and Regulations.

rules and regulations and HCR's Administrative Plan. The standards and policies currently used to safeguard the privacy and confidentiality of tenant information and tenant files should apply equally to the employee. Special efforts should be taken to assure that the employee/applicant is not receiving preferential treatment. This policy also applies to relatives of employees.

The word "relative" as used in this section pertains to parent, child, grandparent, grandchild, sister, or brother of any employee.

1.03 Preferences

HCR has established local preferences for tenant-based vouchers within the Housing Choice Voucher Program to further objectives towards improved residential stability, expanding housing opportunities and alleviating homelessness within New York State.

Each LA must give preference to applicants on their general tenant-based waiting list for the Housing Choice Voucher Program, as described below:

First priority shall be given to the following:

Households defined as Homeless.

A qualified household must fall under one of the two categories listed below as defined by HUD (10% of each LA's general allocation of regular vouchers must be dedicated to this preference - additional information below):

Category 1: An individual or family who *lacks a fixed, regular, and adequate nighttime residence*, meaning:

a. An individual or family with a primary nighttime residence that is a public or private place not designed for or ordinarily used as a regular sleeping accommodation for human beings, including a car, park, abandoned building, bus or train station, airport, or camping ground; *or*

b. An individual or family living in a supervised publicly or privately operated shelter designated to provide **temporary** living arrangements (including congregate shelters, transitional housing, and hotels and motels paid for by charitable organizations or by federal, state, or local government programs for low-income individuals); *or*

c. An individual who is exiting an institution where he or she resided for 90 days or less and who resided in an emergency shelter or place not meant for human habitation immediately before entering that institution.

Category 4: Any individual or family who:

a. Is *fleeing, or is attempting to flee, domestic violence, dating violence, sexual assault, stalking*, or other dangerous or life-threatening conditions that relate to violence against the individual or a family member, including a child, that has either taken place within the individual's or family's primary nighttime residence or has made the individual or family afraid to return to their primary nighttime residence; *and*

- b. Has no other residence; *and*
- c. Lacks the resources or support networks, e.g., family, friends, and faith-based or other social networks, to obtain other permanent housing.

In addition to identifying as one of the categories listed above, **HCR requires** the applicant provide or obtain written verification from a coordinating shelter, housing provider, service agency or institution (for those being discharged) confirming the same.

Second priority will be given to the following (No limitation):

Households identified as Elderly and/or Disabled (as defined by HUD) or Families with Dependent Children.

Third priority (No limitation):

All applicants who do not meet the criteria to claim one of the preferences described above but meet all other eligibility criteria as described in HUD regulations and this Administrative Plan.

As allowed under HUD regulations, HCR has exercised its' discretion to limit the number of applicants that may qualify for a local preference, therefore, 10% of each LA's general allocation of regular vouchers, not including those programs with a separate project number (i.e., Mainstream, VASH), must be designated for the above stated homeless preference. As long as the maximum threshold of 10% for each LA has not been reached, the homeless preference remains active within their jurisdiction. Once an LA has reached the maximum allowable participants for this preference, all remaining applicants will be chosen in order of remaining priorities and by position on the waiting list. Once a participant's voucher, that was initially qualified for assistance under the homeless preference has been terminated or relinquished, the LA must re-activate the homeless preference until the maximum allowable threshold is reached. Each LA will be responsible for maintaining their tenant-based waiting list in accordance with these requirements.

For the PBV program, while the homeless preference stated above is not applicable, each project sponsor is encouraged to consider a homeless preference for their project as allowed by and through the competitive selection process, funding requirements and any additional programmatic requirements applicable at the time of award.

All LA's with closed waiting lists must first offer current applicants on the waiting list who qualify to receive the benefit of the preference to move up on the waiting list accordingly. The notice to applicants must include how to successfully apply and establish themselves with the homeless preference status which would include the same format we implement for new applicants including contacting the partnering agencies for referrals and/or determination of preference eligibility. If a closed waiting list is opened to establish homeless applicants, the LA should specify on any public notice that current waiting list applicants will also be given the benefit of the preference.

III. PRIORITIZATION

A. Prioritization for the Initial Lease-up Phase

The CoC shall commence sending referrals to HCR or its designated agent on or about August 16, 2021 and concluding within 6 weeks – referred to here as the **initial lease-up phase**. The referrals shall be received in the following order:

Priority 1 – HCR will only accept referrals for the following types of households within the first three weeks, or from August 16 – September 3.

1. Households meeting HUD's [Definition of Chronically Homeless](#) as determined by the CoC.
2. Any literally homeless families, as defined by HUD in the [Criteria and Recordkeeping Requirements for Definition of Homeless](#), with minor children under 18 years of age.
3. Households who are fleeing or attempting to flee domestic violence, dating violence, sexual assault, stalking, or human trafficking.
4. Households participating in a Rapid Re-housing (RRH) program who would qualify for such assistance as defined by the terms of either the federal Emergency Solutions Grant ("ESG") program or the federal Continuum of Care program.

Moving-on
Preference

*Please note that households from local programs similar to RRH but serving a broader population than required within the federal definition should not be sent as a Priority 1 referral, unless the household being referred would have qualified under the federal definition. To receive ESG rapid re-housing, an individual or family must demonstrate at initial evaluation that it is literally homeless (referred to as Category 1 in the Homeless Definition Final Rule).

