1. **CoC Number and Name:** NY-522 - Jefferson, Lewis, St. Lawrence Counties CoC
2. **Collaborative Applicant Name:** CARES of NY, Inc.
3. **Project Name:** Points North CoC Planning Project (2022)
4. **Component Type:** CoC Planning Project Application

2B. Project Description

1. Provide a description that addresses the entire scope of the proposed project and how the Collaborative Applicant will use grant funds to comply with 24 CFR 578.7:

Funding through this project will be used to coordinate the implementation of a housing and service system to prevent and end homelessness within the PNHC CoC. Proposed planning activities fall within three categories: 1) coordination and HUD compliance; 2) project evaluation and monitoring; and 3) CoC application development. Coordination and compliance activities will focus on facilitating CoC Board selection, scheduling and facilitating Board meetings, ensuring public invitations for CoC Membership meetings, encouraging representation at the Board, Membership and Committee levels that reflect the community served, and facilitating the annual review of CoC By-Laws, as required of CoCs by Subpart B of 24 CFR Part 578. Planning staff will continue to support the CoC in engaging systems partners as noted within the PNHC Strategic Plan to Prevent, Reduce and Combat Homelessness; specifically, stakeholders from the homeless prevention, foster care, criminal justice, health, mental and behavioral health and code enforcement systems, in an effort to improve efficiencies between the systems and reduce entries to homelessness. Planning Staff will review and monitor system performance measures to determine progress in meeting community homelessness needs and identify strategies to improve performance outcomes as a community; and will coordinate and submit the annual PIT and HIC reports. Additional coordination activities to prevent and end homelessness will include professional training and development, as staff will continue to plan and host workshops on topics such as addressing racial inequity in homelessness, Housing First, Trauma-Informed Care, landlord engagement, engaging people with lived experience of homelessness in CoC decision-making, and safety planning for survivors of domestic violence. Activities focused on project evaluation and monitoring will include the review/realignment of CoC program performance targets, system performance measures, and written standards to ensure a systemic response to homelessness. Staff will also coordinate with the CoC to ensure the coordinated entry (CE) system is operating within the parameters of the CE policy and procedure manual. Grant funds will be used to allow staff to work directly with the Operations Committee to monitor and evaluate CoC and ESG programs and provide technical assistance, ensuring each program is meeting or working towards community determined priorities, as required by Subpart B of 24 CFR Part 578. Within activities under the third category, CoC application development, planning funds will be used to coordinate and submit the annual CoC application. Staff will ensure completion of the consolidated application; will work with the Board to establish annual priorities for funding projects; and will work with community stakeholders to ensure a collaborative process for developing, approving, and submitting project applications, as noted in Subpart B of 24 CFR Part 578.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

The proposed schedule, management plan, and method for assuring effective and timely completion of work is based on the current successful structure. The goal of the project is to ensure the CoC is compliant with regulations and is steadily on the path to ending homelessness. Activities focused on implementing the PNHC Strategic Plan will begin immediately and will continue throughout the grant, as this is a key activity in coordinating the implementation of a housing and service system that will prevent and end homelessness within the CoC. Activities focused on coordination of the CoC and compliance will continue from the current grant and will occur on a monthly basis as coordinating CoC meetings, Board development, and review of system performance data and APRs occur. Activities focused on professional development and trainings will begin immediately and will continue throughout the grant. Activities focused on project monitoring and evaluation will continue from the current grant, including providing technical assistance to funded housing providers as requested. Activities focused on preparing the application for CoC funds will begin immediately but will mainly occur during the period directly after the NOFO is released. The management plan in place will ensure timely start/continuation of the project if awarded. All proposed activities are overseen by the Planning Unit Director who reports to CARES Deputy Director, Executive Director and the CoC Board of Directors. Proposed funding will support a portion of five staff positions (.52 FTE) in order to complete the proposed activities. These positions will be dedicated to community outreach and strategic planning, monitoring and compliance, system performance and coordinated entry. The Management Plan will include regular oversight of documented proposed activities by the CoC Board. Staff will report monthly at Board Meetings on progress. In order to ensure accountability, the Collaborative Applicant's Scope of Work is reviewed annually by the CoC, documenting anticipated activities and is available to full membership on CARES' website. In addition, semi-annually the Director reports to full membership detailing completed activities as well as upcoming activities which will be posted on the website. This reporting will ensure effective and timely completion of all work.

3. How will the requested funds improve or maintain the CoC's ability to evaluate the outcome of CoC and ESG projects?

Requested funds will improve the CoC’s ability to evaluate outcomes of CoC and ESG projects by allowing planning staff to continue to work collaboratively with the CoC Operations Committee and the NYS Office of Temporary and Disability Assistance (OTDA). Current Planning funds allow dedicated staff to play an intricate role coordinating and implementing the monitoring and evaluation process. Project evaluation involves three main components: Annual Performance Report (APR) Reviews, Peer Technical Assistance Reviews, and review of program impact on Systems Performance. Project evaluation requires programs to annually submit APRs for review to Planning staff at least 60 days prior to submitting the APR to HUD to ensure data quality. In addition, project operations are evaluated annually via a peer monitoring. Operations Committee members and Planning staff monitor important CoC and ESG project areas such as HMIS compliance, equal access to housing regardless of gender identity, housing quality standards, financial management, and homeless status and disability documentation. Planning staff draft a report on behalf of the Operations Committees and develop a Corrective Action Plan if necessary. All reports are available to the Board for review. Planning staff also support ESG monitoring by providing CAPER data to the NYS Office of Temporary and Disability Assistance (OTDA), the State ESG grantee. With the proposed funding, dedicated staff will continue to implement the Plan and will develop next steps to ensure systems level performance monitoring and improvement. Staff will work to ensure effective and efficient evaluation of program outcomes, shifting the focus of outcomes from project specific to system-wide. In order to ensure systems level change and improvement, Planning staff will continue to work to educate the community on Systems Performance Measures and will monitor systems level performance for CoC and ESG funded programs.
