

Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

1. the CoC Application,
2. the CoC Priority Listing, and
3. all the CoC's project applications that were either approved and ranked, or rejected.

As the Collaborative Applicant, you are responsible for reviewing the following:

1. The FY 2024 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
2. The FY 2024 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
3. All information provided to ensure it is correct and current.
4. Responses provided by project applicants in their Project Applications.
5. The application to ensure all documentation, including attachment are provided.

Your CoC Must Approve the Consolidated Application before You Submit It
- 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2024 CoC Program Competition on behalf of your CoC.
- 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.

Answering Multi-Part Narrative Questions

Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

Attachments

Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.

- Attachments must match the questions they are associated with—if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.

- We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

1B-1a.	Experience Promoting Racial Equity.	
	NOFO Section III.B.3.c.	

Describe in the field below your CoC's experience in effectively addressing the needs of underserved communities, particularly Black and Brown communities, who are substantially overrepresented in the homeless population.

(limit 2,500 characters)

NY-512 is committed to identifying and enacting system changes to improve how the CoC directly addresses the needs of underserved communities, particularly the substantially overrepresented BIPOC communities. A.2) The CoC successfully advances racial equity through actions taken as participants of the Regional Racial Justice Advisory Committee (RRJAC). Through RRJAC participation, the CoC worked collaboratively with the Collaborative Applicant and the HMIS and CE Leads to conduct quantitative and qualitative analysis. Actionable steps taken over the past year include CoC reporting on the Board/Membership Diversity Assessment Survey and the development of a Persons with Lived Experience Committee. To identify inequalities of diversity within leadership of the local homeless service system, the CoC reviewed demographics of the Board and Membership to identify if leaders were reflective of those served through the local homeless system; with priority of comparing Board demographics. To accurately document housing and service needs of overrepresented persons, the CoC is in the process of developing a Persons with Lived Experience Committee. This Committee will be solely comprised of persons who have lived expertise, and it will provide input in the design, planning, and implementation of programs and activities to improve the system and CoC governance structure. To ensure equity, the Committee will be reflective of the local homeless population, with representation of persons from communities who are substantially overrepresented in the homeless population.

1B-2.	Open Invitation for New Members.	
	NOFO Section V.B.1.a.(2)	
	Describe in the field below how your CoC:	
	1.	communicated a transparent invitation process annually (e.g., communicated to the public on the CoC's website) to solicit new members to join the CoC;
	2.	ensured effective communication and access for persons with disabilities, including the availability of accessible electronic formats; and
	3.	invited organizations serving culturally specific communities experiencing homelessness in your CoC's geographic area to address equity (e.g., Black, Latino, Indigenous, LGBTQ+, and persons with disabilities).

(limit 2,500 characters)

1) The CoC communicates the invitation process annually to solicit new members to join the CoC by a) sharing the invitation & New Member app via the CoC’s website, b) asking listserv recipients to forward invitations, c) announcements at full Membership meetings encouraging current members to invite others, & d) phone conversations w/ key systems partners focusing on the benefits & responsibilities of CoC membership. The Membership app is posted year-round on the CoC’s website & accepted on a rolling basis. Additionally, to solicit new members to join the CoC, the CoC assesses current members & conducts targeted outreach. Annually, the CoC Board assesses what orgs participate in CoC Membership, on the Board, & on Committees, & identifies missing stakeholders to engage to support community efforts to address homelessness. The Board creates an outreach plan in collab w/the Collaborative Applicant. 2) The CoC ensures effective communication w/ individuals w/ disabilities by sharing invitations/apps in a variety of accessible electronic formats, including the CoC webpage, which is responsive to screen reader software & email listservs. 3) The CoC has invited orgs serving culturally specific communities experiencing homelessness to become members by a) assessing representation at the Membership & Board levels through an annual Diversity Assessment tool & b) conducting targeted personal outreach when representation among orgs serving culturally specific communities experiencing homelessness is lacking. As a result of this outreach, the National Pros & Cons Association (BIPOC owned and operated) joined the membership and Troy Area United Ministries (focused on civil rights, equity, & inclusion) sits on the Regional Racial Justice Advisory Committee (RRJAC) and the Board. Additionally, new members are encouraged to watch the recorded CoC 101 series that was developed with the RRJAC with a racial equity lens and is posted to CoC webpage which provides a comprehensive overview of the CoC, its benefits & requirements to encourage diverse participation on membership & Board.

1B-3.	CoC's Strategy to Solicit/Consider Opinions on Preventing and Ending Homelessness.	
	NOFO Section V.B.1.a.(3)	
	Describe in the field below how your CoC:	
1.	solicited and considered opinions from a broad array of organizations and individuals that have knowledge of homelessness, or an interest in preventing and ending homelessness;	
2.	communicated information during public meetings or other forums your CoC uses to solicit public information;	
3.	ensured effective communication and access for persons with disabilities, including the availability of accessible electronic formats; and	
4.	took into consideration information gathered in public meetings or forums to address improvements or new approaches to preventing and ending homelessness.	

(limit 2,500 characters)

1) The CoC uses specific strategies to solicit & consider opinions from a broad array of orgs & individuals w/ knowledge of/interest in preventing & ending homelessness. Input is solicited from knowledgeable stakeholders (e.g., persons w/lived experience, housing providers, physical/mental/behavioral health providers, law enforcement/parole, faith-based orgs, & gov't agencies). Strategies to solicit opinions include web-based forums (e.g., interactive webinars/trainings, email listservs, & an email submission form on Collab Applicant's (CA's) website), regular interviews w/ current program clients, & recruiting agencies to join the CoC. The CoC has developed, presented at CoC Membership, recorded, & stored on its website for public viewing a CoC 101 presentation series to communicate info about the CoC to potential new members. The CA leads a workshop series w/ expert panelists from the community which is intended to solicit feedback & spark dialogue on topics relevant to the community. These workshops reach interested parties across the community through live streaming/archived videos. 2) The CoC communicated info during public meetings &/or other forums year-round through direct community interaction (e.g., CoC Membership meetings held 6x yearly, web postings, & email listservs). 3) The CoC ensures effective communication w/& access for individuals w/ disabilities through online, in-person, & public events and/or meetings by sharing info (invites/apps, workshops, solicitation for public input, etc.) in a variety of accessible electronic formats, including the CoC webpage, which is responsive to screen reader software (e.g., accessibility tags to PDF docs), at housing &/or human services public events/venues, & email listservs. 4) Information gathered through this outreach is considered by the CoC to develop new approaches to prevent/end homelessness (e.g., forming the Systems Committee to methodically engage landlords/housing partners, a result of opinions expressed from clients & providers during focus groups for the CoC's strategic planning; utilizing input at CoC membership meetings/funding forums to determine priorities for ESG, CoC, & HOME-ARP funding). Minutes taken at every public meeting provide the CoC Board with opinions/topics to consider how further work may be assigned to one of seven active committees. Committees update the Board on findings & suggest next steps, & all developments are shared during full Membership meetings.

1B-4.	Public Notification for Proposals from Organizations Not Previously Awarded CoC Program Funding.	
	NOFO Section V.B.1.a.(4)	
	Describe in the field below how your CoC notified the public:	
1.	that your CoC will consider project applications from organizations that have not previously received CoC Program funding;	
2.	about how project applicants must submit their project applications—the process;	
3.	about how your CoC would determine which project applications it would submit to HUD for funding; and	
4.	ensured effective communication and access for persons with disabilities, including the availability of accessible electronic formats.	

(limit 2,500 characters)

1) The CoC notified the public the local competition was open and accepting project applications (including ones from non-CoC funded organizations) via a public posting on the Collab Applicant's (CA's) website & listserv email announcement, which recipients were encouraged to forward to non-CoC funded members. A public posting on the CA's website, an email invitation, & notifications to Troy Business Improvement District and Troy Chamber of Commerce explicitly targeted non-CoC funded organizations, community stakeholders & the public to participate in an in-depth discussion (via webinar) about new CoC funding opportunities. The discussion and Q & A were recorded and posted on the CA website for agencies/public to reference throughout the application process. The invitation to potential applicants stated that "[agencies] do not have to be currently CoC funded to apply." 2) All communications made clear that proposals must be submitted via email to the CA using the New Project, DV Bonus Project, or HMIS/CE Bonus Project apps posted on the CA website. The webinar detailed the application process, including eligibility, and ensured all parties understood the method for submitting proposals. CA staff were available throughout the process to field questions from the public. 3) The CoC notified the public on how the CoC would determine which project/s would be submitted to HUD, including how the CoC scored apps, minimum requirements for applications to be considered, threshold requirements, & prioritized subpopulations, through public posting of the Written Process on the CoC website; announcements via the membership listserv; & by communicating local competition priorities and the Rank & Review process during the webinar & Membership meetings. The CoC determines if projects will be submitted to HUD for funding using a CoC-created and approved Rank & Review process that includes criteria to score all new projects based on local community need, HUD best practices, agency experience, equitable program outcomes, fiscal capacity, etc. The tool makes clear additional points are awarded to non-CoC funded agencies. Membership reviews all projects within the Priority Listing. The Board provides final approval for all new projects. 4) The CA ensured effective communication with individuals with disabilities by posting content & documents on its website that are responsive to screen-reader software (e.g., accessibility tags to PDF documents).

1C-2.	CoC Consultation with ESG Program Recipients.	
	NOFO Section V.B.1.b.	

In the chart below select yes or no to indicate whether your CoC:

1.	Consulted with ESG Program recipients in planning and allocating ESG Program funds?	Yes
2.	Provided Point-in-Time (PIT) count and Housing Inventory Count (HIC) data to the Consolidated Plan jurisdictions within its geographic area?	Yes
3.	Ensured local homelessness information is communicated and addressed in the Consolidated Plan updates?	Yes
4.	Coordinated with ESG recipients in evaluating and reporting performance of ESG Program recipients and subrecipients?	Yes

1C-3.	Ensuring Families are not Separated.	
	NOFO Section V.B.1.c.	

Select yes or no in the chart below to indicate how your CoC ensures emergency shelter, transitional housing, and permanent housing (PSH and RRH) do not deny admission or separate family members regardless of each family member's self-reported sexual orientation and gender identity:

1.	Conducted mandatory training for all CoC- and ESG-funded service providers to ensure families are not separated?	Yes
2.	Conducted optional training for all CoC- and ESG-funded service providers to ensure family members are not separated?	Yes
3.	Worked with CoC and ESG recipient(s) to adopt uniform anti-discrimination policies for all subrecipients?	Yes
4.	Worked with ESG recipient(s) to identify both CoC- and ESG-funded facilities within your CoC's geographic area that might be out of compliance and took steps to work directly with those facilities to bring them into compliance?	Yes
5.	Sought assistance from HUD by submitting questions or requesting technical assistance to resolve noncompliance by service providers?	No

1C-4.	CoC Collaboration Related to Children and Youth—SEAs, LEAs, School Districts.	
	NOFO Section V.B.1.d.	

Select yes or no in the chart below to indicate the entities your CoC collaborates with:

1.	Youth Education Provider	Yes
2.	State Education Agency (SEA)	Yes
3.	Local Education Agency (LEA)	Yes
4.	School Districts	Yes

1C-4a.	Formal Partnerships with Youth Education Providers, SEAs, LEAs, School Districts.	
	NOFO Section V.B.1.d.	

Describe in the field below the formal partnerships your CoC has with at least one of the entities where you responded yes in question 1C-4.

