You may update each of the projects simultaneously. To review a project on the YHDP Replacement and YHDP Reallocation Project Listing, click on the magnifying glass next to each project to view project details. To view the actual project application, click on the orange folder. If you identify errors in the project application(s), you can send the application back to the project applicant to make necessary changes by clicking the amend icon. It is your sole responsibility for ensuring all amended projects are resubmitted, approved and ranked (if applicable) or rejected on this project listing BEFORE submitting the CoC Priority Listing in e-snaps.

As stated in the FY 2024 - FY 2025 NOFO, YHDP Renewal, YHDP Reallocation and YHDP Replacement applications must not be ranked.  
[https://www.hud.gov/program\\_offices/comm\\_planning/coc/competition](https://www.hud.gov/program_offices/comm_planning/coc/competition).

**WARNING:** If you amend project applications back to project applicants to make changes or corrections in e-snaps, you must approve the resubmitted project applications. If you do not approve the resubmitted project applications, they will not be included on your CoC’s Priority Listings, which could result in your CoC losing funding. HUD lacks the authority to fund projects unless they are included on the Priority Listings, which informs HUD which projects your CoC is accepting.

## NEW PROJECTS

### Steuben Church People Against Poverty DBA Arbor Housing and Development

#### **DV Transitional and Rapid Rehousing**

Target population: individuals and families that are currently or have been suffering from domestic violence barriers. Domestic violence can happen to anyone regardless of race, age, sexual orientation, religion, sex or gender identity. Often, barriers that DV victims and their families face, are finding safe, affordable housing, financial and physical barriers. The transitional housing program has operated for over 9 years, providing a one year steppingstone to victims and their children, with wrap around services. Survivors identify goals, short term and long term, that would provide an opportunity to become independent and free from abuse. Applying for additional RRH opportunity to fund 3 additional units for up to two years. If funded, these units would be scattered sites. Operational costs, rental stipends, and salary and fringe, in addition to travel would be provided to help people quickly move out of homelessness and become self-sufficient. Often, barriers that DV victims and their families face, are finding safe, affordable housing, financial and physical barriers. These two housing opportunities help break down these barriers.

### Catholic Charities of Chemung Schuyler

#### **CE Expansion**

Coordinated Entry leads in all five counties, the CoC CE lead, HMIS Administrator, CE County leads, and CE stakeholders meet monthly to ensure data quality, compliance to policy and procedure and HUD standards, and review or implementation of any change to existing policy and procedure to present to the NY-501 Board for approval. The CoC board approves at minimum annually the CE Policy and Procedure Manual. The CoC CE Lead participates in CARES-NY lead statewide CE lead calls at minimum quarterly for statewide updates and changes in HUD standards. CARES-NY provides guidance through the assigned Director of Client Services directly to the CoC CE Lead and county specific CE Leads through monthly meetings. In addition, the NY-501 CE process undergoes annual evaluation (which began in 2024). All staff across the CoC who participate at any level in the CE process are offered a survey to identify areas of improvement, disparities, and efficacy of the existing CE process. The survey is conducted on an anonymous level, results are gathered by the CoC CE lead, presented to the Rank and Review Committee for feedback and then shared with the CE Committee and finally with the CoC Board. These efforts are a steppingstone to eventually be able to conduct surveys with those who are accessing coordinated entry.

### Chances and Changes, Inc.

#### **PSH Expansion**

Assisting those who are permanently disabled with housing supports was and has been identified as a priority area in our NY 501 CoC. Though our target population are those with a "permanent disability or disabilities" and unable to work most jobs regularly, it is difficult to achieve increased income in most traditional ways. However, we have started to work more with VESID and they have been and continue to be a positive resource and additional supports to those in this PSH program. We are also working on our certification for the AWARDS certification with HUD to best assist those applying for

SSI/SSD application assistances. We plan to add an additional 4 units (to the original 8) to assist this program as we have not been able to meet the need for this aspect of the housing supports we can provide the past year plus. Rents have also increased since last cycle and we also have the need for more "family size" units.

#### **TH/RRH Expansion**

Assisting those who are domestic violence victims with housing supports was and has been identified as a priority area in our NY 501 CoC. Though our target population are those with domestic violence barriers often including life-long traumas for many. Many victims, as part of the DV dynamics have previous "issues" d/t the domestic violence that affected their housing as well as finances in general - many have evictions and poor credit as well as limited employment. We plan to add an additional 8 units to assist in expanding this program as we have not been able to meet the need for this aspect of the housing supports we can provide the past year plus. Rents have also increased since last cycle and we also have the need for more "family size" units" and trauma informed and practicing support services. We have currently projected out our present case load on this grant and will have utilized rent assistance before the grant ends and we now have a waiting list for these housing supports that keeps on growing.
