Coordination & compliance activities will focus on facilitating CoC Board selection, scheduling & facilitating Board meetings, ensuring public invitations for CoC Membership meetings, encouraging representation at the Board, Membership & Committee levels that reflect the community served, & facilitating the annual review of CoC Operating Policies & Procedures, as required of CoCs by Subpart B of 24 CFR Part 578. Planning staff will continue to support the CoC in engaging systems partners (i.e. stakeholders from the homeless prevention, workforce development, physical, mental & behavioral health systems) to improve efficiencies between systems & reduce entries to homelessness. Planning Staff will review system performance measures to determine progress in meeting homelessness needs & identify strategies to improve performance outcomes as a community; & will confirm submission of the annual PIT & HIC reports. Additional coordination activities will include professional training & development, as staff will continue to plan & host workshops on topics such as addressing racial inequity in homelessness, Housing First, Trauma-Informed Care, landlord engagement, engaging people with lived experience of homelessness in CoC decision-making, & safety planning for survivors of domestic violence.

Activities focused on project evaluation & monitoring will include the review/realignment of CoC program performance targets, system performance measures, & written standards to ensure a systemic response to homelessness. Staff will also coordinate with the Coordinated Entry (CE) Lead to ensure the CoC Board is abreast of all HUD regulations related to CE. Specifically, grant funds will allow planning staff to work directly with the NOFA Committee to monitor & evaluate CoC & ESG programs & provide technical assistance, ensuring each program is meeting or working towards community determined priorities, as required by Subpart B of 24 CFR Part 578. Grant funds will support planning staff in facilitating membership and committee meetings to coordinate services within the CoC to ensure a collaborative and effective housing and services system that engages partners across functional areas and specialties in this 6-county CoC. Activities focused on participation in the Consolidated Plan will include providing HIC & PIT data to Consolidated Plan jurisdictions & informing the plans' descriptions of how the communities will utilize available federal funds to work towards preventing & ending homelessness. Within activities under the fourth category, CoC application development, planning funds will be used to coordinate & submit the annual CoC application. Staff will ensure completion of the consolidated application; will work with the Board, Membership & NOFA Committee to establish annual priorities for funding projects; & will work with community stakeholders to ensure a collaborative process for developing, approving, & submitting project applications, as noted in Subpart B of 24 CFR Part 578.

**2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.**

The proposed schedule, management plan, and method for assuring effective and timely completion of work is based on the current successful structure. The goal of the project is to ensure the CoC is compliant with regulations and is steadily on the path to ending homelessness. Activities focused on coordination of the CoC and compliance will continue from the current grant and will occur monthly as coordinating CoC meetings, Board development, and review of system performance data occur. Activities focused on professional development and training will continue from the current grant and will occur throughout the timeframe of the proposed grant. Activities focused on project monitoring and evaluation will continue from the current grant, including providing technical assistance to funded housing providers as requested. Activities focused on participation in the Consolidated Plan will occur on an annual basis during plan drafting/updating. Activities focused on preparing the application for CoC funds will begin immediately but will mainly occur during the period directly after the NOFO is released. The management plan in place will ensure timely start/continuation of the project if awarded. All proposed activities are overseen by the Planning Unit Director who reports to CARES' Deputy Director, Executive Director and the CoC Board of Directors. Proposed funding will support a portion of six staff positions in order to complete the proposed activities. These positions will be dedicated to community outreach and strategic planning, monitoring and compliance, system performance and coordinated entry. The Management Plan will include regular oversight of documented proposed activities by the CoC Board. Staff will report monthly at Board Meetings on progress. To ensure accountability, the Planning Lead's Scope of Work, which documents anticipated activities, is reviewed and voted on annually by the CoC and is available to full membership on CARES' website. In addition, semi-annually the Director reports to full membership detailing completed activities as well as upcoming activities which will be posted on the website. This reporting will ensure the effective and timely completion of all work.

**3. How will the requested funds improve or maintain the CoC's ability to evaluate the outcome of CoC and ESG projects?**

.Requested funds will improve the CoC’s ability to evaluate outcomes of CoC and ESG projects by allowing planning staff to continue to work collaboratively with the NOFA Committee and the City of Binghamton. Current Planning funds allow dedicated staff to play an intricate role coordinating and implementing the monitoring and evaluation process for CoC and ESG funded applicants. Project evaluation involves three main components: Annual Performance Report (APR) Reviews, Peer Technical Assistance Reviews, and review of program impact on Systems Performance. Project evaluation requires programs to annually submit APRs for review to Planning staff and the NOFA Committee at least 60 days prior to submitting the APR to HUD to ensure data quality. In addition, project operations are evaluated annually via peer monitoring. NOFA Committee members, the HMIS Lead, and Planning staff monitor important CoC and ESG project areas such as HMIS compliance, equal access to housing regardless of gender identity, housing quality standards, financial management, and homeless status and disability documentation. Project data and compliance information is collected through this peer-monitoring process, which is facilitated by Planning staff. Planning staff then draft a report based on all data collected through the monitoring process on behalf of the NOFA Committee, and develop a Corrective Action Plan and recommendations for program improvements if necessary. All reports are available to the Board for review. With the proposed funding, dedicated staff will continue to implement the Plan and will develop next steps to ensure systems level performance monitoring and improvement. Staff will work to ensure effective and efficient evaluation of program outcomes, shifting the focus of outcomes from project specific to system wide. To ensure systems level change and improvement, Planning staff will continue to work to educate the community on System Performance Measures and will monitor systems level performance for CoC and ESG funded programs
