

Before Starting the CoC Application

You must submit all three of the following parts in order for us to consider your Consolidated Application complete:

1. the CoC Application,
2. the CoC Priority Listing, and
3. all the CoC's project applications that were either approved and ranked, or rejected.

As the Collaborative Applicant, you are responsible for reviewing the following:

1. The FY 2024 CoC Program Competition Notice of Funding Opportunity (NOFO) for specific application and program requirements.
2. The FY 2024 CoC Application Detailed Instructions which provide additional information and guidance for completing the application.
3. All information provided to ensure it is correct and current.
4. Responses provided by project applicants in their Project Applications.
5. The application to ensure all documentation, including attachment are provided.

Your CoC Must Approve the Consolidated Application before You Submit It
- 24 CFR 578.9 requires you to compile and submit the CoC Consolidated Application for the FY 2024 CoC Program Competition on behalf of your CoC.
- 24 CFR 578.9(b) requires you to obtain approval from your CoC before you submit the Consolidated Application into e-snaps.

Answering Multi-Part Narrative Questions

Many questions require you to address multiple elements in a single text box. Number your responses to correspond with multi-element questions using the same numbers in the question. This will help you organize your responses to ensure they are complete and help us to review and score your responses.

Attachments

Questions requiring attachments to receive points state, "You Must Upload an Attachment to the 4B. Attachments Screen." Only upload documents responsive to the questions posed—including other material slows down the review process, which ultimately slows down the funding process. Include a cover page with the attachment name.

- Attachments must match the questions they are associated with—if we do not award points for evidence you upload and associate with the wrong question, this is not a valid reason for you to appeal HUD's funding determination.

- We must be able to read the date and time on attachments requiring system-generated dates and times, (e.g., a screenshot displaying the time and date of the public posting using your desktop calendar; screenshot of a webpage that indicates date and time).

1B-1a.	Experience Promoting Racial Equity.	
	NOFO Section III.B.3.c.	

Describe in the field below your CoC's experience in effectively addressing the needs of underserved communities, particularly Black and Brown communities, who are substantially overrepresented in the homeless population.

(limit 2,500 characters)

NY-601 is committed to identifying and enacting system changes to improve how the CoC directly addresses the needs of underserved communities, particularly the substantially overrepresented BIPOC communities. The CoC successfully advances racial equity through actions taken as participants of the Regional Racial Justice Advisory Committee (RRJAC). Through RRJAC participation, the CoC worked collaboratively with the Collaborative Applicant and the HMIS and CE Leads to conduct quantitative and qualitative analysis. Actionable steps taken over the past year include CoC reporting on the Board/Membership Diversity Assessment Survey and the development of a Persons with Lived Experience Committee. To identify inequalities of diversity within leadership of the local homeless service system, the CoC reviewed demographics of the Board and Membership to identify if leaders were reflective of those served through the local homeless system; with priority of comparing Board demographics. To accurately document housing and services needs of overrepresented persons, the CoC has developed a Persons with Lived Experience Committee. The Committee is comprised of persons who have lived expertise and will directly and continually provide input to the Board and Membership. To ensure equity, the Committee strives to be reflective of the homeless population and therefore gives a voice to the community’s most underserved and overrepresented population.

1B-2.	Open Invitation for New Members.	
	NOFO Section V.B.1.a.(2)	

Describe in the field below how your CoC:	
1.	communicated a transparent invitation process annually (e.g., communicated to the public on the CoC’s website) to solicit new members to join the CoC;
2.	ensured effective communication and access for persons with disabilities, including the availability of accessible electronic formats; and
3.	invited organizations serving culturally specific communities experiencing homelessness in your CoC’s geographic area to address equity (e.g., Black, Latino, Indigenous, LGBTQ+, and persons with disabilities).

(limit 2,500 characters)

1) The CoC communicates the invitation process annually to solicit new members to join the CoC by a) sharing the invitation & New Member app via the CoC’s website, b) asking listserv recipients to forward invitations, c) announcements at full Membership meetings encouraging current members to invite others, & d) phone conversations w/ key systems partners focusing on the benefits & responsibilities of CoC membership. The app is posted year-round on the CoC’s website & accepted on a rolling basis. Further, the CoC Steering Committee assesses what agencies participate in CoC Membership, the Steer. Com., & on Committees, & identifies stakeholders missing to be engaged to support the community’s efforts to systematically address homelessness. The Steer. Com. then creates an outreach plan w/the Collab Applicant. 2) The CoC ensures effective communication w/ individuals w/ disabilities by sharing invitations/apps in accessible electronic formats, including the CoC webpage, which is responsive to screen reader software & email listservs. 3) The CoC conducts targeted outreach to ensure persons with lived experience (PWLE) are encouraged to join the CoC & Steer Com. Outreach is ongoing & conducted by the Steer. Com. & standing committees. The CoC engages PWLE through representation on the Steer. Com. & the Youth Action Board (YAB) that empowers members in decision making processes in the CoC. Pete’s Place Drop-in Center also links LGBTQ, Black & Latino youth/young adults to services including employment, training, and housing programs. Other outreach focuses on non-traditional partners to encourage participation of PWLE (e.g., affordable housing providers, hospitals, managed health care orgs, ed/higher ed, & employment agencies). The CoC has invited orgs serving culturally specific communities experiencing homelessness to become members by a) assessing representation at the Membership/Steer. Com. levels through an annual Diversity Assessment tool & b) conducting targeted outreach when representation among orgs serving culturally specific communities is lacking. Additionally, the Regional Racial Justice Advisory Committee (in which the CoC participates) presented a CoC 101 series to the PWLE Committee which provides a comprehensive overview of the CoC, its benefits, & requirements to encourage diverse participation on membership & Steer Com. New CoC members are encouraged to watch the recorded series on the CoC webpage.

1B-3.	CoC's Strategy to Solicit/Consider Opinions on Preventing and Ending Homelessness.	
	NOFO Section V.B.1.a.(3)	

Describe in the field below how your CoC:	
1.	solicited and considered opinions from a broad array of organizations and individuals that have knowledge of homelessness, or an interest in preventing and ending homelessness;
2.	communicated information during public meetings or other forums your CoC uses to solicit public information;
3.	ensured effective communication and access for persons with disabilities, including the availability of accessible electronic formats; and
4.	took into consideration information gathered in public meetings or forums to address improvements or new approaches to preventing and ending homelessness.

(limit 2,500 characters)

1) The CoC uses specific strategies to solicit & consider opinions from a broad array of organizations & individuals with knowledge of/interest in preventing & ending homelessness. Input is solicited from knowledgeable stakeholders (e.g., persons with lived experience, housing providers, physical/mental/behavioral health providers, law enforcement/parole, faith-based organizations, govt agencies, & employment agencies). Strategies to solicit opinions include web-based forums (e.g., interactive webinars/trainings, email listservs, & an email submission form on Collab Applicant's (CA's) website), regular interviews with current program clients, & recruiting agencies to join the CoC. Specifically, the CoC has developed, presented at CoC Membership, recorded, and stored on its website for public viewing a CoC 101 presentation series to communicate info about the CoC to potential new members. Additionally, the CA leads a workshop series w/expert panelists from the community which is intended to solicit feedback & spark dialogue on topics relevant to the community. These workshops reach interested parties across the community through live streaming/archived videos. 2) The CoC communicated info during public meetings &/or other forums year-round through direct community interaction (e.g., CoC Membership meetings held four times/year, web postings, & email listservs). 3) The CoC ensures effective communication w/ & access for individuals w/disabilities through online, in-person, & public events &/or meetings by sharing info (invites/apps, workshops, solicitation for public input, etc.) in a variety of accessible electronic formats, including the CoC webpage, which is responsive to screen reader software (e.g., accessibility tags to PDF docs), at housing &/or human services public events/venues, & email listservs. 4) Information gathered through this outreach is considered by the CoC to develop new approaches to prevent/end homelessness (e.g., developing a new shelter based on broad community feedback & client interviews & utilizing input at CoC membership meetings & funding forums to determine priorities for CoC). Minutes taken at every public meeting provide the CoC Steering Committee with opinions/topics to consider how further work may be assigned to one of five active committees. Committees update the Steering Committee on findings & suggest next steps, & all developments are shared during full Membership meetings.