(limit 2,500 characters)

The CoC has formal partnerships w/youth ed. providers, State Ed. Agencies (SEA), Local Ed. Agencies (LEA), & School Districts by engaging such agencies to fill out CoC Membership & Board applications (formal agreement); participate in the Regional Advisory Board on Youth Homelessness (RABYH); formally partner during the annual PIT Count & agreeing to partner in the CoC's concept & application for the YHSI grant. The CoC engages youth ed. providers, SEAs, LEA's, & school districts through annual one-on-one outreach by the Collab. Applicant (CA) & CoC Board to join the CoC & fill out formal CoC Membership/Board applications. As a result, the CoC recruited Commission on Economic Opportunity (Head Start provider) & Vanderhyden (special ed. provider) to join the CoC Membership & committees. The CoC engages, through invitations to participate, youth ed. providers, SEA, LEA, & school districts to attend monthly RABYH committee meetings, facilitated by the CA. RABYH is comprised of CoC reps from upstate NY that work collaboratively to identify the extent of youth homelessness, advocate for resources, & address concerns identified regionally in programs/policies related to youth homelessness. Reps from the CoC on the RABYH include youth ed. providers & school districts, such as: Unity House (operates an early childhood ed. program & youth drop-in center). Youth ed. providers in collab. with the RABYH created a regional systems map of services available to unaccompanied youth & youth experiencing homelessness to assist in connecting youth to local resources while minimizing the disturbances to their ed. The CoC annually partners w/youth ed. providers & school districts by asking these agencies to commit in writing to assist with the annual PIT count. The CoC collects data from participating youth ed. providers & school districts (i.e., McKinney-Vento Liaisons) that report demographics on youth at-risk of/ experiencing homelessness. This data & trending data analyzed from the last several years, is used to inform the RABYH action plan for the upcoming year. Finally, The CoC further formalized these partnerships for the future through its successful award of the YHSI grant. This award ensures the CA will partner w/ Unity House to create and staff a Youth Action Board, develop & implement a Coordinated Entry system for youth, & work on housing coordination & comprehensive data analysis to ensure equity.

1C-4b.	Informing Individuals and Families Who Have Recently Begun Experiencing Homelessness about Eligibility for Educational Services.	
	NOFO Section V.B.1.d.	

Describe in the field below written policies and procedures your CoC uses to inform individuals and families who have recently begun experiencing homelessness of their eligibility for educational services.

(limit 2,500 characters)

The CoC has adopted policies & procedures within its Written Standards to ensure all programs consistently & accurately inform individuals & families who have recently begun experiencing homelessness about available education services & related eligibility. This CoC policy requires CoC providers serving households w/children designate a specialized staff person to serve as the educational liaison to inform individuals & families of their eligibility for schooling & to provide direct support to set up services to ensure no disruption in current education services for students entering shelter or transitioning from shelter into permanent housing. Specifically, educational liaisons are responsible for ensuring children continue to be enrolled in school & connected to age-appropriate services in the community (e.g., Head Start, Public Pre-K, Individuals w/Disabilities Education Act Part C: Infant & Toddler Program, McKinney-Vento Education Services as well as county opportunities for High School Equivalency (HSE), job training, workforce development & higher education courses). Educational liaisons are expected to connect & work w/homeless individuals, families, schools, & education programs to ensure the most appropriate educational services are made available & barriers to accessing these educational services are removed. For example, staff are required to coordinate w/ McKinney-Vento Liaisons in families' existing school districts to coordinate transportation services & ongoing enrollment. The Regional Advisory Board on Youth Homelessness regularly conducts a survey of all CoC funded agencies to collect contact information on identifying agency appointed staff serving as the educational liaison. Moving forward, the CoC program monitoring process will incorporate a review of agency connection w/the local schools & corresponding McKinney-Vento representatives & will follow protocols to ensure all children are appropriately served by their school. At the CoC system level, the CoC fosters strong partnerships w/education via the McKinney-Vento liaisons by encouraging liaison participation on the CoC Board & relevant committee work. The CoC attempts to meet at least annually w/McKinney-Vento liaisons to specifically review CoC policies & procedures to ensure full compliance & best practice w/regulations. Lastly, the Department of Social Services links individuals & families to accessible job training & higher education courses within the county.

1C-4c.	Written/Formal Agreements or Partnerships with Early Childhood Services Providers.	
	NOFO Section V.B.1.d.	

Select yes or no in the chart below to indicate whether your CoC has written formal agreements or partnerships with the listed providers of early childhood services:

	MOU/MOA	Other Formal Agreement
1. Birth to 3 years	Yes	Yes

1C-5.	Addressing Needs of Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking—Collaboration with Federally Funded Programs and Victim Service Providers.
	NOFO Section V.B.1.e.

In the chart below select yes or no for the organizations your CoC collaborates with:

	Organizations	
1.	State Domestic Violence Coalitions	Yes
2.	State Sexual Assault Coalitions	Yes
3.	Anti-trafficking Service Providers	Yes
	Other Organizations that Help this Population (limit 500 characters)	
4.	Victim Service Providers: Unity House	Yes

1C-5a.	Collaborating with Federally Funded Programs and Victim Service Providers to Address Needs of Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.
	NOFO Section V.B.1.e.

Describe in the field below how your CoC regularly collaborates with organizations that you selected yes to in Question 1C-5 to:

1.	update CoC-wide policies; and
2.	ensure all housing and services provided in the CoC's geographic area are trauma-informed and can meet the needs of survivors.

(limit 2,500 characters)

The CoC regularly collaborates with NYS’s Domestic Violence Coalition, NYS’s Coalition Against Sexual Assault, Anti-Trafficking Service Providers and other organizations that help survivors of DV to update CoC policies. These collaborations ensure Victim Service Providers (VSPs) are informed and assist in the process of developing and updating CoC-wide policies and ensure all housing and services provided in the CoC are trauma-informed and meet the needs of survivors who present at mainstream programs within the CoC. 1) Unity House, a VSP and part of the NYS DV and Sexual Assault Coalitions, actively participates on the Board, NOFA Committee and Membership. Unity House has been involved in the process of reviewing and approving the CoC governance charter and Written Standards, which also dictates standards for ESG funded programs. Unity House is also the lead agency for the parallel DV Coordinated Entry system serving survivors of domestic violence, dating violence, sexual assault, and stalking, and is active in developing CE processes within the CoC. Equinox, also a VSP and an anti-trafficking service provider, participates in Rensselaer CoC. Unity House participation has allowed the CoC to have access to perspectives of multiple VSPs in the region with overlapping service areas to better inform policies and procedures within the CoC. Unity House also participates in a Domestic Violence Regional Advisory Board on behalf of the CoC 2) Training provided by state coalitions to VSP’s, such as Unity House, ensures all housing and services provided in the CoC (which include ESG programs) are trauma-informed and meet the needs of providers through annual and as-needed training. The DV Regional Advisory Board, comprised of VSPs across New York State hosts annual safety planning training to all CoC member providers on trauma-informed care & best practices to meet the need of survivors. Policy adoption of a Housing First approach by all CoC-funded providers ensures that survivors presenting at any location will be served quickly and appropriately. Resources and training provided by state coalitions are shared at CoC membership and CE meetings. Finally, the CoC awards points in its NOFO Rank & Review process to agencies providing proof of trauma-informed care & provision of equitable services.

1C-5b.	Implemented Safety Planning, Confidentiality Protocols in Your CoC’s Coordinated Entry to Address the Needs of Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	
	Describe in the field below how your CoC’s coordinated entry addresses the needs of DV survivors by including:	
1.	safety planning protocols; and	
2.	confidentiality protocols.	

(limit 2,500 characters)

The CoC's Coordinated Entry (CE) process includes policies & procedures in place ensuring 1) safety protocols and 2) confidentiality protocols for survivors of domestic violence, dating violence, sexual assault & stalking to safely access needed services, as outlined in the CE Policies & Procedures Manual & the Written Standards (addendum: Emergency Transfer Plan). 1) The CoC's CE safety protocols include adopting a "No Wrong Door" approach; implementing safety planning; & offering referrals to DV providers. This approach ensures housing assessments are completed at the location survivors present for housing and feel safest at the time. The CoC coordinates housing referrals of both DV/ non-DV providers to ensure mainstream housing programs adhere to DV safety protocols (i.e. implementing a safety plan w/ clients) and providing survivors w/ a wide range of service options. Survivors presenting at non-DV providers are offered to be linked w/ DV services via a phone assessment. 2)Confidentiality protocols involve gathering only self-reported information from survivors within the HMIS. Clients have the option to skip questions to avoid providing information they are uncomfortable sharing in the system. In addition, the CoC also has an anonymization policy that facilitates the collection of de-identified data during intake. This allows for the Coordinated Entry assessment to be completed for a client without sensitive information being entered into the main CE database. The CoC CE confidentiality protocol requires each client participating within the CE project to complete the HMIS inclusion disclosure form. This document clearly informs clients of their rights surrounding data collection & entry - including the right to refuse entry into the HMIS & instead choosing to use the comparable database w/ de-identified data. Another protocol for survivors in place for CE is the VAWA compliant informed consent forms which prohibit agencies from discussing client specific information with another participating provider agency. Finally, the CoC has a parallel & comparable CE database for survivors of DV, capturing only de-identified information. Victim Service Provider agency staff are trained annually in how to complete client intakes & service referrals.

1C-5c.	Coordinated Annual Training on Best Practices to Address the Needs of Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section V.B.1.e.	

In the chart below, indicate how your CoC facilitates training for project staff and coordinated entry staff that addresses best practices on safety planning and confidentiality protocols:

		Project Staff	Coordinated Entry Staff
1.	Training Occurs at least annually?	Yes	Yes
2.	Incorporates Trauma Informed best practices?	Yes	Yes
3.	Incorporates Survivor-Centered best practices?	Yes	Yes
4.	Identifies and assesses survivors' individual safety needs?	Yes	Yes
5.	Enhances and supports collaboration with DV organizations?	Yes	Yes
6.	Ensures survivors' rights, voices, and perspectives are incorporated?	Yes	Yes

1C-5d.	Implemented VAWA-Required Written Emergency Transfer Plan Policies and Procedures for Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	

Describe in the field below:	
1.	whether your CoC's written policies and procedures include an emergency transfer plan;
2.	how your CoC informs all households seeking or receiving CoC Program assistance about their rights to an emergency transfer;
3.	what your CoC requires households to do to request emergency transfers; and
4.	what your CoC does in response to households requesting emergency transfers.

(limit 2,500 characters)

1) The CoC has implemented the VAWA -required written Emergency Transfer Plan Policy (the Plan) and included it in both the CoC Written Standards and Coordinated Entry (CE) Policies and Procedures. The Plan is reviewed by both the CoC Board and membership annually. During the review, members discuss the Plan including eligibility, documentation required, confidentiality/safety precautions, and the transfer process itself. CoC members responsible for review include private sector, healthcare, housing, faith based and advocacy groups that forward information to all those seeking/receiving CoC program funding assistance. The Plan is posted on the CoC's website and updated as necessary. 2) The CoC communicates the plan for survivors to all households seeking/receiving CoC Program assistance by posting the CoC's policies and procedures (including the Plan) on the CoC's website, posting the process for individuals and families to request an emergency transfer and documenting the process the CoC uses to respond to transfer requests. This Plan identifies households who are eligible for an emergency transfer; the documentation needed to request an emergency transfer; confidentiality protections; and how an emergency transfer may occur. The CoC also provides training to providers on how to identify households who will benefit from the plan and how to discuss this process with households who request services. 3) To request an emergency transfer, a household must verbally notify the housing program's administrator and submit a written request. The CoC DV-CE and mainstream CE programs are responsible for educating case managers and clients involved in CE on how to request an emergency transfer. Once informed about the emergency transfer process, clients and case managers from referral agencies collaborate to ensure the client's safety and confidentiality. 4) The CoC responds to a household's emergency transfer request by quickly moving the survivor of domestic violence, dating violence, sexual assault, or stalking to a new unit, subject to the availability/safety of the unit. If the current housing program does not expect to have another unit available shortly, it will contact other housing programs to locate an available unit. De-identifiable information is provided to the partnering agency. The case manager working with those requesting an emergency transfer communicates with the case manager of the referral agency and initiates a warm hand off.

1C-5e.	Facilitating Safe Access to Housing and Services for Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	

Describe in the field below how your CoC ensures households experiencing trauma or a lack of safety related to fleeing or attempting to flee domestic violence, dating violence, sexual assault, or stalking have safe access to all of the housing and services available within your CoC's geographic area.

