# SECTION 1: GENERAL OVERVIEW

# 1A. NY-606 SYSTEM PERFORMANCE OVERVIEW

The NY-606 Rockland County CoC LSA is generated from the data entered in the CARES Collaborative HMIS (CCHMIS) by the Continuum's Contributing Homeless Organizations (CHO).

Because this CoC does not have 100% HMIS participation from Homeless Services Providers (other than providers that are *\*prohibited* from HMIS participation) this report is not 100% reflective of the community.

The data in this report was captured by Stella. Stella is an assessment and analysis tool that assists CoCs in understanding how their systems perform. It also provides visual aids that makes data digestible which assists in addressing homelessness within a geographic area.