1B-4.	Public Notification for Proposals from Organizations Not Previously Awarded CoC Program Funding.	
	NOFO Section V.B.1.a.(4)	
	Describe in the field below how your CoC notified the public:	
1.	that your CoC will consider project applications from organizations that have not previously received CoC Program funding;	
2.	about how project applicants must submit their project applications—the process;	
3.	about how your CoC would determine which project applications it would submit to HUD for funding; and	
4.	ensured effective communication and access for persons with disabilities, including the availability of accessible electronic formats.	

(limit 2,500 characters)

1) The CoC notified the public the local competition was open and accepting project applications (including ones from non-CoC funded organizations) via a public posting on the Collab Applicant's (CA's) website & listserv email announcement. A public posting on the CA's website and an email invitation explicitly targeted non-CoC funded organizations, community stakeholders and the public to participate in an in-depth discussion about new CoC funding opportunities available this year. The discussion and question & answer were recorded and posted on the CA website for agencies/public to reference throughout the application process. The invitation to potential applicants stated that "[agencies] do not have to be currently CoC funded to apply." 2) All communications made clear that proposals must be submitted via email to the CA using the New Project, DV Bonus, or HMIS/CE Bonus Project Applications posted on the CA website. The workshop/webinar detailed the application process, including eligibility, and ensured all parties understood the method for submitting proposals. Experienced CA staff were readily available throughout the process to field questions from the public. 3) The CoC notified the public on how the CoC would determine which project/s would be submitted to HUD, including how the CoC scored applications, minimum requirements for applications to be considered, threshold requirements, & prioritized subpopulations, through public posting of the Written Process on the CoC website; announcements via the membership listserv; & by communicating local competition priorities and the Rank & Review Process during the new project webinar & Membership meetings. The CoC determines if projects will be submitted to HUD for funding using a CoC-created and approved Rank & Review process that includes criteria to score all new projects based on local community need, HUD best practices, agency experience, equitable outcomes, fiscal capacity, etc. The tool makes clear additional points are awarded to non CoC-funded agencies. The Steering Committee reviews all projects included in the Priority Listing and provides final approval for all new projects. 4) The CA ensured effective communication with individuals with disabilities by posting content and documents on its website that are responsive to screen-reader software (e.g., accessibility tags to PDF documents).

1C-2.	CoC Consultation with ESG Program Recipients.	
	NOFO Section V.B.1.b.	

In the chart below select yes or no to indicate whether your CoC:

1.	Consulted with ESG Program recipients in planning and allocating ESG Program funds?	Yes
2.	Provided Point-in-Time (PIT) count and Housing Inventory Count (HIC) data to the Consolidated Plan jurisdictions within its geographic area?	Yes
3.	Ensured local homelessness information is communicated and addressed in the Consolidated Plan updates?	Yes
4.	Coordinated with ESG recipients in evaluating and reporting performance of ESG Program recipients and subrecipients?	Yes

1C-3.	Ensuring Families are not Separated.	
	NOFO Section V.B.1.c.	

Select yes or no in the chart below to indicate how your CoC ensures emergency shelter, transitional housing, and permanent housing (PSH and RRH) do not deny admission or separate family members regardless of each family member's self-reported sexual orientation and gender identity:

1.	Conducted mandatory training for all CoC- and ESG-funded service providers to ensure families are not separated?	Yes
2.	Conducted optional training for all CoC- and ESG-funded service providers to ensure family members are not separated?	Yes
3.	Worked with CoC and ESG recipient(s) to adopt uniform anti-discrimination policies for all subrecipients?	Yes
4.	Worked with ESG recipient(s) to identify both CoC- and ESG-funded facilities within your CoC's geographic area that might be out of compliance and took steps to work directly with those facilities to bring them into compliance?	Yes
5.	Sought assistance from HUD by submitting questions or requesting technical assistance to resolve noncompliance by service providers?	No

1C-4.	CoC Collaboration Related to Children and Youth—SEAs, LEAs, School Districts.	
	NOFO Section V.B.1.d.	

Select yes or no in the chart below to indicate the entities your CoC collaborates with:

1.	Youth Education Provider	Yes
2.	State Education Agency (SEA)	Yes
3.	Local Education Agency (LEA)	Yes
4.	School Districts	Yes

1C-4a.	Formal Partnerships with Youth Education Providers, SEAs, LEAs, School Districts.	
	NOFO Section V.B.1.d.	

Describe in the field below the formal partnerships your CoC has with at least one of the entities where you responded yes in question 1C-4.

(limit 2,500 characters)

The CoC has formal partnerships w/youth education providers, State Ed. Agencies (SEA), Local Ed. Agencies (LEA), & School Districts by engaging such agencies to fill out CoC Membership & Steering Committee applications (formal agreement); participate in the Regional Advisory Board on Youth Homelessness (RABYH); and formally partner during the annual Point-In-Time (PIT) Count. The CoC actively engages youth education providers and school districts/LEAs through the CoC's Committee to End Youth Homelessness, which connects youth education and school district staff, including LEA/SEA's, directly to the CoC. As a result, for example, the CoC recruited the ED of Growing STEMZ, a foundation that links families, educators, and orgs. to educational resources, to be on the Steering Committee. The CoC engages, through invitation to participate, youth education providers, SEA, LEA, & school districts to attend monthly RABYH committee meetings, facilitated by the Collaborative Applicant (CA). RABYH is comprised of CoC representatives from upstate NY that work collaboratively to identify the extent of youth homelessness, advocate for resources, & address concerns identified regionally in programs/policies related to youth homelessness. Representatives from the CoC on the RABYH include youth education providers & school districts, such as: Growing STEMZ, Pete's Place, and Hudson River Housing. Youth education providers, in collaboration with the RABYH, created a regional systems map of services available to unaccompanied youth & youth experiencing homelessness to assist in connecting youth to local resources while minimizing the disturbances to their education. The CoC annually partners w/youth ed. providers & school districts by asking these agencies to commit in writing to assist with the annual PIT count. The CoC collects data from participating youth education providers & school districts (i.e., McKinney-Vento Liaisons) that report demographics on youth at-risk of/ experiencing homelessness. This data & trending data analyzed from the last several years, is used to inform the RABYH action plan for the upcoming year.

1C-4b.	Informing Individuals and Families Who Have Recently Begun Experiencing Homelessness about Eligibility for Educational Services. NOFO Section V.B.1.d.	
--------	---	--

Describe in the field below written policies and procedures your CoC uses to inform individuals and families who have recently begun experiencing homelessness of their eligibility for educational services.

(limit 2,500 characters)

The CoC has adopted policies & procedures within its Written Standards to ensure all programs consistently & accurately inform individuals & families who have recently begun experiencing homelessness about available education services & related eligibility. This CoC policy requires CoC providers serving households w/children designate a specialized staff person to serve as the educational liaison to inform individuals & families of their eligibility for schooling & to provide direct support to set up services to ensure no disruption in current education services for students entering shelter or transitioning from shelter into permanent housing. Specifically, educational liaisons are responsible for ensuring children continue to be enrolled in school & connected to age-appropriate services in the community (e.g., Head Start, Public Pre-K, Individuals w/Disabilities Education Act Part C: Infant & Toddler Program, McKinney-Vento Education Services as well as county opportunities for High School Equivalency (HSE), job training, & higher education courses). Educational liaisons are expected to connect & work w/homeless individuals, families, schools, & education programs to ensure the most appropriate educational services are made available & barriers to accessing these educational services are removed. For example, staff are required to coordinate w/McKinney-Vento Liaisons in families' existing school districts to coordinate transportation services & ongoing enrollment. The Regional Advisory Board on Youth Homelessness regularly conducts a survey of all CoC funded agencies to collect contact information on identifying agency appointed staff serving as the educational liaison. Moving forward, the CoC program monitoring process will incorporate a review of agency connection w/the local schools & corresponding McKinney-Vento representatives & will follow protocols to ensure all children are appropriately served by their school. At the CoC system level, the CoC fosters strong partnerships w/education via the McKinney-Vento liaisons by encouraging liaison participation on the CoC Steering Committee & relevant committee work. The CoC attempts to meet at least annually w/McKinney-Vento liaisons to specifically review CoC policies & procedures to ensure full compliance & best practice w/regulations. Lastly, the Department of Social Services links individuals & families to accessible job training, & higher education courses within the county.