(limit 2,500 characters)

The CoC ensures survivors of domestic violence, dating violence, sexual assault or stalking are provided safe access to the same housing and services as all other populations experiencing homelessness within the CoC's geographic area by operating and monitoring a coordinated DV and mainstream Coordinated Entry Program (CE). The coordination of both CE programs ensures the same access to all housing and services to survivors as all other populations experiencing homelessness—not just assistance from victim service organizations within the CoC's geographic area. Unity House, a VSP and the DV-CE lead and Joseph's House, the mainstream CE lead, jointly host monthly case conferences with participating providers to review all clients placed on both CE wait lists. Providers work directly with both CE Leads to ensure safety and confidentiality protocols are in place for all participants with a focus on the unique needs of survivors. The CoC ensures households experiencing trauma or a lack of safety related to fleeing or attempting to flee domestic violence, dating violence, sexual assault, or stalking have safe access to all housing and services available within the CoC's geographic area through the CE process in numerous ways. The CoC's CE assessment tool was developed with CE participating providers including VSPs to ensure it is trauma informed. Questions are framed sensitively to avoid re-traumatization, ensuring clients feel safe and supported. The tool is client driven and focuses on a client's experiences and service needs as opposed to vulnerabilities. The CoC's policies and procedures ensure that in cases when immediate safety is a concern, there are established emergency protocols to expedite referrals to safe housing options. The CE process ensures all client information is kept confidential, with strict policies in place to protect participants' identities. This process includes safe data management practices and confidential communication methods. By incorporating these safety measures into the CE process, the CoC effectively establishes a safe environment for households facing trauma or insecurity, enabling them to access the housing and services they require.

1C-5f.	Identifying and Removing Barriers for Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	

Describe in the field below how your CoC ensures survivors receive safe housing and services by:

1.	identifying barriers specific to survivors; and
2.	working to remove those barriers.

(limit 2,500 characters)

The CoC proactively identifies systemic barriers within the homeless response system that create barriers to safely house and provide services to survivors of domestic violence, dating violence, sexual assault, or stalking. 1) Barriers specific to survivors include financial limitations as many survivors have limited access to financial resources making it difficult to afford rent, security deposits and utilities. In addition, poor credit history, often brought on by financial abuse, can make it difficult for survivors to secure rental agreements. Survivors also face the challenge of landlord discrimination based on history of evictions and/or poor rental history due to violent episodes or police involvement. Additionally, many survivors face legal challenges such as custody issues and protective orders which can complicate housing stability. 2) The CoC works to remove those barriers by ensuring regular assessment of the CE Policy and procedure manual, which details safety planning protocol, and by participating in and requesting feedback specifically regarding systemic barriers to housing from the DV Regional Advisory Board (DVRAB). This Committee is comprised of representatives from 12 NYS CoCs across the state, many of whom are Survivors with Lived Expertise themselves, who work collaboratively w/ local CoCs to directly inform CoC policy & program priorities & ensure survivor voices are heard. These proactive measures have allowed the CoC to better identify barriers and allowed mainstream and DV providers to better serve those in need.

1C-6.	Addressing the Needs of Lesbian, Gay, Bisexual, Transgender and Queer+--Anti-Discrimination Policy and Equal Access Trainings.	
	NOFO Section V.B.1.f.	

	1. Did your CoC implement a written CoC-wide anti-discrimination policy ensuring that LGBTQ+ individuals and families receive supportive services, shelter, and housing free from discrimination?	Yes
	2. Did your CoC conduct annual CoC-wide training with providers on how to effectively implement the Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity (Equal Access Final Rule)?	Yes
	3. Did your CoC conduct annual CoC-wide training with providers on how to effectively implement Equal Access in Accordance With an Individual's Gender Identity in Community Planning and Development Programs (Gender Identity Final Rule)?	Yes

1C-6a.	Anti-Discrimination Policy--Updating Policies--Assisting Providers--Evaluating Compliance--Addressing Noncompliance.	
	NOFO Section V.B.1.f.	

Describe in the field below:	
1.	how your CoC regularly collaborates with LGBTQ+ and other organizations to update its CoC-wide anti-discrimination policy, as necessary to ensure all housing and services provided in the CoC are trauma-informed and able to meet the needs of LGBTQ+ individuals and families;
2.	how your CoC assisted housing and services providers in developing project-level anti-discrimination policies that are consistent with the CoC-wide anti-discrimination policy;
3.	your CoC's process for evaluating compliance with your CoC's anti-discrimination policies; and
4.	your CoC's process for addressing noncompliance with your CoC's anti-discrimination policies.

(limit 2,500 characters)

1) The CoC regularly collabs. w/ LGBTQ+ & other orgs to update its CoC-wide anti-discrimination policy (embedded in the CoC Written Standards) by gathering stakeholder input throughout the year & during the annual review of the Written Standards. This process ensures, among other priorities, all housing & services provided in the CoC are trauma-informed & able to meet the needs of LGBTQ+ individuals & families. Specifically, the Collab. Applicant (CA) annually reviews & recommends updates to the anti-discrimination policy to the Board. The Board & then Membership make edits & vote to implement the revised policy, ensuring a comprehensive review by multiple agencies. 2) The CoC assisted housing & service providers in developing & implementing project-level anti-discrimination policies consistent w/ the CoC-wide policy by providing an agency-level policy template & offering TA during the development & implementation of anti-discrimination policies. The CoC also assists agencies during its project monitoring which includes a review of agency-level policies, including anti-discrimination, to ensure alignment with current CoC policies, HUD regs, & best practices. 3) The CoC evaluates compliance w/ anti-discrimination policies during annual program monitoring, the Rank & Review (R&R) process, & CoC offered trainings. The annual monitoring process ensures agency-level anti-discrimination policies exist (& clearly detail who to contact if a client's civil rights are violated), are being implemented, & are shared w/all clients & staff. The R&R process provides further verification by requiring renewal project applicants to submit an up-to-date anti-discrimination policy w/their app. Points are awarded to projects that have policies ensuring LGBTQ+ households will receive services & housing free from discrimination. Finally, CoC & ESG-funded agencies participate in annual, mandatory anti-discrimination trainings during which the CoC can gauge if any concerns w/compliance exist. 4) The CoC's process for addressing non-compliance with the anti-discrimination policy as outlined in the Written Standards includes notifying the agency & scheduling TA provided by the CA during which time a corrective action plan is developed, implemented & reviewed after 30 days. Non-compliance is indirectly addressed through the R&R process when a renewal project app receives lower scores if the agency does not have an up-to-date policy to incentivize best practices.

1C-7.	Public Housing Agencies within Your CoC's Geographic Area–New Admissions–General/Limited Preference–Moving On Strategy.

	NOFO Section V.B.1.g.	
	Describe in the field below:	
1.	steps your CoC has taken, with the two largest PHAs within your CoC's geographic area or the two PHAs your CoC has working relationships with, to adopt a homeless admission preference—if your CoC only has one PHA within its geographic area, you may respond for the one; or	
2.	state that your CoC has not worked with the PHAs in its geographic area to adopt a homeless admission preference.	

(limit 2,500 characters)

1) The CoC has taken robust steps to strengthen existing relationships with the Troy Housing Authority (THA) & the Hoosick Housing Authority (HHA), a local Housing Choice Voucher (HCV) administrator, to ensure adoption of a homeless preference in their admission policies. These steps include: focusing on relationship building to ensure PHA participation & collaboration with the CoC; & providing advocacy & education on the unhoused community's needs through data sharing. The CoC, through email communication, one-on-one, & community meetings, encourage PHA/HCV staff to engage in the CoC's strategic planning process & to take on a leadership role in the CoC by joining the Board. As a result of these efforts, the THA has been an active member of the CoC Board since 2020. The CoC also shares data collected from strategic planning, the Point-in-Time (PIT) Count, & Homeless Management Information Systems (HMIS) with the PHAs. Data sharing & collaboration between the CoC & PHA/HCV staff highlights the current need for a homeless preference in their admission policies & the community benefits of sustaining this preference. Additionally, access to PIT & HMIS data from the CoC supports PHAs with: reviewing preference criteria to ensure it reflects the community's needs; & educating administrators on the continued benefit of such policies. As a result of these efforts, THA implemented an admission preference for those experiencing homelessness & the collaboration facilitated the implementation of the Emergency Housing Voucher (EHV) & Housing Stability Voucher (HSV) Programs. The CoC supported THA's application for additional Housing Stability Vouchers by committing to providing support services for clients if awarded. As a result of these efforts, the CoC has a robust pool of PHA resources (i.e., PHA preferences, EHV, HSV) to support clients with transitioning to stable housing opportunities. The CoC will continue to build off this success by working collaboratively with HHA to promote the adoption of a homeless preference in its administrative plan.

This number is a calculation of the percentage of new and renewal PSH, RRH, SSO non-Coordinated Entry, Safe Haven, and Transitional Housing projects the CoC has ranked in its CoC Priority Listing in the FY 2024 CoC Program Competition that reported that they are lowering barriers to entry and prioritizing rapid placement and stabilization to permanent housing.	100%

1D-2a.	Project Evaluation for Housing First Compliance.	
	NOFO Section V.B.1.i.	

You must upload the Housing First Evaluation attachment to the 4B. Attachments Screen.
 Describe in the field below:

1.	how your CoC evaluates every project—where the applicant checks Housing First on their project application—to determine if they are using a Housing First approach;
2.	the list of factors and performance indicators your CoC uses during its evaluation;
3.	how your CoC regularly evaluates projects outside of your local CoC competition to ensure the projects are using a Housing First approach; and
4.	what your CoC has done to improve fidelity to Housing First.

(limit 2,500 characters)

1) The CoC evaluates every project where the applicant checks Housing First (HF) on their project application by carefully reviewing the project description on the local rank and review tool, reviewing APR project performance data, and coordinating with the Coordinated Entry (CE) Lead to review HF adherence. This process ensures program access and continuation is not contingent on current or past substance use, treatment completion, service participation, income requirements, criminal record, or history of victimization (e.g., domestic violence, childhood abuse); & that programs do not deny access based on credit/financial history, poor/lack of rental history, or behaviors perceived as lacking “housing readiness”. 2) Specific factors and performance indicators used during evaluation include but are not limited to APR questions: Q17- Income at Entry, Q22-Length of Stay, Q24b-Moving on Assistance provided to households, and Q23-Exit Destination. If any concern is raised regarding alignment with HF during this time the Collaborative Applicant promptly monitors for compliance. 3) The CoC regularly evaluates projects outside of the local CoC competition through regular coordination with the CE Lead to ensure HF adherence, on-going agency specific HF TA, and Project Monitoring. 4) In order to ensure fidelity to HF, when necessary, the CE Lead [with the Collaborative Applicant (CA)] follows up with projects struggling to consistently apply HF practices to provide individualized training/TA to ensure project-based and system-wide adherence.

1D-3.	Street Outreach—Data—Reaching People Least Likely to Request Assistance.	
	NOFO Section V.B.1.j.	

Describe in the field below how your CoC tailored its street outreach to people experiencing homelessness who are least likely to request assistance.