Priority 2 – Within the second three weeks, or from September 6 to September 24, HCR will continue accepting referrals from Category 1 plus the following:

1. Any household classified as literally homeless, as defined above in Priority 1.

1C-7: Public Housing Agencies within Your CoC's Geographic Area Moving On Strategy

2. NY-511's Written Standards excerpt that details the CoC's Moving On Strategy.

Appendix D: Move-On Strategy for Recognition of Tenant Independence

NY-511 Continuum of Care (Binghamton/Uniontown/Broome, Chenango, Cortland, Delaware, Otsego, & Tioga Counties) has created a Move On Strategy to transition households in Supportive Housing (including Permanent Supportive Housing (PSH) and Rapid Rehousing (RRH)) who no longer need intensive services to affordable housing. This strategy sets out the actions NY-511 CoC to promote the highest levels of independence and choice for tenants, as well as to create flow in supportive housing units to ensure these units are available for formerly/currently homeless families and individuals with disabilities who need housing combined with services. Promoting economic mobility and self-sufficiency, the Move On Strategy is first and foremost tenant success, and ensures all services are provided using strengths-based language and strength based agency model. The plan is based on a model Move On strategy discussed by the U.S. Department of Housing and Urban Development (HUD) and the Corporation for Supportive Housing. The NY-511 CoC Community Awareness Committee, HMIS, Planning Committee and Governance Committee will be responsible for providing regular trainings, resources, relationship building, and outcome tracking to support implementation of and monitor the Moving On Strategy.

Recruiting Affordable Housing Providers

The Move On Strategy targets existing tenants in supportive housing who are stable and require only minimal supportive services. These tenants are, with client choice, assisted to transition to a mainstream rent subsidy (typically the Housing Choice Voucher program) or an affordable housing unit as appropriate and available, which frees up their subsidy for someone who is currently/chronically homeless, based on the NY-511 priority population and needs the intensive services and long-term subsidies offered in supportive housing. The mainstream rent subsidy may include programs like Public Housing Authorities (PHAs), multifamily assisted housing owners, Low Income Tax Credit (LIHTC) developments, and local low-income housing programs.

Identifying Households for Moving On

Housing providers identify households in supportive housing that may be ready to move on through ongoing case management with tenants. Specifically, program staff meet with tenants on an ongoing basis to establish tenant goals and set a plan towards meeting those goals, utilizing strengths-based language and agency model. Program staff implement a client-choice model by ensuring tenants know there is a voluntary option to move on. Program staff encourage tenants interested in moving on (1) have demonstrated the ability to live stably and maintain housing, and (2) understand the decision to move on from supportive housing is voluntary. As households make the choice to move on, housing providers make referrals to the PHA or other affordable housing providers.

Eligibility Considerations for Tenants

Individuals are identified by housing provider program staff who work directly with clients in the housing programs. Clients should meet four basic criteria in order to be recommended to move on: 1) a good rental history of on-time payments, 2) evidence of no substantial complaints or property management conflicts, 3) supported progress of quantitative areas documented by HMIS or a comparable data base in the annual assessment.

Housing providers identify households in supportive housing who may be candidates for moving on by analyzing observations (interviews/survey's, demonstrated ability to live stably and maintain housing or any other mitigating circumstances) combined with quantitative key areas for assessing tenant capacity, motivation, confidence and emotional readiness. These key areas include:

- Emotional independence (interest and confidence in moving on),
- Financial Capacity (employment, income, savings, budgeting skills),
- Housing history (housing tenure, rent arrears, past evictions, neighbor/landlord relationships)
- Intensity of service use (need for on-site services),
- Health/behavioral health (substance use, mental health, medication management, treatment engagement, mobility),
- Connection to mainstream resources (rental supports if needed),
- Connection to family or other natural supports,
- Community living skills (self-managing behavior, limit setting relating to drugs, etc.),
- Activities of daily living skills (ability to get meals, keep apartment clean, follow lease), and
- Housing goals (location, size, affordability, live with family/friends).

Transition Services

Housing Providers are required to provide: assistance with locating and securing a housing unit; case management to support transition including but not limited to assistance building linkages to community supports and services, such as mental and physical health services, substance use treatment, stores for groceries and other necessities, recreational activities and public transportation options; and support with landlord negotiations. Services offered may include: providing support to clients to cover moving services, utility deposits/arrears and furniture/household items; and assistance with family reunification as available and appropriate.

Aftercare Supports

NY-511 CoC recommends housing providers offer voluntary aftercare services as available to individuals who have moved on for at least six months after their move-out, and track types of supports provided and outcomes of those supports.

Creating a Culture of Moving On

NY-511 CoC believes a programmatic reward/incentive structure for Moving On can assist in further promoting a culture of independence and self-sufficiency. The CoC will develop a variety of strategies to support publicizing and building interest in Moving On opportunities, including providing trainings on and working with providers to: post fliers in highly visible locations; host community meetings on Moving On; conducting one-on-one outreach to tenants; and encourage Moving On peers to talk about their experiences and engage tenants. The Coordinated Entry System (CES) Committee will be responsible for maintaining and implementing this strategy annually.

Moving on Timing and Availability

NY-511 CoC understands a Move On request may not be able to be satisfied immediately due to a variety of variables. However, the housing program will act as quickly as possible with community partners to move a tenant into appropriate affordable housing.

Ongoing CoC Assessment of Move On Strategy

Once annually NY-511 CoC will assess the success of this Move On Strategy, reviewing number/percentage of persons who have moved on and rate of retention in affordable housing destinations. NY-511 CoC will also discuss strengths/weaknesses related to the strategy's recommendations for recruiting affordable housing providers, identifying households for moving on, eligibility considerations for tenants, transition services, aftercare supports, and creating a culture of moving on.