1C-4c.	Written/Formal Agreements or Partnerships with Early Childhood Services Providers.	
	NOFO Section V.B.1.d.	

Select yes or no in the chart below to indicate whether your CoC has written formal agreements or partnerships with the listed providers of early childhood services:

		MOU/MOA	Other Formal Agreement
1.	Birth to 3 years	No	Yes
2.	Child Care and Development Fund	No	Yes
3.	Early Childhood Providers	No	Yes

1C-5.	Addressing Needs of Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking—Collaboration with Federally Funded Programs and Victim Service Providers.
	NOFO Section V.B.1.e.

In the chart below select yes or no for the organizations your CoC collaborates with:

	Organizations	
1.	State Domestic Violence Coalitions	Yes
2.	State Sexual Assault Coalitions	Yes
3.	Anti-trafficking Service Providers	Yes
	Other Organizations that Help this Population (limit 500 characters)	
4.	Victim Service Provider: Grace Smith House	Yes

1C-5a.	Collaborating with Federally Funded Programs and Victim Service Providers to Address Needs of Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.
	NOFO Section V.B.1.e.

Describe in the field below how your CoC regularly collaborates with organizations that you selected yes to in Question 1C-5 to:

1.	update CoC-wide policies; and
2.	ensure all housing and services provided in the CoC's geographic area are trauma-informed and can meet the needs of survivors.

(limit 2,500 characters)

The CoC regularly collaborates with NYS’s Domestic Violence Coalition, NYS’s Coalition Against Sexual Assault, Anti-Trafficking Service Providers and other organizations that help survivors of DV to update CoC policies. These collaborations ensure that Victim Service Providers (VSPs) are informed and assist in the process of developing and updating CoC-wide policies and ensure that all housing and services provided in the CoC are trauma-informed and meet the needs of survivors who present at mainstream programs within the CoC. 1) Grace Smith House, which is a VSP, anti-trafficking provider and part of the NYS DV and Sexual Assault Coalitions, actively participates on the CoC Steering Committee and has agency line staff that attend CoC membership meetings. Grace Smith House has been involved in the process of updating the CoC governance charter and Written Standards, which also dictates standards for ESG funded programs. Grace Smith House partners with CARES of NY Inc., the lead agency for the parallel DV CE system that serves survivors of domestic violence, dating violence, sexual assault, and stalking, and is active in developing CE processes within the CoC. Grace Smith House also participates in a Domestic Violence Regional Advisory Board on behalf of the CoC. 2) Training provided by state coalitions to VSP’s, such as Grace Smith House, ensures all housing and services provided in the CoC (including ESG) are trauma-informed and meet the needs of providers through annual and as-needed training. The DV Regional Advisory Board, comprised of VSP’s across New York State hosts annual safety planning training to all CoC member providers on trauma-informed care & best practices to meet the need of survivors. Policy adoption of a Housing First approach by all CoC-funded providers ensures that survivors presenting at any location will be served quickly and appropriately. Resources and training provided by state coalitions are shared at CoC membership and CE meetings. Finally, the CoC awards points in its NOFO Rank & Review process to agencies providing proof of trauma-informed care & provision of equitable services.

1C-5b.	Implemented Safety Planning, Confidentiality Protocols in Your CoC’s Coordinated Entry to Address the Needs of Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	
	Describe in the field below how your CoC’s coordinated entry addresses the needs of DV survivors by including:	
1.	safety planning protocols; and	
2.	confidentiality protocols.	

(limit 2,500 characters)

The CoC’s Coordinated Entry (CE) process includes policies & procedures in place ensuring 1) safety protocols and 2) confidentiality protocols for survivors of domestic violence, dating violence, sexual assault & stalking to safely access needed services, as outlined in the CE Policies & Procedures Manual & the Written Standards (addendum: Emergency Transfer Plan). 1) The CoC’s CE safety protocols include adopting a “No Wrong Door” approach; implementing safety planning; & offering referrals to DV providers. The CoC adopted this approach ensuring housing assessments are completed at the location survivors present for housing and feel safest at the time. The CoC coordinates housing referrals of both DV/ non-DV providers to ensure mainstream housing programs adhere to DV safety protocols (i.e. implementing a safety plan w/ clients) and providing survivors w/ a wide range of service options. Survivors presenting at non-DV providers are offered to be linked w/ DV services via a phone assessment. 2)Confidentiality protocols involve gathering only self-reported information from survivors within the HMIS. Clients have the option to skip questions to avoid providing information they are uncomfortable sharing in the system. In addition, the CoC also has an anonymization policy that facilitates the collection of de-identified data during intake. This allows for the Coordinated Entry assessment to be completed for a client without sensitive information being entered into the main CE database. The CoC CE confidentiality protocol requires each client participating within the CE project to complete the HMIS inclusion disclosure form. This document clearly informs clients of their rights surrounding data collection & entry - including the right to refuse entry into the HMIS & instead choosing to use the comparable database w/ de-identified data. Another confidentiality protocol for survivors in place for CE is the VAWA compliant informed consent forms which prohibit agencies from discussing client specific information with another participating provider agency. Victim Service Provider agency staff are trained annually in how to complete client intakes & service referrals.

1C-5c.	Coordinated Annual Training on Best Practices to Address the Needs of Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking Survivors.	
	NOFO Section V.B.1.e.	

In the chart below, indicate how your CoC facilitates training for project staff and coordinated entry staff that addresses best practices on safety planning and confidentiality protocols:

		Project Staff	Coordinated Entry Staff
1.	Training Occurs at least annually?	Yes	Yes
2.	Incorporates Trauma Informed best practices?	Yes	Yes
3.	Incorporates Survivor-Centered best practices?	Yes	Yes
4.	Identifies and assesses survivors’ individual safety needs?	Yes	Yes
5.	Enhances and supports collaboration with DV organizations?	Yes	Yes
6.	Ensures survivors’ rights, voices, and perspectives are incorporated?	Yes	Yes
	Other? (limit 500 characters)		
7.	The CE Policies and Procedures Manual includes safety and confidentiality protocols for survivors applying for housing programs ensuring they are built on a trauma-informed, victim-centered lens.	Yes	Yes

1C-5d.	Implemented VAWA-Required Written Emergency Transfer Plan Policies and Procedures for Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	

Describe in the field below:	
1.	whether your CoC's written policies and procedures include an emergency transfer plan;
2.	how your CoC informs all households seeking or receiving CoC Program assistance about their rights to an emergency transfer;
3.	what your CoC requires households to do to request emergency transfers; and
4.	what your CoC does in response to households requesting emergency transfers.

(limit 2,500 characters)

1) The CoC has implemented the VAWA -required written Emergency Transfer Plan Policy (the Plan) and included it in both the CoC Written Standards and Coordinated Entry (CE) Policies and Procedures. The Plan is reviewed by both the CoC Steering Committee and membership annually. During the review, members discuss the Plan including eligibility, documentation required, confidentiality/safety precautions and the transfer process itself. CoC members responsible for review include private sector, healthcare, housing, faith based and advocacy groups that forward information to all those seeking/receiving CoC program funding assistance. The Plan is posted on the CoC's website and updated as necessary. 2) The CoC communicates the plan for survivors to all households seeking/receiving CoC Program assistance by posting the CoC's policies and procedures (including the Plan) on the CoC's website, posting the process for individuals and families to request an emergency transfer and documenting the process the CoC uses to respond to transfer requests. This Plan identifies households who are eligible for an emergency transfer; the documentation needed to request an emergency transfer; confidentiality protections; and how an emergency transfer may occur. The CoC also provides training to providers on how to identify households who will benefit from the plan and how to discuss this process with households who request services. 3) To request an emergency transfer, a household must verbally notify the housing program's administrator and submit a written request. The CoC DV-CE and mainstream CE programs are responsible for educating case managers and clients involved in CE on how to request an emergency transfer. Once informed about the emergency transfer process, clients and case managers from referral agencies collaborate to ensure the client's safety and confidentiality. 4) The CoC responds to a household's emergency transfer request by quickly moving the survivor of domestic violence, dating violence, sexual assault, or stalking to a new unit, subject to the availability/safety of the unit. If the current housing program does not expect to have another unit available shortly, it will contact other housing programs to locate an available unit. De-identifiable information is provided to the partnering agency. The case manager working with those requesting an emergency transfer communicates with the case manager of the referral agency and initiates a warm hand off.