(limit 2,500 characters)

The CoC has developed effective street outreach strategies tailored to address the needs of people experiencing homelessness who are least likely to request assistance. Strategies focus on collaborating with partners including human services orgs (Commission on Economic Opportunity), culturally informed orgs (In Our Own Voices & the Damien Center), faith-based orgs (Troy Area United Ministries), public transit authorities (CDTA), Samaritan Hospital and St. Peter's Health Partners, and Community Health Connections. The CoC has achieved success in PH placements from outreach programs. According to the FY23 System Performance Measure Metric 7a.1, 3.1% of those accessing outreach services exit to a PH destination. The CoC has two active street outreach teams led by Joseph's House and Shelter (JH) and St Catherine's Center for Children (SCCC), who conduct outreach to unsheltered homeless persons. Specifically, mobile outreach teams identify and maintain a regular presence in areas frequented by persons experiencing homelessness, connect individuals to appropriate services, and remove barriers to services. For example, Joseph's House operates an outreach van and employs a nurse practitioner to conduct mobile outreach and document disabling conditions, thus removing barriers for the unsheltered to move into supported housing. SCCC operates Pathways to Health, an outreach program serving the most vulnerable and people who typically do not seek primary and behavioral healthcare services. Coordinated Entry utilizes case conferencing and a by-name list to ensure continued service provision. Additionally, the VA Outreach, Soldier On, & Health Care for Homeless Vets programs engage unsheltered vets and connect them to medical and behavioral health services. The CoC also has a relationship w/ Co. Mental Health which administers the Assertive Community Treatment program, a multidisciplinary team that engages unsheltered persons experiencing mental health crises. All outreach programs utilize client-centered & trauma-informed approaches, hiring staff w/lived experience to conduct outreach and ensure client connection to services without requiring adherence to service or treatment.

1D-4.	Strategies to Prevent Criminalization of Homelessness.

Describe in the field below how your CoC:

- | | |
|----|---|
| 1. | works with projects to collaborate with healthcare organizations, including those that provide substance use disorder treatment and mental health treatment, to assist program participants with receiving healthcare services, including Medicaid; and |
| 2. | promotes SSI/SSDI Outreach, Access, and Recovery (SOAR) certification of program staff. |

(limit 2,500 characters)

1) The CoC works w/ projects to collaborate w/ healthcare orgs to assist program participants with receiving healthcare services (i.e. SUD & MH treatment) by engaging healthcare partners, both CoC & non CoC members, to present at Membership meetings, through CE collaboration w/ community partners, and through partnerships w/ local Managed Care Organizations (MCO). The CoC’s Membership has convened CoC meetings between MH/SUD providers/hospitals & CoC outreach, shelter, & housing programs to discuss & establish referral processes to streamline access to care. Specifically, the CoC held a Housing and Healthcare panel with St. Peter’s Health Partners regarding better coordination for health & MH services w/ local housing providers. The CoC systematically provides up-to-date info on mainstream resources available for programs/ participants during Membership meetings where agencies, including non-CoC members, provide updates, thus increasing the breadth of knowledge of community resources available. Examples include: Dept of Social Services (Medicaid); County Mental Health (MH & SUD programs); & Capital Region Health Connections (Health Homes/Medicaid Case Mgmt programs). This information is communicated directly to program staff, who then connect clients with the appropriate healthcare. CE also coordinates case conferencing w/ the NYS Dept of Mental Health’s Single Point of Access (SPOA) through the Rensselaer Co Dept. of MH, which participates in CE case conferencing sessions. The CoC also provides TA annually to new project applicants on how to coordinate with healthcare providers to ensure program participants can receive necessary healthcare services. Finally, the CoC partners w/ MCOs to directly connect clients to healthcare. Specifically, in partnership w/CDPHP, the CoC developed an HMIS question on intakes that asks about CDPHP membership. This allows case managers at shelter/housing sites to connect member clients to CDPHP care managers who support ongoing physical, mental, & behavioral healthcare. 2) The CoC actively promotes SSI/SSDI Outreach, Access, and Recovery (SOAR) model & trainings during Membership meetings. Specifically, the CoC convened a meeting with the Workforce Development Institute, Inc. and presented SOAR training information. The CoC prioritized SOAR training among program staff through this year’s rank and review process. There are currently 7 SOAR trained agencies the CoC can refer participants to.

ID-7.	Partnerships with Public Health Agencies–Collaborating to Respond to and Prevent the Spread of Infectious Diseases.	
	NOFO Section V.B.1.n.	
	Describe in the field below how your CoC effectively collaborates with state and local public health agencies to develop CoC-wide policies and procedures that:	
1.	respond to infectious disease outbreaks; and	
2.	prevent infectious disease outbreaks among people experiencing homelessness.	

(limit 2,500 characters)

The CoC effectively collaborates w/ New York State & Rensselaer County public health agencies to develop and review CoC-wide policies and procedures to ensure that CoC policies include 1) There is a rapid system response to infectious disease outbreaks among people experiencing homelessness & 2) An effective policy to prevent infectious disease outbreaks among people experiencing homelessness. 1) The CoC edited its Coordinated Entry Policies and Procedures (P&P) & Vulnerability Index to prioritize persons who are sick/quarantined or economically impacted by infectious diseases such as COVID-19, Mpox, Measles, Tuberculosis and Hepatitis A. The Collaborative Applicant (CA) is the lead agency on a statewide project in partnership w/ the Dept. of Health (DOH) & the University of Rochester to develop health policies, distribute PPE/cleaning supplies & disseminate information on preventing outbreaks and the spread of infectious diseases in emergency shelters. Results & policies created through this partnership have been shared with the CoC and integrated into relevant CoC practices. The CoC will continue to collaborate w/state & local public health agencies to craft responsive CoC-wide P&P that prioritize care through infectious disease prevention (i.e. safety measures, quarantine protocols, accessing PPE), ensuring the CoC has a coordinated response to future infectious disease outbreaks. 2) The CoC collaborates w/ state & local public health agencies to prevent infectious disease outbreaks among people experiencing homelessness through sharing info/resources at CoC Membership meetings & ensuring representation from state & local public health officials at meetings. For example, the CA shares updates on the DOH statewide preventing infections in emergency shelters; the Rensselaer Co. DSS & Dept. of Mental Health share via CoC Membership presentations & email blast updates on public health & county services for people at risk of severe infectious disease; provider agencies that work w/clients w/ chronic illnesses present resources at CoC membership meetings on supporting immunocompromised clients; & the CoC has a partnership Whitney Young Health Center & has been able to facilitate vaccine clinics & information sessions at board & membership meetings through this partnership. Development of infectious disease procedures & resource sharing has resulted in a community of providers that are able to respond to ongoing/future public health crises.

ID-7a.	Collaboration With Public Health Agencies on Infectious Diseases.	
	NOFO Section V.B.1.n.	
	Describe in the field below how your CoC:	
1.	effectively shared information related to public health measures and homelessness; and	
2.	facilitated communication between public health agencies and homeless service providers to ensure street outreach providers and shelter and housing providers are equipped to prevent or limit infectious disease outbreaks among program participants.	

(limit 2,500 characters)

The CoC effectively shares info related to public health measures & homelessness through the Collaborative Applicant's (CA) partnership w/ the Dept. of Health (DOH) on shelter best practices related to infectious disease & sharing timely public health information through regular emails to membership. 1) The CA supports direct service providers by sharing necessary public health information provided by the CDC, HUD, & state/local health depts via email and website on an as needed basis. The CA also shares new public health measures related to homelessness through a partnership with the state DOH to disseminate supplies and research health measures to mitigate infectious disease for both sheltered & unsheltered populations. Through this partnership, the CA developed policies and procedures w/ the University of Rochester to equip outreach programs, shelters, & housing providers w/ strategies and best practices to limit and prevent infectious disease outbreaks. The CA will continue sharing necessary public health measures through emails and website as needed. For pressing updates (i.e., vaccine availability, infectious disease protocols, COVID waves), CoC providers communicate to fellow outreach, shelter, & housing providers through the CoC Board & Membership email listservs. 2) The CoC facilitates communication between public health agencies & homeless service providers to ensure street outreach, shelter, & housing providers are equipped to prevent or limit infectious disease outbreaks among program participants. There are concerted efforts to provide PPE materials and supplies as part of street outreach for the PIT count included in PIT training. The CoC also hosts online dialogues w/public health experts at Board & Membership meetings. At membership meetings, outreach providers can share best practices, trends they are seeing in the community, and concerns related to street homelessness & the rise of infectious diseases (i.e. COVID, flu season, and the return of Code Blue temps). The CoC hosts virtual/hybrid Board & Membership meetings that include presentations by public health agencies. Emergency shelter & housing providers share best practices/resources on ensuring staff & client safety compliance, reducing vaccine hesitancy, etc. The CA will continue hosting workshops and meetings that include public health officials to educate the community & prevent infectious disease outbreaks.

1D-8.	Coordinated Entry Standard Processes.	
	NOFO Section V.B.1.o.	

Describe in the field below how your CoC's coordinated entry system:	
1.	can serve everybody regardless of where they are located within your CoC's geographic area;
2.	uses a standardized assessment process to achieve fair, equitable, and equal access to housing and services within your CoC;
3.	collects personal information in a trauma-informed way; and
4.	is updated at least annually using feedback received from participating projects and households that participated in coordinated entry.

(limit 2,500 characters)

1) The Rensselaer CES can serve everybody regardless of location due to its No Wrong Door approach and its use of street outreach engagement. Agencies serving as Points of Entry (POE) for the system include outreach shelters, housing providers, and local departments of social service. Coordinated efforts with new and existing outreach programs have enhanced connectivity to the CES and additional interventions for individuals experiencing unsheltered homelessness have increased. Increased street outreach program staffing and extended outreach hours have allowed increased CE access at each point of engagement for those with the most severe service needs. The CE priority list documents client location at intake. The CE Committee reviews POE data to ensure accessible CE sites. The Committee engages providers to ensure CE access and address barriers for engagement. 2) The CoC uses a standardized assessment to achieve fair, equitable and equal access to CoC Services. The CoC updates the process to ensure consistency with HUD requirements and local needs. The CES prioritizes people in greatest need of assistance via an assessment which considers homeless chronicity, reported service needs, and justice system involvement. Participant prioritization is verified by the CE Committee which reviews the by-name list at bi-weekly meetings to ensure prioritization is determined by service need. 3) CE collects personal information in a trauma informed way by allowing individuals full control of decision making throughout the process. The tool collects essential information and allows participants to access CE through several POE sharing their story one time and receiving access to multiple service options. 4) The assessment is updated using feedback from participating projects and households. Annually the CoC uses feedback from participating providers and reviews data from the CE program. On an on-going basis during the CE meetings the process/tool is discussed and reviewed. The committee reviews the current priorities within the CoC and compares them to criteria used to develop the priority list tool. In addition, the CoC Board is the CES Evaluation Entity, tasked with using participant/provider data to measure the CES' functioning. To measure this a survey was developed and is completed by participating providers/households to gauge the effectiveness of the CES and the results inform changes.

1D-8a.	Coordinated Entry–Program Participant-Centered Approach.	
	NOFO Section V.B.1.o.	

	Describe in the field below how your CoC's coordinated entry system:
1.	reaches people who are least likely to apply for homeless assistance in the absence of special outreach;
2.	prioritizes people most in need of assistance;
3.	ensures people most in need of assistance receive permanent housing in a timely manner, consistent with their needs and preferences; and
4.	takes steps to reduce burdens on people seeking assistance.

(limit 2,500 characters)

1) The CoCs Coordinated Entry System (CES) targets outreach to those least likely to apply for homeless assistance in the absence of special outreach as outlined in the CE Marketing Plan. This Plan incorporates outreach best practices such as street canvassing, developing one-on-one relationships to build/gain trust and encouraging peer referrals. 2) The CoC prioritizes people most in need by utilizing the standardized CE assessment tool. This tool uses a set of community-wide prioritization criteria such as length of time homeless, physical/mental health barriers and prior justice system involvement to ensure persons with the greatest need and/or most barriers are prioritized first. 3) The CoC ensures people most in need of assistance receive permanent housing in a timely manner by ensuring their first point of entry/contact quickly shares the persons intake information for housing services with the CE Lead and referral agencies. The assessment documents persons' needs, including conditions reported, domestic violence, length of time homeless, and familial status to ensure thoughtful referrals are made consistent with the client's needs and preferences. Once assessed, these persons are immediately added to the by-name priority list and referrals are sent to appropriate housing providers for review and consideration. 4) To reduce the burden of those using the CE system, the NY 512 CoC has adopted a No Wrong Door approach. This approach allows individuals experiencing a housing crisis to access the CES at numerous points within the CoC's entire geographic area including emergency shelters, permanent housing agencies and local department of social services. The No Wrong Door system ensures the client is only required to make one connection/complete one application to be connected to the most appropriate homeless housing services within the CoC. This system alleviates the burden on the client to find the right service location for their needs. Clients will only be referred to projects where they meet eligibility requirements and criteria to avoid unnecessary delays. In addition, utilizing one application for all housing opportunities ensures the client will not be answering the same question multiple times or collecting duplicate documentation. The CE committee meets regularly to review the process and ensure it remains client centered and efficient as possible.