CoC Public Postings

Summary

CoC's must demonstrate transparency in the local CoC competition results. Specifically, CoC's must post on their website, at least 2 days before the application submission deadline, all parts of the CoC Consolidated Application, including the CoC Application with attachments and the CoC Priority Listing with all project applications accepted and ranked, or rejected, and notify community members and key stakeholders that the CoC Consolidation Application is available.

Once a substantial portion of the Consolidated Application is completed, CARES will post an updated version of the application on Fridays. CoC

Importance: High

Dear Continuum of Care Stakeholders,

The attached Rank & Review Bonus Applications are available for completion:

- [New Bonus Tool](#)
- [DV Bonus Tool](#)

These applications are also available on the CARES website: https://caresny.org/nofo-2022/#511_STHC. You do not have to be currently CoC funded to apply. Bonus projects submitted will go through the CoC's Rank & Review process and those that score high enough will be submitted to HUD for consideration as part of a competitive process (Please note: being selected through the Rank & Review process is not an indication for funding). Below is the funding amount available to apply for.

Community	ARD	Tier 1	Tier 2* (5% ARD + CoC Bonus)	CoC Bonus	DV Bonus	Planning Grant
NY-511 STHC	\$2,312,205	\$2,196,595	\$286,962	\$171,352	\$342,703	\$102,811

The applications must be completed by COB Wednesday, August 24, 2022 and submitted with attachments in one PDF per project. Please include the Rank and Review completed Tool and supporting attachments as specified on the tool. Applications should be submitted to hschmidhamer@caresny.org using your agency name/project name as the subject line.

CARES hosted a webinar for New Projects on August 16th. This webinar will be posted to the CARES website shortly.

Note: Applications must also be submitted in ESnap on August 24th. For support on putting projects in ESnap please refer to the CARES website with links to available resources: [NOFO - 2022 | CARES of NY, Inc. \(caresny.org\)](#). Please also feel free to reach out to CARES for support with ESnap.

Before you submit this application, ensure that all the below documents are submitted in one PDF attachment with your application:

- An anti-discrimination policy if your agency has one
- 2 years of eLOCCS closeouts (New Bonus tool only)
- Most recent financial audit closeouts (New Bonus tool only)

Thank you!

CoC's must demonstrate their use of an objective ranking and selection process for all projects (new and renewal) that is made publicly available to potential project applicants. CoC's are required to have a documented and transparent process on how the community ranks and reviews project applications.

Good Morning, Southern Tier Homeless Coalition Stakeholders,

As noted last week, the FY22 Continuum of Care Notice of Funding Opportunities is now available [here](#) and due September 30th, 2022. This email details available resources, the FY22 Competition Submission Timeline, and a NOFO Summary. Please note, the CoC Application and Project Applications are not yet available in [Esnaps](#) for completion. Additionally, HUD has not yet released the

CoC's Annual Renewal Demand, CoC Bonus, or DV Bonus amounts. CARES will alert you when Esnaps is open and the available amount of funds is announced.

Please also be aware, this year HUD has an extremely truncated timeline for submitting the CoC Application. We appreciate in advance your attention to requests for votes and deadlines.

This application is separate from the CoC Supplemental NOFO; for more information on the Supplemental, contact [Michelle Sandoz-Dennis](#).

Available Resources

CARES' website is a resource for the Notice of Funding Opportunity (NOFO) and Rank and Review information and deadlines. Below are links to important information.

Webinars

In order to provide an in-depth summary of the NOFO and to provide technical assistance to agencies applying for funds, CARES will produce the following webinar series:

1. NOFO Summary: HUD Priorities and the Consolidated Application
2. New Project Application: Bonus Project and Reallocation Information
3. Domestic Violence Bonus
4. Opportunities for Renewing Projects: Consolidation and Transition
5. E-Snaps Refresher – Setting-Up a Renewal Project
6. E-Snaps Refresher – Setting-Up a New Project

These webinars will be available on or by end of business August 12th. To access the page these are posted on, click [here](#). For Esnaps technical assistance, please contact [Amy Lacey](#) (ext. 715).

FY22 CoC Consolidated Application

The FY22 CoC Consolidated Application is made up of three parts:

1. CoC Application: In the community portion of the application, the Collaborative Applicant responds to narrative questions and provides attached documents to describe the CoC planning body, governance structure, overall performance, and the strategic planning process. This part of the application is scored and will determine the order in which CoCs are funded. **Please note:** once the CoC Application is available in Esnaps, CARES will post a blank copy to our website for your information. CARES estimates beginning to publicly post drafts of the application on our website by September 9th, and will accept comments through September 23rd. Please check [the](#)

[public posting section](#) of CARES' NOFO website for updates.

2. Project Application: Project applications must be completed in Esnaps by applicants for all renewal, new, CoC Planning, and UFA costs, and include a description of the project, proposed budget, and required attachments.
3. CoC Priority Listing: The CoC Priority Listing ranks project applications (including reallocated, CoC Bonus, DV Bonus, and renewal applications) in order of priority based on the Rank and Review scoring outcomes.

FY22 CoC Project Application Submission Timeline

Renewal and New Project Applications (which include applications for projects requesting reallocated, Bonus, and/or DV Bonus funding) must be submitted both through the local CoC Rank and Review Process AND through Esnaps. Please note, acceptance of a project application through the Rank and Review Process is no guarantee this project will be funded by HUD (particularly for New Project Applications, which are highly competitive nationally).