1C-5e.	Facilitating Safe Access to Housing and Services for Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	

Describe in the field below how your CoC ensures households experiencing trauma or a lack of safety related to fleeing or attempting to flee domestic violence, dating violence, sexual assault, or stalking have safe access to all of the housing and services available within your CoC's geographic area.

(limit 2,500 characters)

The CoC ensures survivors of domestic violence, dating violence, sexual assault or stalking are provided safe access to the same housing and services as all other populations experiencing homelessness within the CoC's geographic area by operating and monitoring a mainstream Coordinated Entry Program (CE). The coordination between the CE Lead, CARES and Grace Smith House, the Victim Service Provider (VSP) ensures survivors are offered access to all housing and services through CE. The CE Lead organizes a warm hand off with the VSP and housing program seeking a referral from CE. This provides survivors with the option to pursue all available housing options within the CoC and CE participating agencies. The CoC's CE assessment tool was developed with CE participating providers including VSPs to ensure it is trauma informed. Questions are framed sensitively to avoid re-traumatization, ensuring clients feel safe and supported. The tool is client driven and focuses on a client's experiences and service needs as opposed to vulnerabilities. The CoC's policies and procedures ensure that in cases when immediate safety is a concern, there are established emergency protocols to expedite referrals to safe housing options. The CE process ensures all client information is kept confidential, with strict policies in place to protect participants' identities. This process includes safe data management practices and confidential communication methods. By incorporating these safety measures into the CE process, the CoC effectively establishes a safe environment for households facing trauma or insecurity, enabling them to access the housing and services they require.

1C-5f.	Identifying and Removing Barriers for Survivors of Domestic Violence, Dating Violence, Sexual Assault, and Stalking.	
	NOFO Section V.B.1.e.	

Describe in the field below how your CoC ensures survivors receive safe housing and services by:

1.	identifying barriers specific to survivors; and
2.	working to remove those barriers.

(limit 2,500 characters)

The CoC proactively identifies systemic barriers within the homeless response system that create barriers to safely house and provide services to survivors of domestic violence, dating violence, sexual assault, or stalking. 1) Barriers specific to survivors include financial limitations as many survivors have limited access to financial resources making it difficult to afford rent, security deposits and utilities. In addition, poor credit history, often brought on by financial abuse, can make it difficult for survivors to secure rental agreements. Survivors also face the challenge of landlord discrimination based on history of evictions and/or poor rental history due to violent episodes or police involvement. Additionally, many survivors face legal challenges such as custody issues and protective orders which can complicate housing stability. 2) The CoC works to remove those barriers by ensuring regular assessment of the CE Policy and procedure manual, which details safety planning protocol, and by participating in and requesting feedback specifically regarding systemic barriers to housing from the DV Regional Advisory Board (DVRAB). This Committee is comprised of representatives from 12 NYS CoCs across the state, many of whom are Survivors with Lived Expertise themselves, who work collaboratively w/ local CoCs to directly inform CoC policy & program priorities & ensure survivor voices are heard. These proactive measures have allowed the CoC to better identify barriers and allowed mainstream and DV providers to better serve those in need.

1C-6.	Addressing the Needs of Lesbian, Gay, Bisexual, Transgender and Queer+--Anti-Discrimination Policy and Equal Access Trainings.	
	NOFO Section V.B.1.f.	

	1. Did your CoC implement a written CoC-wide anti-discrimination policy ensuring that LGBTQ+ individuals and families receive supportive services, shelter, and housing free from discrimination?	Yes
	2. Did your CoC conduct annual CoC-wide training with providers on how to effectively implement the Equal Access to Housing in HUD Programs Regardless of Sexual Orientation or Gender Identity (Equal Access Final Rule)?	Yes
	3. Did your CoC conduct annual CoC-wide training with providers on how to effectively implement Equal Access in Accordance With an Individual's Gender Identity in Community Planning and Development Programs (Gender Identity Final Rule)?	Yes

1C-6a.	Anti-Discrimination Policy--Updating Policies--Assisting Providers--Evaluating Compliance--Addressing Noncompliance.	
	NOFO Section V.B.1.f.	

Describe in the field below:	
1.	how your CoC regularly collaborates with LGBTQ+ and other organizations to update its CoC-wide anti-discrimination policy, as necessary to ensure all housing and services provided in the CoC are trauma-informed and able to meet the needs of LGBTQ+ individuals and families;
2.	how your CoC assisted housing and services providers in developing project-level anti-discrimination policies that are consistent with the CoC-wide anti-discrimination policy;
3.	your CoC's process for evaluating compliance with your CoC's anti-discrimination policies; and
4.	your CoC's process for addressing noncompliance with your CoC's anti-discrimination policies.

(limit 2,500 characters)

1) The CoC regularly collabs. w/ LGBTQ+ & other orgs to update its CoC-wide anti-discrimination policy (embedded in the CoC Written Standards) by gathering stakeholder input throughout the year & during the review of the Written Standards. This process ensures, among other priorities, all housing & services provided in the CoC are trauma-informed & able to meet the needs of LGBTQ+ individuals & families. Specifically, the Collab. Applicant (CA) annually reviews & recommends updates to the anti-discrimination policy to the Steering Committee. The Steering Committee & then Membership make edits & vote to implement the revised policy, ensuring a comprehensive review by multiple agencies. 2) The CoC assisted housing & service providers in developing & implementing project-level anti-discrimination policies consistent w/ the CoC-wide policy by providing an agency-level policy template & offering TA during the development & implementation of anti-discrimination policies. The CoC also assists agencies during its project monitoring which includes a review of agency-level policies, including anti-discrimination, to ensure alignment w/ current CoC policies, HUD regs, & best practices. 3) The CoC evaluates compliance w/ anti-discrimination policies during annual program monitoring, the Rank & Review (R&R) process, & CoC-offered trainings. The annual monitoring process ensures agency-level anti-discrimination policies exist (& clearly detail who to contact if a client's civil rights are violated), are being implemented, & are shared w/all clients & staff. The R&R process provides further verification by requiring renewal project applicants to submit an up-to-date anti-discrimination policy w/their app. Points are awarded to projects that have policies ensuring LGBTQ+ households will receive services & housing free from discrimination. Finally, CoC & ESG-funded agencies participate in annual, mandatory anti-discrimination trainings during which the CoC can gauge if any concerns w/compliance exist. 4) The CoC's process for addressing non-compliance w/ the anti-discrimination policy as outlined in the Written Standards includes notifying the agency & scheduling TA provided by the CA during which time a corrective action plan is developed, implemented & reviewed after 30 days. Non-compliance is also indirectly addressed through the R&R process when a renewal project app receives lower scores if the agency does not have an up-to-date policy to incentivize best practices.

1C-7.	Public Housing Agencies within Your CoC's Geographic Area–New Admissions–General/Limited Preference–Moving On Strategy.	
	NOFO Section V.B.1.g.	

You must upload the PHA Homeless Preference\PHA Moving On Preference attachment(s) to the 4B. Attachments Screen.