1D-8b.	Coordinated Entry–Informing Program Participants about Their Rights and Remedies–Reporting Violations.	
	NOFO Section V.B.1.o.	

Describe in the field below how your CoC through its coordinated entry:	
1.	affirmatively markets housing and services provided within the CoC's geographic area and ensures it reaches all persons experiencing homelessness;
2.	informs program participants of their rights and remedies available under federal, state, and local fair housing and civil rights laws; and
3.	reports any conditions or actions that impede fair housing choice for current or prospective program participants to the jurisdiction(s) responsible for certifying consistency with the Consolidated Plan.

(limit 2,500 characters)

1) Through its Coordinated Entry System (CES) the NY 512 CoC affirmatively markets housing and services provided within the CoC's geographic area and ensures it reaches all persons experiencing homelessness by; employing marketing strategies that are designed to be inclusive and considerate of the diverse population of individuals experiencing homelessness. The CoC partners with the Persons w/ Lived Experience (PWLE) Committee to ensure that marketing materials are available in requested languages and accessible to individuals with disabilities. The CoC also uses a variety of outreach channels to maximize its reach. This includes online platforms, social media, community events, and collaboration with local service providers specifically those outreaching to BIPOC and LGBTQ+ communities. 2) All marketing materials explicitly state the CoC's commitment to fair housing and non-discrimination, as well as clearly communicate the eligibility criteria for accessing housing and services within the CoC. The CoC also collaborates with community organizations, advocacy groups, and service providers including Legal Aid that educate CES providers and program participants of their rights and remedies available to them under federal, state, and local fair housing and civil rights laws. Legal Aid also conducts an annual training session open to the entire CoC, focusing on educating participants about fair housing principles, laws, and available courses of action. 3) The CoC's strategy for reporting observed conditions or actions that impede fair housing includes actively monitoring its coordinated entry system and participating programs to identify any conditions or actions that could impede fair housing choice for program participants. This includes discriminatory practices, barriers to access, or any actions that hinder equal opportunity and the housing first principle. If the CES identifies such conditions or actions, it would be documented and communicated to the CoC as well as the jurisdiction(s) responsible for certifying consistency with the Consolidated Plan. The CoC will continue to monitor its coordinated entry system and programs to ensure that fair housing principles are upheld.

1D-9.	Advancing Racial Equity in Homelessness—Conducting Assessment.	
	NOFO Section V.B.1.p.	

1.	Has your CoC conducted a racial disparities assessment in the last 3 years?	Yes
2.	Enter the date your CoC conducted its latest assessment for racial disparities.	06/13/2024

1D-9a.	Using Data to Determine if Racial Disparities Exist in Your CoC's Provision or Outcomes of CoC Program-Funded Homeless Assistance.	
	NOFO Section V.B.1.p.	

Describe in the field below:	
1.	the data your CoC used to analyze whether any racial disparities are present in your CoC's provision or outcomes of CoC Program-funded homeless assistance; and
2.	how your CoC analyzed the data to determine whether any racial disparities are present in your CoC's provision or outcomes of CoC Program-funded homeless assistance.

(limit 2,500 characters)

The Continuum of Care (CoC) uses a variety of local quantitative data to determine if racial disparities are present in the provision or outcomes of its CoC program-funded homeless response system. 1) NY-512 utilizes HMIS/Stella P and American Community Survey for its quantitative analysis. 2) NY-512 analyzed the quantitative data source to determine whether any racial disparities exist in the CoC’s provision or outcomes of CoC Program-funded homeless assistance. The Regional Racial Justice Advisory Committee was tasked with identifying and reporting racial disparities found within data reported in the HMIS. This analysis was conducted by the Regional Racial Justice Advisory Committee (RRJAC); a regional committee comprised of 12 New York State CoCs. The mission of the Committee is to serve local CoCs as a primary resource and catalyst for the work of racial justice within the homeless service system. In collaboration with the HMIS and CE Leads, the Committee reviewed this HMIS data with a racial equity lens and then presented findings to the Board and Membership. In the most recent analysis, the RRJAC focused most heavily on Coordinated Entry data, including destinations by race. The most recent analysis identified the following disparity: Black or African Americans made up 50% of the clients in Emergency shelters and outreach and 53% of those on the Coordinated Entry priority list. However, regarding housing referrals from Coordinated Entry during the reporting window, only 46% of Black or African American clients were referred to Permanent Supportive Housing. This result indicates that Black or African American clients are underrepresented and that there is racial disparity in Permanent Supportive Housing referrals. The CoC will continue identifying actionable steps to address these disparities. Findings are made accessible online for full community transparency.

1D-9b.	Implemented Strategies to Prevent or Eliminate Racial Disparities.	
	NOFO Section V.B.1.p	

Select yes or no in the chart below to indicate the strategies your CoC is using to prevent or eliminate racial disparities.
--

1.	Are your CoC’s board and decisionmaking bodies representative of the population served in the CoC?	No
2.	Did your CoC identify steps it will take to help the CoC board and decisionmaking bodies better reflect the population served in the CoC?	Yes
3.	Is your CoC expanding outreach in your CoC’s geographic areas with higher concentrations of underrepresented groups?	Yes
4.	Does your CoC have communication, such as flyers, websites, or other materials, inclusive of underrepresented groups?	Yes
5.	Is your CoC training staff working in the homeless services sector to better understand racism and the intersection of racism and homelessness?	Yes
6.	Is your CoC establishing professional development opportunities to identify and invest in emerging leaders of different races and ethnicities in the homelessness sector?	Yes
7.	Does your CoC have staff, committees, or other resources charged with analyzing and addressing racial disparities related to homelessness?	Yes
8.	Is your CoC educating organizations, stakeholders, boards of directors for local and national nonprofit organizations working on homelessness on the topic of creating greater racial and ethnic diversity?	Yes

9.	Did your CoC review its coordinated entry processes to understand their impact on people of different races and ethnicities experiencing homelessness?	Yes
10.	Is your CoC collecting data to better understand the pattern of program use for people of different races and ethnicities in its homeless services system?	Yes
11.	Is your CoC conducting additional research to understand the scope and needs of different races or ethnicities experiencing homelessness?	Yes

1D-9c.	Plan for Ongoing Evaluation of System-level Processes, Policies, and Procedures for Racial Equity.	
	NOFO Section V.B.1.p.	

Describe in the field below your CoC's plan for ongoing evaluation of system-level processes, policies, and procedures for racial equity.

(limit 2,500 characters)

NY-512's plan to evaluate its CoC-level processes, policy, and procedures and implement ongoing evaluation to prevent or eliminate racial disparities in the provision or outcomes of CoC funding begins with and is centered on annual analysis of the CoC's Coordinated Entry (CE) program. CE is at the heart of the CoC's monitoring process. Annual evaluation of CE will aid in the creation of actionable steps to improve processes, policies, and procedures. Analysis of race/ethnicity of clients enrolled in/exiting out of CE will reveal the level of equity within the system. Analysis of CE data indicated Black & African American clients are underrepresented on the CE list compared to the homeless population, & that persons on CE & the percentage of PSH referrals by race reflect disparity compared to the CoC's homeless population. As a result, the CoC & providers dissected current processes and policies to determine needed changes. The CoC took the following steps to address these disparities: conducted analysis of CoC governing documents & Board composition; updated the Rank & Review tool to inquire about agency's focus on racial equity in its own programs and prioritized agencies that updated policies and procedures to mitigate inequity; participated in the Regional Racial Justice Summit and left with a plan to engage CoC membership and Board to adopt racial equity related policy recommendations. A step taken as part of the recommendations is the update made to the CoC bylaws to include a commitment to center client voices in the creation of CoC policies with the goal of creating more racially equitable service provider practices; the CoC analyzed the demographic composition of its Board by distributing a diversity assessment tool which tracks recruitment of board members that identify as BIPOC & persons w/ lived experience. The CoC will continue to focus on an annual evaluation of its CE through data analysis and qualitative interviews with clients on the CE priority list and clients who were placed into PH/PSH. Analysis will monitor system improvement of racial equity by tracking the demographics of those referred to the CE program for housing placement, the wait time of those on the CE priority list by race, and the demographics of those successfully placed in PH/PSH.

1D-9d.	Plan for Using Data to Track Progress on Preventing or Eliminating Racial Disparities.	
	NOFO Section V.B.1.p.	

Describe in the field below:

1.	the measures your CoC plans to use to continuously track progress on preventing or eliminating racial disparities in the provision or outcomes of homeless assistance; and
2.	the tools your CoC plans to use to continuously track progress on preventing or eliminating racial disparities in the provision or outcomes of homeless assistance.

(limit 2,500 characters)

NY-512 has developed a plan for using data to track progress on preventing or eliminating racial disparities. 1) The measures the Continuum of Care (CoC) has and plans to continuously use to track progress on preventing or eliminating racial disparity are tracking successful placements within the Coordinated Entry (CE) program by race, tracking the number of positive PSH program placements by race, and tracking the average length of stay on the CE list by race. These measures are used to illustrate whether positive and efficient housing outcomes on the CE list are proportional to the population size of each racial group within the homeless population. The CoC participates in the Regional Racial Justice Advisory Committee (RRJAC), a regional committee comprised of 12 New York State CoCs formed to provide opportunities for community members to get involved in actionable systems change to address racial disparities within the homelessness service sector. The committee's mission is to serve local CoCs as a primary resource and catalyst for the work of racial justice within the homeless service system. The RRJAC, in partnership with the CoC, will collect and analyze, annually, the above three measures for NY-512. 2) The tools the CoC plans to use to continuously track progress on preventing or eliminating racial disparities in the provision or outcomes of homeless assistance are locally derived analysis reports/dashboards from HMIS/CE data, HUD HDX 2.0 Stella P, and US Census data. Reports are built using Tableau and are modeled after the data sources and versions of analysis of HUD's recommended Racial Equity Analysis Tool. By federating the datasets through Tableau, the CoC can highlight racial disparities through visualizations at each of the measures highlighted above and compare them yearly.

1D-10.	Involving Individuals with Lived Experience of Homelessness in Service Delivery and Decisionmaking—CoC's Outreach Efforts.	
	NOFO Section V.B.1.q.	

Describe in the field below your CoC's outreach efforts (e.g., social media announcements, targeted outreach) to engage those with lived experience of homelessness in leadership roles and decisionmaking processes.

(limit 2,500 characters)

The CoC's outreach efforts to engage persons w/ lived experience and expertise of homelessness (PLEEH) in leadership roles & decision-making processes was prioritized this past year and includes: continuing the process for developing a Persons with Lived Experience (PWLE) Advisory Committee, promotion of open board positions to those with lived experience via direct client outreach, and ensuring transparent and publicly posted Membership and Committee information for full public participation. In collaboration with the Regional Racial Justice Advisory Committee (RRJAC), the CoC has taken the first steps to develop a PWLE Advisory Committee, which is intended to provide policy recommendations to the Board in order to make CoC policies reflect the experience of its clients. The PWLE Advisory Committee is advertised via the dissemination of a written survey to employees within CoC agencies. The survey asks employees general questions about their experience with CoC services and if they are interested in joining the PWLE Advisory Committee. The PWLE Advisory Committee will be tasked with analyzing specific CoC policies for areas of improvement, which will be used to inform board decisions. CoC members were encouraged to promote the open board seats throughout their networks to those with lived experience. CoC Board members conduct targeted outreach to PLEEH within their own programs/agencies to fill board vacancies which resulted in a PLEEH recruitment to the board. The CoC also conducts outreach by keeping up to date membership meetings & committee information on the CoC website & encouraging providers to refer clients to this info. Open Committee meetings are publicized, and important Committee information is featured on the CoC website.