Rank & Review Project Submission Timeline

Renewal Applications: Completed

New Applications:

- August 17th: Rank and Review New Project Application RFP and DV Bonus Application released.
- August 24th: Rank and Review New Project Application RFP and DV Bonus Application due to CARES (please send to [Haleigh Schmidhamer](#)).
- Anticipated August 30th: New Project Interviews

Esnaps Project Submission Timeline

- August 19th: All Renewal Project Applications due in Esnaps. CARES will review all project applications in Esnaps and will provide recommended edits by September 1st. Final edits to renewal project applications in Esnaps due September 7th.
- August 24th: All New Project Applications (including those applying for the DV Bonus) due in Esnaps. CARES will review all project applications in Esnaps and will provide recommended edits by September 12th. Final edits to new project applications in Esnaps due September 16th.
Please note: if you are applying for a New or DV Bonus Application, you will need to submit your application for Rank & Review AND in Esnaps simultaneously. However, your application will only be submitted to HUD with the full CoC Application in Esnaps if your project scores high enough through Rank & Review. This requirement to simultaneously submit a new project Rank & Review application and Esnaps application is due to the truncated timeline offered by HUD this year.

Important Note About SAM & UEI:

Registration with the federal System for Award Management (SAM) is required for submission of applications in Esnaps. For more information, visit <https://www.sam.gov/SAM>. Applicants must provide a valid Unique Entity Identifier (UEI), registered and active on the SAM website, in the project application. Applicants not registered with SAM or that do not have a valid UEI will be deemed

ineligible.

FY22 New Project Information Session

A 2022 CoC Funding Opportunity for New Projects – Information Session will be held Tuesday, August 16th at 11:30am. During this information session we will review CoC funding basics, provide an overview of CoC Bonus and DV Bonus funding opportunities, and discuss how to apply.

-

FY22 Notice of Funding Opportunity (NOFO) Summary

Approximately \$2.7 billion is available through the FY 2022 CoC Program Competition. This funding serves to:

1. Promote a community-wide commitment to end homelessness
2. Provide funding to non-profits, states, and local governments
3. Promote access to and effective utilization of mainstream resources to optimize self-sufficiency

The following are HUD policy priorities emphasized for FY 2022. Those bolded are new policy priorities this year.

1. Ending homelessness for all persons
2. Using a Housing First Approach
3. Reducing Unsheltered Homelessness
4. Improving System Performance*
5. Partnering with Housing, Health, and Service Agencies
6. Taking Action to Increase Racial Equity
7. Improving Assistance to LGBTQ+ Individuals
8. Including Persons with Lived Experience in Planning and Funding Decision Making
9. Advocating to Increase Affordable Housing

Please note, in FY21 HUD recognized the effects of COVID-19 on CoC performance and data quality and reduced the points available for rating factors related to system performance. This FY22 CoC NOFO significantly increases the points available for system performance rating factors (from 23 points in FY21 to 59 points in FY22).

There have been some additional important changes in the FY22 NOFO:

1. Tribal Organizations and Areas: Tribal Organizations and Tribal Designated Entities are eligible to apply for CoC funds; new this year if applied for through CoC registration, Tribal Areas are eligible to be added to the geographic area of a CoC.
2. Increased emphasis on CoC evaluation of racial disparities: HUD has increased the number of points related to whether CoCs and homeless providers have identified barriers that lead to racial disparities, have taken steps to eliminate those barriers to improve racial equity, and have implemented measures to evaluate the efficacy of the steps taken. Points will be awarded to CoCs that promote racial equity through the local CoC Rank & Review competition.
3. Increased emphasis on addressing the needs of LGBTQ+ individuals: HUD has placed greater emphasis on CoCs implementing and training their providers on the CoC-wide anti-discrimination policies that ensure LGBTQ+ individuals and families receive necessary services,

shelter, and housing free from discrimination. Additional points have been added for CoCs that have updated their CoC-wide antidiscrimination policies with stakeholder feedback.

4. Addressing COVID-19: In FY2022 HUD is asking CoCs to demonstrate how they will build on partnerships that have increased the safety of persons experiencing homelessness from contracting COVID-19. Expanded partnerships should specifically ensure the community is prepared to prevent and respond to future infectious disease outbreaks amongst people experiencing homelessness.
5. Partnering with victim service providers: HUD added scoring factors based on CoC's demonstration of collaborating with victim service providers and projects' plans to include survivors with lived experience in policy and program development.
6. Advocating for affordable housing: HUD added a rating factor that awards points to CoCs that engage local leaders about increasing affordable housing supply.

A brief summary of important topics from the NOFO are below.

- **Tiering:** HUD requires CoCs to tier projects (excluding Planning and UFA Projects).
 - Tier 1 is equal to 95 percent of the CoC's Annual Renewal Demand (ARD).
 - Tier 2 is the difference between Tier 1 and the maximum amount of renewal, reallocation, and CoC Bonus funds the CoC can apply for.
 - Bonus funding is available to apply for in the amount of 5% of the CoC Final Pro Rata Need (FPRN).
 - DV Bonus funding is available to apply for in the amount of 10% of the Preliminary Pro Rata Need (PPRN) (not to be less than \$50,000). Please note, this is a decrease from 15% in FY21.

As a note: The DV Bonus is included within tiering. If a project application designated as DV Bonus is conditionally selected by HUD with DV Bonus funds, HUD will remove the ranked DV Bonus project from the New Project Listing and all other project applications ranked below the DV Bonus project will slide up one rank position

- **Bonus and Reallocated funding:** Bonus and Reallocated funding is available for the below eligible project types.
 - Permanent Supportive Housing that is Dedicated PLUS (see page 22) OR has 100% of beds dedicated to persons experiencing chronic homelessness.
 - Rapid Rehousing
 - Joint Transitional Housing-Rapid Rehousing
 - HMIS (or a comparable DV Database)
 - Support Service Only – Coordinated Entry

The amount of funding to create new projects through reallocation will depend on the amount of current project funds returned to the CoC. HUD highly recommends CoCs pursue reallocation to ensure CoC-funded projects are addressing the most pressing community needs, are high performing, and are not returning funds to HUD. For more information regarding reallocation, please review the [Rank and Review Process](#).