Enter information in the chart below for the two largest PHAs highlighted in gray on the current CoC-PHA Crosswalk Report or the two PHAs your CoC has a working relationship with—if there is only one PHA in your CoC's geographic area, provide information on the one:

Public Housing Agency Name	Enter the Percent of New Admissions into Public Housing or Housing Choice Voucher Program During FY 2023 who were experiencing homelessness at entry	Does the PHA have a General or Limited Homeless Preference?	Does the PHA have a Preference for current PSH program participants no longer needing intensive supportive services, e.g., Moving On?
Poughkeepsie Housing Authority	20%	Yes-Both	No
NYS Housing Trust Fund Corporation	5%	Yes-HCV	No

1C-7a.	Written Policies on Homeless Admission Preferences with PHAs.	
	NOFO Section V.B.1.g.	
	Describe in the field below:	
1.	steps your CoC has taken, with the two largest PHAs within your CoC's geographic area or the two PHAs your CoC has working relationships with, to adopt a homeless admission preference—if your CoC only has one PHA within its geographic area, you may respond for the one; or	
2.	state that your CoC has not worked with the PHAs in its geographic area to adopt a homeless admission preference.	

(limit 2,500 characters)

1) The CoC has taken robust steps to strengthen existing relationships with Poughkeepsie Housing Authority (PHA), Beacon Housing Authority & Pathstone (NYS Homes & Community Renewal Housing Choice Voucher (HCV) administrator), which resulted in the adoption of a homeless preference in their admission policies. These steps include: focusing on relationship building to ensure PHA participation & collaboration with the CoC; & providing advocacy & education on the unhoused community's needs through data sharing. The CoC, through email communication, one-on-one, & community meetings, encourage PHA/HCV staff to engage in the CoC's strategic planning process & share resources at committee meetings, specifically promoting the availability of Housing Stability Vouchers. In 2020, local HCV administrators and CoC members were instrumental in advocating to HCR, resulting in the addition of a homeless preference to HCR's administrative plan. The addition of this preference resulted in an increased availability of PHA resources & housing options for those exiting homelessness statewide. This collaborative relationship with HCR also enabled the development of the Emergency Housing Voucher Program in 2021 & subsequent implementation. The CoC also shares data collected from strategic planning process, the Point-in-Time (PIT) count, & Homeless Management Information Systems (HMIS) with the PHAs. Data sharing & collaboration between the CoC & PHA/HCV staff highlights the current need for a homeless preference in their admission policies & the community benefits of sustaining this preference. Additionally, access to PIT & HMIS data from the CoC supports PHAs with reviewing preference criteria to ensure it reflects the community's needs & educating administrators on the continued benefit of such policies. As a result of these efforts, the CoC has a robust pool of PHA resources (i.e., PHA preferences, EHV) to support homeless clients transitioning to stable housing opportunities.

1D-2a.	Project Evaluation for Housing First Compliance.	
--------	--	--

NOFO Section V.B.1.i.

You must upload the Housing First Evaluation attachment to the 4B. Attachments Screen.

Describe in the field below:

1.	how your CoC evaluates every project—where the applicant checks Housing First on their project application—to determine if they are using a Housing First approach;
2.	the list of factors and performance indicators your CoC uses during its evaluation;
3.	how your CoC regularly evaluates projects outside of your local CoC competition to ensure the projects are using a Housing First approach; and
4.	what your CoC has done to improve fidelity to Housing First.

(limit 2,500 characters)

1) The CoC evaluates every project where the applicant checks Housing First (HF) on their project application by: carefully reviewing the project description on the local rank and review tool, reviewing APR project performance data and coordinating with the Coordinated Entry (CE) Lead to review HF adherence. This process ensures program access and continuation is not contingent on current or past substance use, treatment completion, service participation, income requirements, criminal record, or history of victimization (e.g., domestic violence, childhood abuse); programs do not deny access based on credit/financial history, poor/lack of rental history, or behaviors perceived as lacking “housing readiness”. 2) Specific factors and performance indicators used during evaluation include but are not limited to APR questions: Q17- Income at Entry, Q22-Length of Stay, Q24b-Moving on Assistance provided to households and Q23-Exit Destination. If any concern is raised regarding alignment with HF during this time the Collaborative Applicant promptly monitors for compliance. 3) The CoC regularly evaluates projects outside of the local CoC competition through: regular coordination with the CE Lead to ensure HF adherence, on-going agency specific HF TA, and Project Monitoring. 4) In order to ensure fidelity to HF, when necessary, the CE Lead [with the Collaborative Applicant (CA)] follows up with projects struggling to consistently apply HF practices to provide individualized training/TA to ensure project-based and system-wide adherence.

1D-3.	Street Outreach—Data—Reaching People Least Likely to Request Assistance.	
	NOFO Section V.B.1.j.	

Describe in the field below how your CoC tailored its street outreach to people experiencing homelessness who are least likely to request assistance.

(limit 2,500 characters)

The CoC has developed effective street outreach strategies tailored to address the needs of people experiencing homelessness least likely to request assistance. Strategies focus on collaborating and coordinating with partners including human services organization (Dutchess Outreach), Youth focused organizations (Safe Harbors, River Haven Youth Shelter), faith-based orgs, Poughkeepsie Public Library staff, Fidelis Care, & the Poughkeepsie Police Dept. According to FY23 System Performance Measures, the CoC had 20.9% exits in SO to PH destinations. The CoC has multiple street outreach teams that coordinate services including outreach programs administered by People USA’s LEAD team, Hudson River Housing’s Street (HRH) outreach team, and HONOR. These teams coordinate with the larger service community partners noted above to engage & make direct connection with behavioral health (BH) services. Coordinated Entry utilizes bi-weekly case conferencing and a by-name list to ensure continued service provision. Other examples of street outreach strategies tailored to people experiencing homelessness least likely to request assistance include coordination with programs that offer BH expertise; examples include the City of Poughkeepsie’s and Beacon’s Police that operate BH outreach programs with case managers from Mental Health America (MHA) to link persons experiencing unsheltered homelessness to the street outreach team &/or homeless service agencies. MHA Case Managers are also embedded in the Mobile Crisis unit as part of the Street Outreach team strategy. Mobile outreach teams identify/maintain regular presence in areas frequented by unsheltered persons & connect them to appropriate BH services. Additionally, HONOR administers a NYS OMH project that provides daily street-outreach in coordination with Mobile Crisis & has clinical staff as part of the Outreach team. Additionally, the VA Outreach, Soldier On, & Health Care for Homeless Vets programs identify/engage unsheltered veterans and connect them to medical & BH services. The CoC also has a relationship w/County Mental Health which administers an Assertive Community Treatment program, a multidisciplinary team that engages unsheltered persons experiencing mental health crises. All outreach programs utilize client-centered & trauma-informed approaches, hiring staff w/lived experience to conduct outreach and ensure client connection to services without requiring adherence to service or treatment.

1D-4.	Strategies to Prevent Criminalization of Homelessness.	
	NOFO Section V.B.1.k.

3.	SSDI–Social Security Disability Insurance	Yes
4.	TANF–Temporary Assistance for Needy Families	Yes
5.	Substance Use Disorder Programs	Yes
6.	Employment Assistance Programs	Yes
7.	Other (limit 150 characters)	

1D-6a.	Information and Training on Mainstream Benefits and Other Assistance. NOFO Section V.B.1.m
--------	---

Describe in the field below how your CoC:

- works with projects to collaborate with healthcare organizations, including those that provide substance use disorder treatment and mental health treatment, to assist program participants with receiving healthcare services, including Medicaid; and
- promotes SSI/SSDI Outreach, Access, and Recovery (SOAR) certification of program staff.