1.	Routinely included in the decisionmaking processes related to addressing homelessness.	0	0
2.	Participate on CoC committees, subcommittees, or workgroups.	0	1
3.	Included in the development or revision of your CoC's local competition rating factors.	0	0
4.	Included in the development or revision of your CoC's coordinated entry process.	0	1

1D-10b.	Professional Development and Employment Opportunities for Individuals with Lived Experience of Homelessness.	
	NOFO Section V.B.1.q.	

Describe in the field below how your CoC or CoC membership organizations provide professional development and employment opportunities to individuals with lived experience of homelessness.

(limit 2,500 characters)

The CoC & its membership orgs provide professional development & employment opportunities to persons w/lived experience of homelessness (PWLE) by maintaining connections with employment and workforce agencies/services and creating employment programs for PWLE where service gaps exist. The CoC continually reaches out to agencies whose experience/knowledge would promote linkages to employment opportunities for clients. For example, through outreach, Unity House of Troy, which offers employment training programs, has been a longstanding member, holds a seat on the CoC Board, and participates in CE. Including agencies that foster upward economic mobility for clients in membership and CoC leadership allows CoC providers to share professional development and employment resources with current/prior participants with lived experience of homelessness (i.e. those in PSH programs or who have graduated). CoC member organizations have also created programs that directly connect individuals with lived experience of homelessness to employment. For example, St. Paul’s Center directly hires clients/prior clients within its agency. To date the agency has eleven staff with lived experience in various positions including executive leadership and senior line-staff positions. Another example includes an ambassador’s program with Troy Savings Bank which links PWLE to employment opportunities for hospitality services to theater patrons & visitors to the downtown area. The Regional Racial Justice Advisory Committee, which NY-512 participates in, has developed professional training for PWLE: CoC Board 101 sessions and Facilitation/Chairperson 101 series to encourage PWLE leadership and participation.

1D-10c.	Routinely Gathering Feedback and Addressing Challenges of Individuals with Lived Experience of Homelessness.	
	NOFO Section V.B.1.q.	
	Describe in the field below:	
1.	how your CoC gathers feedback from people experiencing homelessness;	
2.	how often your CoC gathers feedback from people experiencing homelessness;	
3.	how your CoC gathers feedback from people who received assistance through the CoC Program or ESG Program;	
4.	how often your CoC gathers feedback from people who have received assistance through the CoC Program or ESG Program; and	
5.	steps your CoC has taken to address challenges raised by people with lived experience of homelessness.	

(limit 2,500 characters)

The CoC routinely and frequently gathers feedback from and addresses challenges of individuals with Lived Experience of Homelessness. 1) The CoC will gather feedback from people experiencing homelessness through its newly developed Persons with Lived Experience (PWLE) of Homelessness Committee. 2) The CoC will gather feedback from the People with Lived Experience Committee quarterly. 3) The CoC gathers feedback from people who have accessed CoC programs through the Strategic Planning Committee. This Committee surveyed & interviewed clients at provider agencies to identify gaps in services, inform how funds should be spent (i.e., CoC Bonus, ARPA funds), & comment on CoC's strategies to address homelessness. The committee also assesses the CE system for accessibility & effectiveness by surveying clients who are /were on the CE priority list. 4) The CoC gathers feedback from people who received assistance through the CoC program annually. 5) The CoC has taken steps to address challenges raised by PWLE by advocating for funding to directly address identified needs, developing &/or assigning CoC committees' w/actions to address needs, & updating CoC processes to reduce barriers to housing & services. Specific challenges identified by PWLE through surveys and focus groups were the lack of affordable housing and eviction prevention funding available. The CoC advocated for the City of Troy & NYS Home-ARP to prioritize emergency rental assistance & support affordable housing dev. The CoC provided letters of support for applicants for NYS & Federal Funding for these programs. In response to PWLE feedback that affordable housing units are challenging to find even w/ rental assistance in hand, the CoC Systems Committee is working to cultivate relationships with landlords to create a larger pool of readily available units. In terms of updating processes, feedback from CE client surveys is discussed at CE Advisory Committee meetings & used to improve CE accessibility & intake processes.

1D-11.	Increasing Affordable Housing Supply.	
	NOFO Section V.B.1.s.	
	Describe in the field below at least two steps your CoC has taken in the past 12 months to engage city, county, or state governments that represent your CoC's geographic area regarding the following:	
	1. reforming zoning and land use policies to permit more housing development; and	
	2. reducing regulatory barriers to housing development.	

(limit 2,500 characters)

1&2) The CoC has engaged local govts., meeting w/ elected/non-elected officials within the last 12 mos. to reform zoning & land use policies to permit more housing & reduce regulatory barriers to housing development by taking the following steps: 1) advocating to local govts. by meeting w/ elected officials, for zoning changes & land use policies when developing housing & 2) providing data on housing needs to influence decision making in support of reducing barriers to development. Examples are as follows: 1a) CoC members engaged City officials to advocate for & support Re-Zone Troy, an overhaul of the City's Zoning Codes which allowed for an increase in affordable housing development. The new Codes applied an overlay district for affordable housing & increased density while reducing maximum lot sizes & setbacks. 1b) CoC agencies partner w/ &/or develop affordable housing & work w/ local planning bodies to attain permits & approvals which include zoning variances. For example, TRIP (a non-profit housing developer) & Unity House, both CoC member agencies, partnered on a 51-unit multi-site construction project to create new affordable housing units. The agencies secured municipal approvals over a three-year timeframe through regular outreach, engagement, & education of the public & local officials to gain local support for this project. 1c) The CoC collaborates & partners w/ local coalitions to advocate for specific housing projects by providing support letters, attending public hearings, & providing written comments. Specifically, several affordable housing proposals in the CoC geographic area prompted CoC member organizations to become more involved in local efforts for zoning/regulatory changes or approval of projects. 2a) Using data & best practice research, the CoC also conducts outreach to educate localities & the public on the need for & value of additional affordable rental units. The CoC provides data from the Housing Inventory (HIC) & Point in Time (PIT) counts for housing needs assessments & Consolidated Plans. This HIC/PIT data & CoC system performance data (i.e. average length of time homeless & first-time homeless) demonstrate a need to create new affordable units & provides demographic information to ensure new housing units will fit the needs of the homeless & very low-income populations. Through data sharing, NYS certified the City of Rens. as a Pro-Housing community thus reducing regulatory barriers to housing development.

You must upload the Local Competition Scoring Tool attachment to the 4B. Attachments Screen.

Select yes or no in the chart below to indicate how your CoC ranked and selected project applications during your local competition:

1.	Established total points available for each project application type.	Yes
2.	At least 33 percent of the total points were based on objective criteria for the project application (e.g., cost effectiveness, timely draws, utilization rate, match, leverage), performance data, type of population served (e.g., DV, youth, Veterans, chronic homelessness), or type of housing proposed (e.g., PSH, RRH).	Yes
3.	At least 20 percent of the total points were based on system performance criteria for the project application (e.g., exits to permanent housing destinations, retention of permanent housing, length of time homeless, returns to homelessness).	Yes
4.	Provided points for projects that addressed specific severe barriers to housing and services.	Yes
5.	Used data from comparable databases to score projects submitted by victim service providers.	Yes

6.	Provided points for projects based on the degree the projects identified any barriers to participation (e.g., lack of outreach) faced by persons of different races and ethnicities, particularly those over-represented in the local homelessness population, and has taken or will take steps to eliminate the identified barriers.	Yes

2.	How many renewal projects did your CoC submit?	12
3.	What renewal project type did most applicants use?	PH-PSH

1E-2b.	<p>Addressing Severe Barriers in the Local Project Review and Ranking Process.</p> <p>NOFO Section V.B.2.d.</p>	
--------	---	--

Describe in the field below:

1.	how your CoC analyzed data regarding each project that has successfully housed program participants in permanent housing;
2.	how your CoC analyzed data regarding how long it takes to house people in permanent housing;
3.	how your CoC considered the specific severity of needs and vulnerabilities experienced by program participants preventing rapid placement in permanent housing or the ability to maintain permanent housing when your CoC ranked and selected projects; and
4.	the severe barriers your CoC considered.

(limit 2,500 characters)

1) The CoC collected & analyzed data on projects that successfully housed program participants in permanent housing (PH) using HMIS/CE project data (or a comparable database) to answer objective questions in the local Rank & Review (R&R) tool. Specifically, the tool scores on utilization, the number of chronically homeless (CH) persons served, positive outcomes, & income growth. The NOFA Committee updates the R&R tool, including data to assess project performance. The tool is approved by the Board & the HMIS Lead pulls data or collects aggregate data from a VSP (a comparable database) & sends it to applicants to utilize when completing the local R&R tool. 2) The CoC assessed the length of time between program entry & housing placement using APR data and providing points to those projects that can house clients quickly. 3) The CoC considered the specific severity of needs when ranking projects by including quantitative (i.e. prioritizing specific populations) & qualitative questions within the R&R application process. Specifically, the R&R tool prioritized Chronically Homeless, youth, veteran, and DV survivor populations. The tools this year also included questions regarding clients entering projects with zero income and clients w/ 2 or more disabling conditions, giving points to those projects that serve populations with severe service needs. The CoC considers these factors to ensure effective prioritization & allocation of resources to serve those with the most severe service needs within the CoC's geographic area. The CoC also specifically included bonus questions on the local R&R tool for DV & Youth providers to explain positive outcomes that don't meet HUD's traditional definitions of positive outcomes. Att. 1E-2: Summary of Selection Criteria for R&R of Projects documents these practices. 4) The CoC considered the following severity of needs & vulnerabilities when ranking projects: CH, history of DV, disability, severe mental illness, youth populations, low/no income, & substance abuse. The narrative portion of the R&R process also allowed for agencies to explain how serving those w/ the most severe service needs impacted their performance levels for specific system performance measures, such as preventing rapid placement in permanent housing & housing stability & could recoup points through that explanation.

1E-3.	Advancing Racial Equity through Participation of Over-Represented Populations in the Local Competition Review and Ranking Process.	
NOFO Section V.B.2.e.		
Describe in the field below:		
1.	how your CoC used input from persons of different races and ethnicities, particularly those over-represented in the local homelessness population, to determine the rating factors used to review project applications;	
2.	how your CoC included persons of different races and ethnicities, particularly those over-represented in the local homelessness population in the review, selection, and ranking process; and	
3.	how your CoC rated and ranked projects based on the degree that proposed projects identified any barriers to participation (e.g., lack of outreach) faced by persons of different races and ethnicities, particularly those over-represented in the local homelessness population, and steps the projects took or will take to eliminate the identified barriers.	

(limit 2,500 characters)

1) The CoC obtained & included input from persons of different races, particularly those over-represented in the local homeless pop, when determining rating factors used to review project apps by engaging the Regional Racial Justice Advisory Committee (RRJAC) in creating/editing Rank & Review (R&R) tool questions. The CoC works to identify & implement strategic initiatives that promote racial equity within the CoC & homeless services system. This year, the CoC worked w/the RRJAC to create/edit/review app questions from a Racial Equity, Diversity, & Inclusion perspective. According to HUD’s CoC Analysis Tool for Race & Ethnicity, Black/African American individuals are experiencing homelessness in the CoC at a rate of 53%, compared to 7% of the general pop. 2) Input from persons of different races affected how the CoC determined rating factors used to review project apps resulting in R&R tools that rated projects on their agency practices to increase racial equity & address existing racial disparities in the system. The CoC included persons of different races, particularly those identified as over-represented in the local homelessness pop, in the review, selection, & ranking process by working w/ the RRJAC to ensure a diverse CoC Membership, Board, & committees. The RRJAC promotes diversification through annual assessments of current CoC member demographics & creation of CoC outreach/education materials. The CoC prioritized ensuring diversity w/in the R&R Committee to ensure persons of different races were included in the review, selection, & ranking process. This Committee is responsible for updating the renewal, new, & DV & HMIS/CE bonus apps for the NOFO competition. 3) The CoC rated & ranked projects based on the degree to which projects have identified barriers to participation & have taken steps to eliminate those barriers by asking projects via the R&R tools a) to identify structural inequities within their projects & how they are eliminating them; b) how the agency participates in committee & systems work to promote racial equity & engage professional organizations w/ this expertise; c) what barriers related to race/ethnicity exist in the CoC’s CE process; d) how agencies demonstrate inclusive hiring practices; & e) if project staff participate in DEI trainings. It should be noted that 5.6% of the CoC’s R&R tool questions focus on steps agencies are taking to eliminate barriers based on race.