- DV Bonus: Again this year an additional bonus opportunity is available for projects to serve survivors of domestic violence, dating violence, sexual assault, and stalking that are homeless. \$52 million (a reduction from \$102 million in FY21) is available nationwide. Below are the eligible project types.
 - Rapid Rehousing (RRH)
 - Joint Transitional Housing-Rapid Rehousing (TH-RRH)
 - Support Service Only – Coordinated Entry (SSO-CE)A CoC can only submit one project application for an SSO-CE project. However, a CoC may apply for any number of RRH and Joint TH-RRH projects provided that each application is for at least \$50,000. A CoC may also apply to expand an existing renewal project, including one that was previously funded with DV Bonus funding.
- Expansion Grants: Again this year, HUD is allowing renewal project applicants to submit a new project application to expand its current operations by adding units, beds, persons served, services provided, or an increase in HMIS activities. Expansion grants can utilize Bonus Funding, reallocation dollars or DV Bonus Funding, assuming the expansion will serve survivors of domestic violence, dating violence, sexual assault, and stalking.
- Transition Grants and Consolidated Projects: Again this year, HUD is allowing for Transition Grants and Consolidated Projects. A Transition Grant is a grant that allows agencies to change component types. Consolidated Projects combine projects that are operated by the same agency and for the same project component type. Click [here](#) for a more complete summary on CARES' website.

CARES looks forward to working with you to ensure another year of successful CoC funding. If you have any questions about what is detailed in the NOFO, please feel free to reach out to me directly.

FY22 Evaluation Process

I. Introduction

Each year, HUD releases a Notice of Funding Opportunity (NOFO) which details the requirements for applying for Continuum of Care (CoC) Program funding. One requirement of the NOFO is that each application is reviewed and ranked in order of local priority by a group of community stakeholders. In New York's Southern Tier, representing Broome, Chenango, Cortland, Delaware, Otsego, & Tioga Counties, the group of stakeholders is CoC NY-511's (NY-511) NOFO Committee. A Rating and Ranking Panel, appointed by NOFO Committee members, is tasked specifically with the CoC's evaluation process which partially determines each project's ranking. CARES of NY, Inc. serves as the facilitator of the Rating and Ranking Panel's evaluation process on behalf of the collaborative applicant.

In anticipation of the FY22 CoC Program Competition NOFO, NY-511 is issuing the following evaluation criteria to be used as part of the *Renewal Project Application* and *New Project Application* ranking process. To ensure that the CoC's application is competitive and fully funded, NY-511 reserves the right to amend these requirements and/or issue additional requirements as needed and in response to criteria issued in the FY22 CoC Program Competition NOFO.

II. Highlights for the FY22 Evaluation Process

The 2022 Rank and Review Application process will occur in three (3) parts, with the intent to allow agencies adequate time to complete the full Rank and Review Application. *Completed applications (including required attachments) for each CoC project must be submitted to CARES of NY, Inc. by the stated deadline to be considered complete and sent to the Review Team.*

Renewal Projects

- **Part 1** focuses on project and system outcomes, using project data entered in HMIS and objective questions to "rate" projects. The HMIS data used in Part 1 is from the previous HUD Fiscal Year (Oct 1 - Sep 30). This HMIS data used in Part 1 has been cleaned and reviewed for data quality errors when submitted to HUD for the Longitudinal Systems Analysis (LSA) report. Agencies must confirm Part 1 Data Attachment accuracy within five business days of receipt. During the Part 1/Data Training Session, agencies will be instructed on how to confirm the accuracy of the Data Attachment values.

If errors are identified on the Data Attachment, the agency must submit the Data Correction Form on the CARES Website. CARES staff will review the Data Correction Form submission to determine if the requested change is a calculation error. If the request is a calculation error, CARES staff will correct the error and resubmit the Data Attachments for the agency's review. After receiving the corrected Data Attachments, agency staff will review the changes and if no additional errors are identified, then agency staff will submit the Data Confirmation Form on the CARES website. If the request for Data Correction Form is determined to not be a calculation error, CARES staff will notify the agency of the decision and request the agency to submit the Data Confirmation Form.

If no errors are identified on the Data Attachment, the agency will submit the Data Confirmation Form on the CARES website. If an agency does not submit a Data Correction Form or Data Confirmation Form after five business days following the Part 1/Data Training Session, then the data will be considered accurate and confirmed.

- **Part 2** includes narratives allowing agencies to explain unique circumstances which may affect project performance. Part 2 of the Application must be submitted to CARES of NY, Inc. by the stated deadline to be

FY22 Evaluation Process

considered complete; CARES will send all applications to the Rating and Ranking Panel.

The FY22 *Renewal Project* evaluation process will commence with the distribution of an RFP Application as well as the Part 1 of the Rank and Review tool, 2022 Evaluation Instructions, and NY-511's Written Standards on a date TBD. CARES will host a training on data pulled for the Part 1 tool. After one week, CARES will send the final Part 1 tool and attachments to funded agencies for their completion. The Review and Ranking Panel will score Part 1 and CARES will provide a debriefing for each funded agency, if requested. The Part 2 (narrative) tool will be approved by the NOFO committee and sent out for completion. Finally, Part 3 (interview) will take place.

The data source will consist of projects' most recent Annual Performance Report (APR), submitted in Sage prior to March 31, 2022 and provided by the HMIS Systems Administrator. FY21 Project Applications will be reviewed by Rating and Ranking Panel members for FY22 Renewal Projects not being ranked to allow for discussion regarding programmatic inquires or projected changes.