(limit 2,500 characters)

1) The CoC works with projects to collaborate with healthcare orgs to assist program participants with receiving healthcare services (i.e. SUD & MH treatment) by engaging healthcare partners, both CoC & non-CoC members, to present at membership meetings and through CE collaboration with community partners. The CoC systematically provides up-to-date info on mainstream healthcare resources available for programs/participants during quarterly Membership Meetings. Agencies, including non-CoC members, provide updates, thus increasing the breadth of knowledge of community resources available. Examples include: Dept of Community & Family Services (Medicaid.); Mental Health America (MHA) of Dutchess Co (MH & SUD programs); & Community Healthcare Collaborative (Health Homes/Medicaid Case Mgmt programs). The CoC also updates its members on changes in accessing/utilizing mainstream resources via email. If a change in referral or access to resources requires additional TA for agencies to enact, the CA provides webinars as needed. This information is communicated directly to program staff, who then connect clients with the appropriate healthcare services. Through CE, the CoC also coordinates case conferencing w/ the Dutchess County Behavioral Mental Health Department's Single Point of Access (SPOA) through Mental Health America of Dutchess Co, which participates in CE case conferencing sessions. On an annual basis, the Collaborative Applicant (CA) provides TA to new project applicants on how to coordinate with healthcare providers to ensure program participants can receive necessary healthcare services. 2) The CoC actively promotes SSI/SSDI Outreach, Access, and Recovery (SOAR) model & trainings hosted by the regional SOAR TA provider during Membership meetings. Previously, the CoC convened a meeting with the Social Security Administration and presented SOAR information. The CoC also prioritized the number of OATS applications submitted by SOAR certified staff in this year's rank & review. There are currently 3 SOAR certified agencies the CoC can refer participants to.

ID-7.	Partnerships with Public Health Agencies—Collaborating to Respond to and Prevent the Spread of Infectious Diseases.	
NOFO Section V.B.1.n.		
Describe in the field below how your CoC effectively collaborates with state and local public health agencies to develop CoC-wide policies and procedures that:		
1.	respond to infectious disease outbreaks; and	
2.	prevent infectious disease outbreaks among people experiencing homelessness.	

(limit 2,500 characters)

The CoC effectively collaborates w/ New York State & Dutchess County public health agencies to develop and review CoC-wide policies and procedures to ensure that CoC policies include 1) a rapid system response to infectious disease outbreaks among people experiencing homelessness & 2) an effective policy to prevent infectious disease outbreaks among people experiencing homelessness. 1) The CoC edited its Coordinated Entry Policies and Procedures and Vulnerability Index to prioritize persons who are sick/quarantined or economically impacted by infectious diseases such as COVID-19 Mpox, Tuberculosis and Hepatitis A. The Collaborative Applicant (CA) is the lead agency on a statewide project in partnership with the Department of Health (DOH) and the University of Rochester to develop health policies, distribute PPE/ cleaning supplies, & disseminate information on preventing outbreaks & the spread of infectious diseases in emergency shelters. Results and policies created through this partnership have been shared with the CoC and integrated into relevant COC practices. The CoC will continue to collaborate w/state & local public health agencies to craft responsive CoC-wide Policies and Procedures that prioritize care through infectious disease prevention (i.e. safety measures, quarantine protocols), ensuring the CoC has a coordinated response to future infectious disease outbreaks. 2) The CoC effectively collaborates with state & local public health agencies to prevent infectious disease outbreaks among people experiencing homelessness primarily through sharing info/resources at CoC Membership meetings & ensuring representation from state and local public health officials at meetings. For example: County Dept. of Health & the Dept. of Community and Family Services (DCFS) share via CoC Membership meetings & email blasts updates on public health & county services for people at greatest risk of severe infectious disease (i.e. info related to reducing the spread of Mpox, COVID, flu, Tuberculosis, and Hepatitis A); agencies that work primarily w/clients w/disabling conditions present resources at CoC membership meetings on supporting immunocompromised clients; & the CA shares updates related to the DOH statewide preventing infections in emergency shelters project. Development of infectious disease procedures & resource sharing has resulted in a community of providers that are well-informed & prepared to respond to ongoing/future public health crises.

ID-7a.	Collaboration With Public Health Agencies on Infectious Diseases.	
	NOFO Section V.B.1.n.	
	Describe in the field below how your CoC:	
1.	effectively shared information related to public health measures and homelessness; and	
2.	facilitated communication between public health agencies and homeless service providers to ensure street outreach providers and shelter and housing providers are equipped to prevent or limit infectious disease outbreaks among program participants.	

(limit 2,500 characters)

The CoC effectively shares info related to public health measures & homelessness through: Collaborative Applicant (CA) partnership w/ the Dept. of Health (DOH) on shelter best practices related to infectious disease & sharing timely public health information through regular emails to membership. 1) The CA supports direct service providers by sharing necessary public health information provided by the CDC, HUD, & state/local health depts via email and website on an as needed basis. The CA also shares new public health measures related to homelessness through a partnership with the state DOH to disseminate supplies and research health measures to mitigate infectious disease for both sheltered & unsheltered populations. Through this partnership, the CA developed policies and procedures w/ the University of Rochester to equip outreach programs, shelters & housing providers w/ strategies and best practices to limit and prevent infectious disease outbreaks. The CA will continue sharing necessary public health measures through emails and website as needed. For pressing updates (i.e., vaccine availability, infectious disease protocols, COVID waves), CoC providers communicate to fellow outreach, shelter, & housing providers through the CoC Steering Committee & Membership email listservs. 2) The CoC facilitates communication between public health agencies & homeless service providers to ensure street outreach, shelter, & housing providers are equipped to prevent or limit infectious disease outbreaks among program participants. There are concerted efforts to provide PPE materials and supplies as part of street outreach for the PIT count included in PIT training. The CoC also hosts online dialogues w/public health experts at Steering Committee & Membership meetings. At membership meetings, outreach providers can share best practices, trends they are seeing in the community, and concerns related to street homelessness & the rise of infectious diseases (i.e. COVID, flu season, and the return of Code Blue temps). The CoC hosts virtual/hybrid Steering Committee & Membership meetings that include presentations by public health agencies. Emergency shelter & housing providers share best practices/resources on ensuring staff & client safety compliance, reducing vaccine hesitancy, etc. The CA will continue hosting workshops and meetings that include public health officials to educate the community & prevent infectious disease outbreaks.

1D-8.	Coordinated Entry Standard Processes.	
	NOFO Section V.B.1.o.	

Describe in the field below how your CoC's coordinated entry system:	
1.	can serve everybody regardless of where they are located within your CoC's geographic area;
2.	uses a standardized assessment process to achieve fair, equitable, and equal access to housing and services within your CoC;
3.	collects personal information in a trauma-informed way; and
4.	is updated at least annually using feedback received from participating projects and households that participated in coordinated entry.

(limit 2,500 characters)

1) The NY 601 CES can serve everybody regardless of location due to its No Wrong Door approach and its use of street outreach engagement. Agencies serving as CES Points of Entry (POE) include outreach shelters, housing providers, and local departments of social services. Coordinated efforts with new and existing outreach programs enhanced connectivity to CE and additional interventions for individuals experiencing unsheltered homelessness have increased. Increased street outreach program staffing and extended outreach hours have allowed increased CE access at each point of engagement for those with the most severe service needs. The CE priority list documents client location at intake. The CE Committee reviews POE data to ensure accessible CE sites. The Committee engages providers to ensure CE access and address barriers for engagement. 2) The CoC uses a standardized assessment process to achieve fair, equitable and equal access to CoC services. The CoC updates the process to ensure consistency with HUD requirements and local needs. CES prioritizes people in the greatest need of assistance via an assessment which considers homeless chronicity, reported service needs, and justice system involvement. Participant prioritization is verified by the CE Committee which reviews the by-name list at bi-weekly meetings to ensure prioritization is determined by service needs. 3) CE collects personal information in a trauma informed way by allowing individuals full control of decision making throughout the process. The tool collects essential information and allows participants to access CE through several POE sharing their story one time and receiving access to multiple service options. 4) The assessment is updated using feedback from participating projects and households. Annually the CoC uses feedback from providers and reviews data from the CE program. On an on-going basis during the CE meetings the process/tool is discussed and reviewed. The committee reviews the priorities within the CoC and compares them to criteria used to develop the priority list. In addition, the CoC Board is the CES Evaluation Entity tasked with using participant/provider data to measure the CES' functioning. To measure this a survey was developed and is completed by participating providers/households to gauge the effectiveness of the CES and the results inform changes.

1D-8a.	Coordinated Entry–Program Participant-Centered Approach.	
	NOFO Section V.B.1.o.	

	Describe in the field below how your CoC's coordinated entry system:
1.	reaches people who are least likely to apply for homeless assistance in the absence of special outreach;
2.	prioritizes people most in need of assistance;
3.	ensures people most in need of assistance receive permanent housing in a timely manner, consistent with their needs and preferences; and
4.	takes steps to reduce burdens on people seeking assistance.