1E-4.	Reallocation—Reviewing Performance of Existing Projects.	
	NOFO Section V.B.2.f.	
	Describe in the field below:	
	1.	your CoC’s reallocation process, including how your CoC determined which projects are candidates for reallocation because they are low performing or less needed;
	2.	whether your CoC identified any low performing or less needed projects through the process described in element 1 of this question during your CoC’s local competition this year;
	3.	whether your CoC reallocated any low performing or less needed projects during its local competition this year; and
	4.	why your CoC did not reallocate low performing or less needed projects during its local competition this year, if applicable.

(limit 2,500 characters)

The CoC determines candidates for reallocation due to low performance or less needed projects as a tool to make strategic improvements to the homeless system. 1) The reallocation process is outlined in the Rank & Review Written Process, which is reviewed, updated, posted for public comment, and approved by the NOFA Committee and CoC Board on an annual basis. The project review team flags projects that demonstrate inadequate financial management, a history of expending funds on ineligible activities, a history of returning funds that could have been utilized, ongoing poor project performance outcomes, and consistently low scores on the Rank & Review tool. From Rank & Review and monitoring, recommendations are made regarding reallocation to the Board. The Board makes the final decision to reallocate funding to create a new high performing project by reviewing the project’s performance outcomes, populations served and the need for the project and shares its decision with CoC Membership. If a project is considered needed in the community (i.e. uniquely serves a hard-to-serve population), the Board works with the Collaborative Applicant to provide TA to the agency to address underperformance. If it is decided reallocation would be a better use of CoC funds to best serve homeless clients, funding is made available through the new project Rank & Review process. 2) The CoC did not identify any low performing or less needed projects through this process this year. High project performance was demonstrated through Rank & Review and monitoring, and the need for each project is demonstrated by CoC projects actively accepting the most vulnerable clients from the CE waitlist. 3) As such, no projects were identified for reallocation during the local competition. 4) Through the local competition it was determined not only that all projects are high performing, but that they are also fulfilling needs within the community.

2A-4.	Comparable Databases for DV Providers—CoC and HMIS Lead Supporting Data Collection and Data Submission by Victim Service Providers.	
	NOFO Section V.B.3.b.	

	In the field below:	
	1. describe actions your CoC and HMIS Lead have taken to ensure DV housing and service providers in your CoC collect data in HMIS comparable databases; and	
	2. state whether DV housing and service providers in your CoC are using a HUD-compliant comparable database—compliant with the FY 2024 HMIS Data Standards.	

(limit 2,500 characters)

The CoC and HMIS leads ensure DV housing and service providers in the CoC collect data in databases that meet HUD’s comparable database requirements by creating a Regional Domestic Violence Committee. This committee meets monthly to discuss the data collection and submission requirements with the group. This Committee’s stated priority is to ensure this compliance and offer HMIS and CoC technical assistance if needed to be and remain in compliance. 1) CARES of NY, Inc, the CoC Collaborative Applicant (CA), engaged Domestic Violence providers from this CoC and the others it works with, to form a Regional DV Committee. A priority goal of this Regional DV Committee is to ensure compliance within the comparable database and with the 2024 HMIS Data Standards. To meet this goal, CARES requested HUD TA for the Committee and received guidance resulting in clarification of comparable database requirements and instructions on how CoCs can ensure compliance. Based on the guidance received, CARES requested all providers complete an annual survey indicating the name of their current comparable database and it’s reporting capabilities. CARES of NY, Inc (the HMIS Lead) vetted each identified software vendor to ensure the database is compliant. 2) With the guidance from HUD TA and CoC oversight, the Rensselaer CoC’s DV provider, Unity House is compliant with the FY 2024 HMIS Data Standards. Currently, Unity House’s comparable database is Empower Db. Examples of compliance include submitting de-identified aggregate data to the CoC for inclusion in the Housing Inventory Chart and Point In Time Count; and utilizing the data in the Rank and Review tool. Additionally, Unity House regularly performs CSV uploads for ESG funding reporting as well as uploads to Sage for APRs.

2A-5.	Bed Coverage Rate—Using HIC, HMIS Data—CoC Merger Bonus Points.	
	NOFO Section V.B.3.c. and V.B.7.	

Using the 2024 HDX Competition Report we issued your CoC, enter data in the chart below by project type:

Project Type	Adjusted Total Year-Round, Current Non-VSP Beds [Column F of HDX Report]	Adjusted Total Year-Round, Current VSP Beds [Column K of HDX Report]	Total Year-Round, Current, HMIS Beds and VSP Beds in an HMIS Comparable Database [Column M of HDX Report]	HMIS and Comparable Database Coverage Rate [Column O of HDX Report]

6. Other Permanent Housing (OPH) beds	0	0	0	0.00%

2A-5a.	Partial Credit for Bed Coverage Rates at or Below 84.99 for Any Project Type in Question 2A-5.	
NOFO Section V.B.3.c.		
For each project type with a bed coverage rate that is at or below 84.99 percent in question 2A-5, describe:		
1.	steps your CoC will take over the next 12 months to increase the bed coverage rate to at least 85 percent for that project type; and	
2.	how your CoC will implement the steps described to increase bed coverage to at least 85 percent.	

(limit 2,500 characters)

This year’s HIC did not save the HMIS participation status for DV beds. NY-512 has 100% bed coverage rate for ES, TH, RRH, PSH. The HMIS and Comparable database coverage for all project types should be 100% for all project types as all beds are entered into the HMIS or its Comparable Database.

	Enter the date your CoC submitted its 2024 PIT count data in HDX.	05/09/2024
--	---	------------

2B-3.	PIT Count–Effectively Counting Youth in Your CoC’s Most Recent Unsheltered PIT Count.	
	NOFO Section V.B.4.b.	

	Describe in the field below how your CoC:	
1.	engaged unaccompanied youth and youth serving organizations in your CoC’s most recent PIT count planning process;	
2.	worked with unaccompanied youth and youth serving organizations to select locations where homeless youth are most likely to be identified during your CoC’s most recent PIT count planning process; and	
3.	included youth experiencing homelessness as counters during your CoC’s most recent unsheltered PIT count.	

(limit 2,500 characters)

The CoC implemented measures to engage unaccompanied youth and agencies serving youth & young adults (YYA) as part of the planning process for the CoC’s 2024 unsheltered PIT Count. To encourage participation from youth providers the CoC 1) engaged youth and RHY-funded/youth focused agencies, 2) connected with organizations serving unaccompanied YYA, to identify hotspots or locations where homeless youth are most likely to be identified, and 3) engaged youth experiencing homelessness as counters during the unsheltered Point in Time (PIT) Count. 1) During the planning process for the 2024 PIT Count, the Collaborative Applicant facilitated meetings with the CoC unsheltered PIT Leads and the Regional Advisory Board on Youth Homelessness (RABYH) comprised of RHY/youth-funded agencies and McKinney-Vento Homeless Liaisons. These meetings discussed strategies to increase geographical coverage when surveying & to recruit volunteers specifically focused on surveying youth during the count. The collaborative planning effort between mainstream housing providers, youth serving agencies, and the RABYH, resulted in the development of a youth survey that was integrated into the unsheltered PIT Survey. 2) The collaborative planning effort between the unsheltered PIT Lead and youth serving organizations also resulted in collecting locations where homeless youth are most likely to be identified during the PIT count. Specifically, youth organizations (i.e., Unity House) reported hotspots that were identified by surveying youth & unaccompanied youth during outreach shifts and agency drop-in centers. Youth serving agencies relayed identified hotspots reported by youth when planning the annual PIT count. 3) The 2024 PIT volunteers included youth experiencing homelessness as counters. Joseph’s House engaged/trained a wide range of community stakeholders including youth with lived experience that participated in the unsheltered PIT Count.

2B-4.	PIT Count–Methodology Change–CoC Merger Bonus Points.	
	NOFO Section V.B.5.a and V.B.7.c.	

In the field below:	
1.	describe any changes your CoC made to your sheltered PIT count implementation, including methodology or data quality changes between 2023 and 2024, if applicable;
2.	describe any changes your CoC made to your unsheltered PIT count implementation, including methodology or data quality changes between 2023 and 2024, if applicable;
3.	describe whether your CoC’s PIT count was affected by people displaced either from a natural disaster or seeking short-term shelter or housing assistance who recently arrived in your CoCs’ geographic; and
4.	describe how the changes affected your CoC’s PIT count results; or
5.	state “Not Applicable” if there were no changes or if you did not conduct an unsheltered PIT count in 2024.

(limit 2,500 characters)

4) Changes in data quality implemented between 2023 and 2024 positively affected the CoC's sheltered and unsheltered PIT count results by improving accuracy and validity. 1) As the result of improvements in data quality, the CoC was able to administer a more accurate sheltered PIT count which indicated an increase from 133 in 2023 to 245 in 2024. Data quality changes included tailored TA w/non-HMIS providers (i.e., DSS & DV providers) & improved HMIS training w/participating HMIS agencies. Tailored TA w/non-HMIS agencies improved data quality by confirming numbers submitted. The CoC has strengthened relationships w/non-HMIS agencies through their participation in CE, allowing for better collaboration during the Count. The CE & HMIS Leads worked w/agencies who provide Code Blue services, DSS, faith-based & DV shelters. Training focused on understanding that 100% data completeness for this population was not necessary when reporting for the PIT count. Improved data quality training w/HMIS-participating agencies supported improved data collection and submission. The HMIS Lead organized and analyzed PIT data reports from HMIS, focusing on data quality and completeness, and met w/each provider to ensure timely data entry and accuracy. Review of intake dates noted w/in HMIS ensured a proper count of those utilizing shelter services on the night of the count. This review and subsequent data correction resulted in a more accurate census count. 2) The CoC implemented data quality actions, including increased training of volunteers to improve the validity of the unsheltered PIT count. The unsheltered PIT count was improved through increased/improved training to ensure de-duplication and effective interview techniques. As a result of the increased/improved training in 2024, the CoC was able to administer a more accurate unsheltered PIT count which indicated an increase from 23 in 2023 to 25 in 2024. Enhanced methodology included outreach teams visiting local medical centers to identify/survey persons experiencing unsheltered homelessness. 3) The CoC does not have any data that would indicate that PIT Count numbers were impacted by people displaced from a natural disaster or who recently arrived in the geographic area seeking shelter.