* Please Note: Coordinated Entry, Planning, and HMIS projects are not required to fill out a renewal application.

*Renewal projects should have one federal fiscal years' worth of data (10/1-9/30) so should be in operation for one full federal fiscal year.

New Projects

The FY22 *New Project* evaluation process will commence with the distribution of an RFP Application as well as 2022 Evaluation Instructions and NY-511's Written Standards at a date TBD. The project ranking process will be completed by Rating and Ranking Panel members' review of RFP responses and project performance data. If additional money becomes available through reallocation after the ranking process, a new project RFP will re-open. New project applications are required to interview with the review team. Interview questions will include specific criteria included in the NOFO. New project applications will be ranked, approved by the Board and presented to Membership. The community's goal is to apply for the maximum amount of available funds. The same appeals process that applies to Renewal applications applies to New/Bonus project applications.

New Project Interviews

The final Part of the Rank & Review Process for new projects includes interviews with the Review Team. After release of the NOFO, the NOFO Committee will draft questions based on specific criteria included in the NOFO to be asked during new project interviews. New projects will receive these questions prior to the interview.

Bonus Projects

Each year, HUD *may* offer bonus funding and the NOFO outlines how the funds may be spent. Bonus project proposals must fill an unmet need as noted within the CoC's Strategic Plan or locally determined priorities. Bonus applications will be ranked and approved by the Board and presented to Membership. The community's goal is to apply for the maximum amount of available funding. The same appeals process that applies to Renewal applications applies to New/Bonus project applications. The same appeals process that applies to Renewal applications applies to New/Bonus project applications.

Reallocation

Reallocation is the process by which the CoC shifts funds, in whole or in part, from existing eligible renewal grants to create new projects to fill an unmet need within the community, as noted within the Strategic Plan.

FY22 Evaluation Process

Reallocation is one of the most important tools by which communities can make strategic improvements to their homeless services system.

Projects that can be flagged for reallocation consideration include those which have demonstrated inadequate financial management, a history of expending funds on ineligible activities, a lack of full expenditure of funds, and those which consistently score low on the Rank and Review. Reallocation is recommended for any project *not* participating in Coordinated Entry, HMIS or the annual Point-in-Time. The Board may determine reallocation of a particular project as in the best interest of the CoC and essential to maintaining full funding. Further, agencies may voluntarily choose to reallocate funds from their own projects. New project proposals developed by agencies through reallocation of their own funds will be prioritized during the ranking process. All other proposed projects using reallocated funds will be ranked according to general ranking procedures.

Project proposals developed with reallocated funds must fill an unmet need and submit a New/Bonus application. Agencies interested in applying for reallocated funds are required to interview with the Review Team. Applications for New/Bonus projects will be ranked separately from Renewal projects, and the final ranking will be approved by the Board presented to CoC Membership.

The goal of the evaluation is to demonstrate the effectiveness of CoC programming and help identify potential areas of improvement. Results from the evaluation will contribute to the CoC competitive application and identify lower performing programs that could benefit from Performance & Quality Improvement (PQI) technical assistance.

III. Evaluation Review Process

All projects that have been operating for at least two years and have completed two full APRs will be considered eligible for the *Renewal Project* evaluation process. Projects that were not renewed in the FY21 NOFO do not have to complete the evaluation process. Any project that believes they should be exempt from the evaluation process should contact CARES at a **date TBD** to establish eligibility.

Only projects recommended or approved for *Reallocation* will be considered eligible to submit a *New Reallocated Project* application. The following outlines key steps and aspects of the FY22 *Renewal Project* and *New Project* evaluation processes:

1. RFP Applications and Back-up Documentation Submission

- RFP Applications and Back-up documentation for Renewal Projects being ranked are due by a **date TBD**. The Back-up Documentation data source will consist of a project's most recent APR, submitted in Sage prior to March 31, 2022 and provided by the HMIS Systems Administrator. RFP Applications shall be completed using data reflective of the data source. Note: The same APR cannot be used for more than one year. Note: CoC & HMIS Monitoring reports will also be submitted for review as part of the Rating & Ranking Process.
- RFP Applications and Back-up documentation for New Projects (*Reallocated and Bonus*) being ranked are due by a **date TBD**. The Back-up Documentation data source will be a copy of the agency's most recent audit and should be attached to the *New Project RFP* response.
- RFP Applications and Back-up documentation for New Projects (*DV Bonus*) are due in e-snaps by a **date TBD**.

FY22 Evaluation Process

2. RFP Evaluations by Rating and Ranking Panel Members

Rating and Ranking panel members are considered by the NOFO Committee and invited by CARES to participate. Rating and Ranking panel members must be individuals from the community who are not CoC-funded or from neighboring communities and knowledgeable about the CoC process, services and providers. After panel members agree to participate, one to two days are scheduled to conduct project interviews and for scoring to take place. Interviews will be scheduled for a date after the NOFO is released to allow for any HUD-specific criteria to be incorporated into the interview process. Panel members are provided a copy of each project's full application for review and score forms to complete. After conducting interviews with each agency, the Rating and Ranking panel discusses and finalizes scores for each project application. In the event project applications initially receive the same score, it is the responsibility of the Rating and Ranking panel to break the tie. Because HMIS and CE projects are required CoC infrastructure, they are ranked at the top of Tier 1.