(limit 2,500 characters)

1) The CoCs Coordinated Entry System (CES) targets outreach to those least likely to apply for homeless assistance in the absence of special outreach as outlined in the CE Marketing Plan. This Plan incorporates outreach best practices such as street canvassing and developing one-on-one relationships to build/gain trust and peer referrals. 2) The CoC prioritizes people most in need by utilizing the standardized CE assessment tool. This tool uses a set of community-wide prioritization criteria such as length of time homeless, physical/mental health barriers and prior justice system involvement to ensure persons with the greatest need, most barriers or highest vulnerability are prioritized first 3) The CoC ensures people most in need of assistance receive permanent housing in a timely manner by ensuring their first point of entry/contact quickly shares the persons intake information for housing services with the CE Lead and referral agencies. The assessment documents persons' needs including: conditions reported, domestic violence, length of time homeless and familial status to ensure thoughtful referrals are made consistent with the client's needs and preferences. Once assessed, these persons are immediately added to the by-name priority list and referrals are sent to appropriate housing providers for review and consideration. 4) To reduce the burden of those utilizing the CES, the NY 601 CoC has adopted a No Wrong Door approach. This approach allows individuals experiencing a housing crisis to access the CES at numerous points within the CoC's entire geographic area including emergency shelters, permanent housing agencies and local department of social services. The No Wrong Door system ensures the client is only required to make one connection/complete one application to be connected to the most appropriate homeless housing services within the CoC. This system alleviates the burden on the client to find the right service location for their needs. Clients will only be referred to projects where they meet eligibility requirements and criteria to avoid unnecessary delays. In addition, utilizing one application for all housing opportunities ensures the client will not be answering the same question multiple times or collecting duplicate documentation. The CE committee meets regularly to review the process and ensure it remains client centered and efficient as possible.

1D-8b.	Coordinated Entry–Informing Program Participants about Their Rights and Remedies–Reporting Violations.	
	NOFO Section V.B.1.o.	

Describe in the field below how your CoC through its coordinated entry:	
1.	affirmatively markets housing and services provided within the CoC's geographic area and ensures it reaches all persons experiencing homelessness;
2.	informs program participants of their rights and remedies available under federal, state, and local fair housing and civil rights laws; and
3.	reports any conditions or actions that impede fair housing choice for current or prospective program participants to the jurisdiction(s) responsible for certifying consistency with the Consolidated Plan.

(limit 2,500 characters)

1) Through its Coordinated Entry System (CES) the NY 601 CoC affirmatively markets housing and services provided within the CoC’s geographic area and ensures it reaches all persons experiencing homelessness by; employing marketing strategies that are designed to be inclusive and considerate of the diverse population of individuals experiencing homelessness. The CoC will confer with the Persons w/ Lived Experience (PWLE) Committee when developing new marketing materials and strategies. The CoC partners with community agencies to ensure that marketing materials are available in requested languages and accessible to individuals with disabilities. The CoC also uses a variety of outreach channels to maximize its reach. This includes online platforms, social media, community events, and collaboration with local service providers specifically those outreaching to BIPOC and LGBTQ+ communities. 2) All marketing materials explicitly state the CoC’s commitment to fair housing and non-discrimination, as well as clearly communicate the eligibility criteria for accessing housing and services within the CoC. The CoC also collaborates with community organizations, advocacy groups, and service providers including Legal Aid that educate CES providers and program participants of their rights and remedies available to them under federal, state, and local fair housing and civil rights laws. The Collaborative applicant also hosts an annual training session open to the entire CoC, focusing on educating participants about fair housing principles, laws, and available courses of action. 3) The CoC’s strategy for reporting observed conditions or actions that impede fair housing includes actively monitoring its coordinated entry system and participating programs to identify any conditions or actions that could impede fair housing choice for program participants. This includes discriminatory practices, barriers to access, or any actions that hinder equal opportunity and the housing first principle. If the CES identifies such conditions or actions, it would be documented and communicated to the CoC as well as the jurisdiction(s) responsible for certifying consistency with the Consolidated Plan. The CoC will continue to monitor its coordinated entry system and programs to ensure that fair housing principles are upheld.

1D-9.	Advancing Racial Equity in Homelessness–Conducting Assessment.	
	NOFO Section V.B.1.p.	

1.	Has your CoC conducted a racial disparities assessment in the last 3 years?	Yes
2.	Enter the date your CoC conducted its latest assessment for racial disparities.	06/13/2024

1D-9a.	Using Data to Determine if Racial Disparities Exist in Your CoC’s Provision or Outcomes of CoC Program-Funded Homeless Assistance.	
	NOFO Section V.B.1.p.	

Describe in the field below:

1.	the data your CoC used to analyze whether any racial disparities are present in your CoC’s provision or outcomes of CoC Program-funded homeless assistance; and

(limit 2,500 characters)

NY-601, in partnership and collaboration with the CoC Regional Racial Justice Advisory Committee (RRJAC), and the CoC Persons with Lived Experience (PWLE) committee, uses a variety of local quantitative and qualitative data to determine if racial disparities are present in the provision or outcomes of its CoC program-funded homeless response system. 1) NY-601 utilizes HMIS/Coordinated Entry (CE)/Stella P, American Community Survey for its quantitative analysis and the majority of its qualitative data is collected from the NY-601 PWLE committee. Specifically, the PWLE committee reviews and provides feedback, during its meetings, on the CoC's CE scoring tool, the Rank and Review tool, and identifies existing system barriers -this topic is a standing agenda item. 2) CoC relies on the work of the RRJAC, its analysis of both quantitative and qualitative data sources, to determine if racial disparities exist in its participating CoC's homeless services. The RRJAC, comprised of 11 New York State CoCs, was created with the mission to serve local CoCs as a primary resource and catalyst for the work of racial justice within the homeless service system and therefore the ideal committee to take on this important analytical work. The Committee reviews all available data with a racial equity lens and then presents its findings to the Steering Committee (SC) and Membership along with recommendations. For example, the most recent analysis of the CE data focused on the program outcomes tracking from Emergency Shelter (ES) to CE, to Permanent Supportive Housing (PSH) destinations of persons by race. The analysis identified the following disparities: Black/African Americans made up 47% of the clients in ES and outreach. However Black/African Americans made up 39% of those on the CE Priority List. Regarding housing referrals from CE during the reporting window, all Black/African American clients were referred to PSH. These results indicate that Black/African American clients are underrepresented in CE, and that there is racial disparity in PSH referrals. Findings are made accessible online for full community transparency. In addition to the RRJAC's analysis and findings, the CoC PWLE Committee annually shares its insights and recommendations with the SC and Membership. This committee also presents bi-monthly actionable items to the CoC SC and Membership, suggesting changes to improve the provision and outcomes of the CoC program-funded homeless response system.

1D-9b.	Implemented Strategies to Prevent or Eliminate Racial Disparities.	
	NOFO Section V.B.1.p	

Select yes or no in the chart below to indicate the strategies your CoC is using to prevent or eliminate racial disparities.
--

1.	Are your CoC's board and decisionmaking bodies representative of the population served in the CoC?	No
2.	Did your CoC identify steps it will take to help the CoC board and decisionmaking bodies better reflect the population served in the CoC?	Yes
3.	Is your CoC expanding outreach in your CoC's geographic areas with higher concentrations of underrepresented groups?	Yes

4.	Does your CoC have communication, such as flyers, websites, or other materials, inclusive of underrepresented groups?	Yes
5.	Is your CoC training staff working in the homeless services sector to better understand racism and the intersection of racism and homelessness?	No
6.	Is your CoC establishing professional development opportunities to identify and invest in emerging leaders of different races and ethnicities in the homelessness sector?	Yes
7.	Does your CoC have staff, committees, or other resources charged with analyzing and addressing racial disparities related to homelessness?	Yes
8.	Is your CoC educating organizations, stakeholders, boards of directors for local and national nonprofit organizations working on homelessness on the topic of creating greater racial and ethnic diversity?	Yes
9.	Did your CoC review its coordinated entry processes to understand their impact on people of different races and ethnicities experiencing homelessness?	Yes
10.	Is your CoC collecting data to better understand the pattern of program use for people of different races and ethnicities in its homeless services system?	Yes
11.	Is your CoC conducting additional research to understand the scope and needs of different races or ethnicities experiencing homelessness?	Yes

1D-9c.	Plan for Ongoing Evaluation of System-level Processes, Policies, and Procedures for Racial Equity.	
	NOFO Section V.B.1.p.	