2C-1.	Reducing the Number of First Time Homeless—Risk Factors Your CoC Uses.	
	NOFO Section V.B.5.b.	
	In the field below:	
1.	describe how your CoC determined the risk factors to identify persons experiencing homelessness for the first time;	
2.	describe your CoC’s strategies to address individuals and families at risk of becoming homeless; and	
3.	provide the name of the organization or position title that is responsible for overseeing your CoC’s strategy to reduce the number of individuals and families experiencing homelessness for the first time	

(limit 2,500 characters)

The CoC continues to develop its process to determine risk factors used to identify persons that may become homeless for the first time, with the goal to decrease the number of first time homeless from year to year. 1) The process includes analyzing HMIS & LSA (Stella, SPMs, & CE) data & hosting community discussion to identify risk factors for becoming homeless for the first time. The Data & Goals Committee is responsible for reviewing HMIS & LSA data (Stella, SPMs, & CE) to identify &/consider characteristics of those who are first-time homeless, including demographics, cause of homelessness, & disabling conditions. Race & ethnicity of those who are first time homeless is assessed as the CoC/Regional Racial Justice Advisory Committee continues to identify ways to address the role structural racism plays in housing & eviction. The CoC also identifies factors contributing to first-time homelessness through community conversations & CE case conferencing with prevention providers, emergency shelters, Dept. of Social Services, & faith-based leaders. This qualitative info supplements HMIS data to create a holistic picture of local causes of first-time homelessness. 2) The CoC has developed three strategies to address individuals & families at risk of becoming homeless for the first time. These strategies include a) educate community providers who serve priority populations (i.e. prevention providers, food pantries, & health clinics) about risk factors & newly developed CE prevention referral protocols to support those individuals & families; b) target prevention funding & services earlier within a household’s housing crisis by communicating risk factors for first time homelessness identified through data analysis with CE- the CE committee utilized this information to continually update the CE tool w/ characteristics associated w/ first time homelessness; and c) increase the amount of prevention funding available in the community (i.e. ESG allocations & HOME-ARP), an essential component of increasing the number of individuals & families able to remain stably housed & prevent new episodes of homelessness. The CoC advocates & applies for prevention funding through state, local & private funding sources on an ongoing basis. 3) The Data & Goals Committee, which reports to the CoC Board, oversees these strategies.

2C-1a.	Impact of Displaced Persons on Number of First Time Homeless.	
	NOFO Section V.B.5.b	

Was your CoC’s Number of First Time Homeless [metric 5.2] affected by the number of persons seeking short-term shelter or housing assistance displaced due to:

1.	natural disasters?	No
2.	having recently arrived in your CoC’s geographic area?	No

2C-2.	Reducing Length of Time Homeless—CoC’s Strategy.	
	NOFO Section V.B.5.c.	

In the field below:

1.	describe your CoC’s strategy to reduce the length of time individuals and persons in families remain homeless;
2.	describe how your CoC identifies and houses individuals and persons in families with the longest lengths of time homeless; and

3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the length of time individuals and families remain homeless.
----	--

(limit 2,500 characters)

1) The CoC's strategy to reduce the length of time (LOT) households remain homeless includes: increasing the number of affordable housing options through advocacy for affordable housing development; engaging systems of care to provide and increase units of homeless and affordable housing (DV, Mental Health, PHAs, etc.); and engaging landlords to rent to tenants using subsidies in Renss. County. Additionally, the CoC is ensuring CoC and program policies remove system barriers to rapid housing & coordinating housing opportunities through the Coordinated Entry (CE) program. The CoC routinely advocates for and supports the increase of permanent housing options with letters of support and data demonstrating need. For example, the CoC supported NYS Empire State Supportive Housing Initiative (ESSHI) applications for PSH; partners with the Troy Housing Authority to implement HUD's Emergency Housing Voucher (EHV) Program; and is implementing its Moving On Strategy to ensure PSH units are available for the most vulnerable and hardest to serve. The CoC also encourages Housing First policies within all programs and provides one-on-one TA with housing providers on implementing Housing First. 2) The CoC identifies, prioritizes, and houses individuals and families with the longest LOT homeless through the CE program. During bi-weekly CE case conferencing, staff discuss barriers to housing persons who have remained homeless the longest. The CE Committee develops creative/alternative solutions to finding the most immediate/appropriate housing for these households. The CE program works to reduce LOT homeless by including LOT as a prioritizing criterion within the CE's prioritization process. The CoC also engages non-CoC-funded housing providers (e.g. OMH Housing) to increase the number of appropriate housing options for those coming through CE. The CoC also collaborates with affordable housing developers who then work with support services agencies in the CoC to provide PSH. Together, these strategies result in an increase in immediate housing opportunities for those who are homeless. 3) The Data & Goals and CE Committees, which report to the CoC Board, oversee these strategies.

2C-3.	Successful Permanent Housing Placement or Retention –CoC's Strategy.	
	NOFO Section V.B.5.d.	

	In the field below:
1.	describe your CoC's strategy to increase the rate that individuals and persons in families residing in emergency shelter, safe havens, transitional housing, and rapid rehousing exit to permanent housing destinations;
2.	describe your CoC's strategy to increase the rate that individuals and persons in families residing in permanent housing projects retain their permanent housing or exit to permanent housing destinations; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to increase the rate that individuals and families exit to or retain permanent housing.

(limit 2,500 characters)

1) The CoC developed effective strategies to increase the rate at which households in ES, TH & RRH exit to permanent housing (PH) destinations. Current strategies include: connecting unsheltered persons and those w/ the most severe service needs in ES to RRH & PSH through an efficient & effective Coordinated Entry (CE) System; expanding housing opportunities through CE by forging partnerships with non-CoC-funded entities, such as OMH housing (e.g., Rensselaer Co. Mental Health Dept) and Troy Rehabilitation & Improvement Program (TRIP) units; connecting households to housing subsidies & wrap-around services (substance abuse or mental health treatment) and non-employment income benefits (e.g., PHA, HCV, Social Security, DSS rental allowance); & connecting households w/ education/employment training opportunities to increase earned income (e.g., education & training provided by the Commission on Economic Opportunity (CEO)). These strategies ensure households are linked to affordable housing options to be rapidly housed from ES, TH, & RRH, have the necessary income to access & maintain that housing, & have support services w/in the community to ensure ongoing housing stability. 2) The CoC works to increase the rate households residing in PH retain housing or exit to other PH destinations through several successful strategies. Current strategies include: engaging w/ clients to ensure they are meeting their individualized goals (e.g., physical/mental health appts & securing/maintaining employment) to remain stably housed; connecting those timing out of RRH programs who still need intensive case management to remain stably housed; implementing the CoC Moving On Strategy by providing pre-transition services (e.g., living skills training, employment, & community integration supports) & strong aftercare supports to ensure successful transition from supportive housing; & partnering w/ affordable housing providers (e.g., working w/ PHA to prioritize those moving on from EHV & partnering w/ TRIP to connect persons to affordable units) & cultivating relationships w/ local landlords to maintain an active list of vacancies. These combined strategies ensure clients in PSH programs are supported to maintain their housing while fostering opportunities for greater independence within the community. 3) The Systems & CE Committees are responsible for overseeing the CoC's strategies to increase the rate that individuals and families exit to or retain PH.

2C-4.	Reducing Returns to Homelessness—CoC's Strategy.	
	NOFO Section V.B.5.e.	
	In the field below:	
1.	describe your CoC's strategy to identify individuals and families who return to homelessness;	
2.	describe your CoC's strategy to reduce the rate that individuals and families return to homelessness; and	
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the rate individuals and persons in families return to homelessness.	

(limit 2,500 characters)

1) The CoC identifies individuals & families who return to homelessness by analyzing quantitative data [i.e., HMIS and Coordinated Entry (CE)] & qualitative information (i.e., through CE). Specifically, the CoC collaborates with the HMIS Lead to analyze System Performance Measures (SPM), Stella, & CE, including identifying trends related to returns to homelessness. The Board utilizes this data to assess potential causes for increases/decreases in returns to homelessness. The Board will continue to work with the HMIS Lead to conduct deeper dives into SPM & CE data, assessing commonalities of those who return to homelessness, including sources of income, disabling conditions and cause of homelessness. The CoC also identifies persons who return to homelessness through CE assessment and case conferencing. Specifically, the CE assessment form asks about prior episodes of homelessness. During CE case conferencing, case managers discuss common barriers to remaining housed. CE conferencing supports subsequent successful placement of households by addressing common needs among those who return to homelessness and specific needs of the individual households being rehoused. Trends/common factors related to returns to homelessness will be reported in bi-monthly reports from the CE & HMIS Leads to the Board and Membership and will be used to influence edits to the CE tool to better prioritize housing and assistance. 2) The CoC's strategy to reduce the rate of returns to homelessness is to continue fostering strong collaborations with systems partners, including eviction prevention providers, education & workforce development agencies, the local Department of Social Services, health/behavioral healthcare agencies, and DV providers. Outreach & shelter programs consistently work to link clients to resources & create ongoing service plans and support that will continue once clients are stably housed. These collaborations foster linkages & resources to provide necessary, uninterrupted support to households who are identified as at risk of returning to homelessness. Specific needs of individual households that have returned to homelessness are addressed through CE case conferencing, allowing for provider collaboration around the most effective housing and service plan to propose to the household. 3) Overseeing these strategies are the Board and Coordinated Entry Committee, who share this data with the Membership.

2C-5.	Increasing Employment Cash Income—CoC's Strategy.	
	NOFO Section V.B.5.f.	
	In the field below:	
1.	describe your CoC's strategy to access employment cash sources;	
2.	describe how your CoC works with mainstream employment organizations to help individuals and families experiencing homelessness increase their employment cash income; and	
3.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase income from employment.	

(limit 2,500 characters)

1) As a resource hub, the CoC’s strategy to increase employment income is to educate providers on NYS benefits regulations relative to earned employment cash income through ongoing dialogue w/ the local Department of Social Services (DSS) and foster systems-level engagement with employers. Specifically, the CoC educates providers on NYS benefits by fostering regular dialogue between the local DSS and CoC providers on benefits regulations. This ensures provider, and in turn, client understanding of opportunities to maintain necessary benefits (e.g., TANF, SNAP, Medicaid, SSI/SSDI) while increasing employment income. 2) The CoC also fosters relationships with employment programs and mainstream employment agencies. The CoC makes direct referrals to the following agencies that provide free employment/education training, including: Rensselaer County One-Stop Employment Center, Commission on Economic Opportunity (CEO), Educational Opportunity Center (EOC), & Workforce Development institute, all of which are creating pipelines to newly available career pathways due to recent economic shifts. Unity House also offers employment opportunities through an initiative w/ Troy Savings Bank, which offers paid opportunities to provide hospitality services to theater patrons & visitors to the downtown area. Several CoC agencies, such as Joseph’s House, prioritize hiring program participants or people with lived experience of homelessness, including offering professional development opportunities for career growth, which creates opportunities for earned employment income. Through partnerships with the agencies mentioned above, the CoC is better prepared to encourage and assist CoC Program participants to engage and be successful in workforce agencies’ programs (including self-identification of readiness/desire for educational/employment training programs). The CoC developed a formal, direct referral process to workforce programs and will create a communication mechanism between PSH case managers and workforce agency staff regarding client progress and to support client employment/program retention. Moving forward, the CoC and workforce agencies will assess progress on increased income on an annual basis, utilizing this information to make programmatic improvements. 3) The Board is responsible for overseeing these strategies to increase income from employment.

2C-5a.	Increasing Non-employment Cash Income—CoC’s Strategy	
	NOFO Section V.B.5.f.	
	In the field below:	
	1. describe your CoC’s strategy to access non-employment cash income; and	
	2. provide the organization name or position title that is responsible for overseeing your CoC’s strategy to increase non-employment cash income.	

(limit 2,500 characters)

1) The CoC’s strategy to access and increase non-employment cash income (NECI) for project participants focuses on building and strengthening relationships with key community stakeholders to break down barriers participants and programs currently face in accessing and increasing NECI. The CoC identified and formed relationships with NECI providers in the community and collaborated to educate homeless service providers on available benefits, qualifying factors, and the referral process. The CoC actively engages the local County Departments of Social Services (DSSs) to participate in the CoC and fosters a relationship between DSS & emergency shelter and housing providers. DSS is a vital partner in the community because it enrolls clients in TANF, SNAP, rent and utilities assistance. At CoC Membership and Board meetings, DSS, is encouraged to provide regular updates on benefit changes to ensure agency staff are prepared to support program participants in accessing and increasing NECI. Additionally, the CoC actively collaborates with the local SOAR provider and coordinates trainings for agency staff to help enroll households in SSD which serves as a vital benefit for rent share and living expenses. Providers also connect program participants to community agencies which provide prepared meals, Food Pantries, clothing, Medicaid, and other non-cash benefits to support the household.2) The Strategic Planning Committee is responsible for overseeing the CoC’s strategies to increase non-employment cash income.