Final results will be posted to the CARES website. CARES will facilitate the Rating and Ranking Panel's review of New Project applications and back-up documentation utilizing the 2022 Project Rating and Ranking Tool. Eligible applicants submitting New Project applications to serve survivors of domestic violence, dating violence, sexual assault, or stalking that meet the definition of homeless in paragraph 4 of 24 CFR 578.3 will be invited to attend the Rating and Ranking Panel's review in person or via online teleconference in order to respond to inquiries from Panel members pursuant to their proposals and to address aspects of Housing First. confidentiality, HMIS/CES participation, performance measures that may differ from CoC benchmarks, etc. Final results will be posted to the CARES website.

Threshold Review

In order to ensure CoC projects are high performing, all project applications must also meet a minimum scoring threshold of 50% of total possible application points. The Threshold Review will be conducted by the Rating and Ranking panel members after the Rank and Review process is complete and final project scores determined. If the pre-determined threshold is not met, the Review Team may recommend the STHC Board consider the possibility of reallocation or amendments to the project application/s with said agency.

All agencies receive their project scores and are offered the opportunity to debrief with CARES. Debriefing allows agencies the opportunity to request clarification regarding how/why Application question/s received certain scores. Debriefings are required if agencies are considering an appeal. Agencies may choose to appeal project score/s within the allotted time frame (see the **Appeals Process** outlined below). After all debriefings with CARES are completed and appeals considered by the Rating and Ranking Panel, renewal project applicants that fall into Tier 2 will be notified and then the project ranking is presented to the Board for approval.

3. Appeals Process

- **Who May Appeal?**

An agency may appeal a decision concerning a Renewal or New/Bonus project application submitted by that agency.

- **What May Be Appealed?**

The appeals process applies to project scoring and ranking ***only***. *There is no appeal for project tiering.*

An appeal may ***not*** be based on the following:

- Failure to answer any question/s on the application
- Failure to submit required attachments to the application
- Failure to submit the application by the required deadline

- **Any mathematical errors found by an applicant will be corrected by CARES.**

- **Timing of an Appeal**

Formal appeals may be submitted by a project within **three (3) business days** of debriefing. Appeals

FY22 Evaluation Process

must be submitted in writing to CARES (hschmidhamer@caresny.org), who will then forward to the impartial committee determined by the Governance Committee. The written appeal must consist of a brief statement no longer than one page, and can be in the form of a letter, memo or email.

- **Appeals Decisions**

Appeals will be considered by an impartial committee determined by the Governance Committee. The impartial committee will communicate its final decision by **date TBD**. Appeals are decided by majority vote of the impartial committee, and once decided, are final and may not be overturned by the NOFO Committee, Board or Membership.

4. Results

- Final *Renewal Project* evaluation results will be released by **Date TBD**; Final *New Project* evaluation results will be released by **Date TBD** (*New Projects*).
- Renewal Projects demonstrating low performance or that do not achieve the applicable housing outcome goal or other specific performance minimums established by the NOFO Committee/Rating and Ranking Panel will be subject to at least the PQI process, including possible submission of a PQI plan and ongoing review/monitoring and at most consideration for Reallocation per NY-511’s NOFO Reallocation Process.
- Evaluation results, in conjunction with the policy priorities and eligible components identified by HUD upon the issuance of the FY22 CoC Program Competition NOFO, will be used to determine the final project ranking and tier assignment, as applicable, for the FY22 CoC Program Competition CoC Priority Listing.

V. Project Evaluation Methodology

Achievement

Performance data indicated in NY-511’s Project Rating and Ranking Tool will be compared to achievement benchmarks and given a corresponding score. Unless otherwise indicated in the evaluation tool, a goal is “achieved” when the benchmark is met.

Project Performance Results

Results will be based on the overall score as a percentage of the total possible points for each project (which varies by project type). The thresholds for inclusion in each category will be determined based on the final distribution of scores. Projects with scores resulting at the bottom 10% of all projects will be considered “low” performers. Projects with results in the top 10% will be considered “high” performers. The remaining projects will be considered “medium” performers.

Each performance measure is weighted differently based on the relative importance of the measure to the overall performance and quality of CoC housing and support services. The maximum point value is indicated alongside each measure in the Project Rating and Ranking Tool. Project scores are then calculated as a percentage of the total possible points for the project type. Projects performing below performance standards established by the NOFO will be referred to the PQI process, as described in the PQI protocols.

Identical overall *Renewal Project* scores will be decided through a review of the value achieved starting with the following indicators: Exits to Permanent Housing, Returns to Homelessness, Serving High Need Populations, and Income Factors. Programs with the same overall score will be weighed against each other on the individual measures listed above followed by the remaining Rating Factors on the evaluation tool. In the unlikely event that there is still a tie, the Rating and Ranking Panel will decide on a tie-breaking measure based on attendance at NOFO committee meetings.

VI. Specific Instructions and Data Source – *Renewal Projects*

2022 NY-511 Rank & Review Interview Questions

These questions have been formed by CARES staff to focus on the 2022 HUD Policy Priorities as noted in the NOFO. Each question should be answered in 3-5 minutes, to ensure agency interviews do not run over.

Reviewers will first ask any clarifying questions they have about the project before asking the below interview questions of each applicant. These questions have been formed by CARES to focus on the 2022 HUD Policy Priorities as noted in the NOFO. Each question should be answered in no more than **3-5 minutes**, to ensure agency interviews do not run over. Check page three for interview tips and scoring criteria.

HUD Priority/Justification for Question	Interview Question	Scoring Criteria
<p>Persons with Lived Experience. HUD is encouraging CoCs to include in the local planning process people who are currently experiencing or have formerly experienced homelessness to address homelessness. People with lived experience should determine how local policies may need to be revised and updated, participate in CoC meetings and committees as stakeholders, provide input on decisions, and provide input related to the local competition process. CoCs should seek opportunities to hire people with lived experience.</p>	<p>Does your agency have someone with lived experience of homelessness within its Executive Leadership, who are involved with programmatic and funding decisions? (1 pt)</p> <p><i>Agency can either get points for this or the below question (not both).</i></p>	<p>1-Point if they answer yes.</p>
<p>HUD added scoring factors based on the responses to questions that demonstrate CoCs' collaboration with victim service providers in the CoC Application, projects' plans to include</p>	<p>If your project serves victims of domestic violence, what are your plans to include survivors with lived experience in policy and program development, and how do</p>	<p>0.5-Point - for an identified plan to include survivors with lived experience in policy and program development.</p>

<p>survivors with lived experience in policy and program development and the inclusion of victim-centered practices in operating their projects.</p>	<p>you include victim centered practices in operating your project?</p>	<p>0.5-Point - for identification of how the agency includes victim centered practices in operating their project.</p>
<p>Improving System Performance. CoCs should be using system performance measures (e.g., average length of homeless episodes, rates of return to homelessness, rates of exit to permanent housing destinations) to determine how effectively they are serving people experiencing homelessness.</p>	<p>How will this project reduce the average length of time homeless for project participants?</p>	<p>2-Points- if applicant describes how their project will serve those with the longest lengths of time homeless and strategies for reducing length of time homeless.</p>
<p>Racial Equity. In nearly every community, Black, Indigenous, and other people of color are substantially overrepresented in the homeless population. HUD is emphasizing system and program changes to address racial equity within CoCs. Specifically, HUD is assessing if CoCs rate and rank projects based on the degree to which program participants mirror homeless population demographics (NOFO, pg. 8)</p>	<p>Are those in your project racially representative of the CoC's homeless population as a whole? (1 pt)</p> <p>If yes, how did your agency achieve an equitable mirroring of program participants compared to the homeless population demographics in the CoC</p> <p>If not, how is your agency working to improve outreach and assess policies that may be contributing to this racial disparity?</p>	<p>1-Point if agency explains either: how they achieved an equitable mirroring of program participants compared to the homeless population demographics in the CoC; or a thorough plan to improve outreach and assess policies that may be contributing to this disparity.</p>

<p>Additionally, when considering which projects to select in their local competition to be included in their application to HUD, CoCs should ensure privacy, respect, safety, and access regardless of gender identity or sexual orientation in projects.</p>	<p>How does your agency ensure housing and services that is private, respectful, safe, and accessible regardless of gender identity or sexual orientation?</p>	<p>1-Point - for noting the agency updates their anti-discrimination policy utilizing input from organizations with expertise in serving LGBTQ+ populations.</p> <p>1-Point - for noting the agency provides training on how to ensure private, respectful, safe, and accessible housing and services regardless of gender identity or sexual orientation.</p>

Interview questions were formulated based on HUD priorities as outlined in the 2022 NOFO. Check out the HUD priorities that informed Part 3 new project interview questions here: [NOFO - 2022 | CARES of NY, Inc. \(caresny.org\)](https://www.caresny.org/NOFO-2022).

How to Have a Successful Interview:

- **Prepare responses to each interview question in advance.** Applicants will only have the time allotted for your interview to respond to each question, so preparation is key to maximize your opportunity to gain all available points.
- **Keep responses succinct.**
- For agencies interviewing for more than one project, make sure to note when a response applies to some or all projects and when a distinction needs to be made. Each project will be scored separately.

Dear Sample,

On behalf of the Southern Tier Homeless Coalition, we would like to thank Sample Agency for its application, Sample Application Name, for bonus funding through NY-511's FY22 Continuum of Care local competition. Unfortunately, through the Rank and Review process for New Projects, your application was chosen to be reduced in the amount of \$54,000.

Although the project was eligible and strong, your project was ranked outside of the eligible funding amount after the combined total of accepted applications. Although the full project amount was eligible, it is the recommendation of the CoC Committee to reduce funds in order to more effectively meet the unique needs of the most vulnerable in NY 511.

Summary:

Agency: Sample Agency
Project name: Sample Application Name
Project score: 98/206
Funding amount requested: \$154,968
Funding reduced by: \$54,000
Status: Reduced

Dear Sample,

On behalf of the Southern Tier Homeless Coalition, we would like to thank Sample Agency for its application, Sample Application Name, for bonus funding through NY-511's FY22 Continuum of Care local competition. Unfortunately, through the Rank and Review process for New Projects, your application was not selected to apply.

Although the project was eligible and strong, your project was ranked outside of the eligible funding amount after the combined total of accepted applications. This year, applications that indicated they would serve priority populations, as identified by the CoC, were prioritized during the Rank & Review process, which is one reason why your application was ultimately not selected to be included in this year's application for Bonus funding. The CoC encourages you to apply again if funding becomes available in future CoC competitions.

RE: CoC Award Commitment

Dear CoC Awardee,

Delaware Opportunities provides Section 8 rental assistance for all of Delaware County and newly dedicates vouchers (18) to the Ending Homelessness for DV Victims Program whether moving on or creating a direct housing option for those supported by RRH supportive services. This letter confirms the commitment of Section 8 vouchers in the support of 18 participants (25% x 70 participants) to be supported as described in the DV Bonus Application, Ending Homelessness for DV Victims, submitted to NY-511 as part of their CoC proposal.

This support provides approximately \$89,532 annually (12 months x 18 participants based on NY 904 statewide and Hap and utility reimbursement figures) in support of DV victims. The project is slated to begin on or around August 2023 for a three-year contract period.

Sincerely,

Lynda Hitt