Describe in the field below your CoC's plan for ongoing evaluation of system-level processes, policies, and procedures for racial equity.

(limit 2,500 characters)

NY-601's plan to evaluate its CoC-level processes, policy, and procedures and implement ongoing evaluation to prevent or eliminate racial disparities in the provision or outcomes of CoC funding begins with and is centered on annual analysis of the CoC's Coordinated Entry (CE) program. CE is at the heart of the CoC's monitoring process. Annual evaluation of CE will aid in the creation of actionable steps to improve processes, policies, and procedures. Analysis of race/ethnicity of clients enrolled in/exiting out of CE will reveal the level of equity within the system. Analysis of CE data indicated Black & African American clients are underrepresented on the CE list compared to the homeless population, & that persons on CE & the percentage of PSH referrals by race reflect disparity compared to the CoC's homeless population. As a result, the CoC & providers dissected current processes and policies to determine needed changes. The CoC took the following steps to address these disparities: conducted analysis of CoC governing documents & Board composition, updated the Rank & Review tool to inquire about agency's focus on racial equity in its own programs and prioritized agencies that updated policies and procedures to mitigate inequity, participated in the Regional Racial Justice Summit and left with a plan to engage CoC membership and Board to adopt racial equity related policy recommendations. A step taken as part of the recommendations is the update made to the CoC bylaws to include a commitment to center client voices in the creation of CoC policies with the goal of creating more racially equitable service provider practices, updated CE program's process and tool to directly increase equity in housing outcomes, and analyzed the demographic composition of its Board by distributing a diversity assessment tool which tracks recruitment of board members that identify as BIPOC & persons w/ lived experience. The CoC will continue to focus on an annual evaluation of its CE through data analysis and qualitative interviews with clients on the CE priority list and clients who were placed into PH/PSH. Analysis will monitor system improvement of racial equity by tracking: the demographics of those referred to the CE program for housing placement, the wait time of those on the CE priority list by race, and the demographics of those successfully placed in PH/PSH.

1D-9d.	Plan for Using Data to Track Progress on Preventing or Eliminating Racial Disparities. NOFO Section V.B.1.p.	
Describe in the field below:		
1.	the measures your CoC plans to use to continuously track progress on preventing or eliminating racial disparities in the provision or outcomes of homeless assistance; and	
2.	the tools your CoC plans to use to continuously track progress on preventing or eliminating racial disparities in the provision or outcomes of homeless assistance.	

(limit 2,500 characters)

NY-601 has developed a plan for using data to track progress on preventing or eliminating racial disparities. 1) The measures the Continuum of Care (CoC) has and plans to continuously use to track progress on preventing or eliminating disparity are: tracking successful placements within the Coordinated Entry (CE) program by race, tracking the number of positive PSH program placements by race, and tracking the average length of stay on the CE list by race. These measures are used to illustrate whether positive and efficient housing outcomes on the CE list are proportional to the population size of each racial group within the homeless population. The CoC participates in the Regional Racial Justice Advisory Committee (RRJAC), a regional committee comprised of 11 New York State CoCs formed to provide opportunities for community members to get involved in actionable systems change to address racial disparities within the homelessness service sector. The committee's mission is to serve local CoCs as a primary resource and catalyst for the work of racial justice within the homeless service system. The RRJAC, in partnership with the CoC, will collect and analyze, annually, the above measures for NY-601. 2) The tools the CoC plans to use to continuously track progress on preventing or eliminating racial disparities in the provision or outcomes of homeless assistance are locally derived analysis reports/dashboards from HMIS/CE data, HUD HDX 2.0 Stella P, and US Census data. Reports are built using Tableau and are modeled after the data sources and versions of analysis of HUD's recommended Racial Equity Analysis Tool. By federating the datasets through Tableau, the CoC can highlight racial disparities through visualizations at each of the measures highlighted above and compare them yearly.

1D-10.	Involving Individuals with Lived Experience of Homelessness in Service Delivery and Decisionmaking—CoC's Outreach Efforts.	
	NOFO Section V.B.1.q.	

Describe in the field below your CoC's outreach efforts (e.g., social media announcements, targeted outreach) to engage those with lived experience of homelessness in leadership roles and decisionmaking processes.

(limit 2,500 characters)

The CoC's outreach efforts to engage persons w/ lived experience and expertise of homelessness (PLEEH) in leadership roles & decision-making processes was prioritized this past year and includes: the development of a Persons with Lived Experience Advisory Committee, promotion of open board positions to those with lived experience via direct client outreach, and ensuring transparent and publicly posted Membership and Committee information for full public participation. In collaboration with the Regional Racial Justice Advisory Committee (RRJAC), the CoC has developed a Persons with Lived Experience Advisory Committee, which provides recommendations to improve the homeless response system. These recommendations are provided to the CoC Steering Committee, which determines the method/process for addressing those recommendations as a system. The CoC sought to recruit PLEEH through disseminating a short survey to employees from CoC-member agencies and stakeholders who are experiencing or have experienced homelessness. The survey asked questions pertaining to the type of homelessness they experienced (sheltered or unsheltered), how long ago they experienced homelessness, and assessing their interest in joining an Advisory Committee to pull on their lived experience. The PWLE Advisory Committee was tasked with analyzing specific CoC policies and processes for areas of improvement, which is used to inform Steering Co. decisions. CoC members were encouraged to promote the open Steering Co. seats throughout their networks to those with lived experience. CoC Steering Co. members conduct targeted outreach to PLEEH within their own programs/agencies to fill vacancies. The CoC also conducts outreach by keeping up to date membership meetings & committee information on the CoC website & encouraging providers to refer clients to this info. Open Committee meetings are publicized, and important Committee information is featured on the CoC website.

1D-10b.	Professional Development and Employment Opportunities for Individuals with Lived Experience of Homelessness.	
	NOFO Section V.B.1.q.	

Describe in the field below how your CoC or CoC membership organizations provide professional development and employment opportunities to individuals with lived experience of homelessness.

(limit 2,500 characters)

The CoC & its membership orgs provide professional development & employment opportunities to persons w/lived experience of homelessness (PWLE) by: maintaining connections with employment and workforce agencies/services, and creating employment programs for PWLE where service gaps exist. The CoC continually reaches out to agencies whose experience/knowledge would promote linkages to employment opportunities for clients. For example, Dutchess County, Hudson River Housing, and Mental Health America (MHA), which all offer employment training programs, are longstanding members of the CoC and Steering Committee and participate in CE. Including agencies that foster upward economic mobility for clients in membership and CoC leadership allows CoC providers to share professional development and employment resources with current/prior participants with lived experience of homelessness (i.e. those in PSH programs or who have graduated). CoC member organizations have also created programs that directly connect individuals with lived experience of homelessness to employment. MHA has informal partnerships with local employers such as a local cabinet manufacturing company to hire clients. Another example, Hudson River Housing (HRH), connects participants with lived experience with employers that are in the agencies network, including businesses that use HRH's community kitchen or other resources. HRH's Summer Youth Employment Program, administered by the Workforce Investment Board, places youth in paid summer positions with employers. Several of these youths are offered regular employment opportunities. Pete's Place drop-in Center assists in getting identification needed to apply for employment such as drivers' licenses, birth certificates, and Social Security. Pete's place also has developed hiring opportunities for entry level positions in local businesses. Finally, the Regional Racial Justice Advisory Committee, which NY-601 participates in, has developed professional training for PWLE: CoC Board 101 sessions and Facilitation/Chairperson 101 series to encourage PWLE leadership and participation.

1D-10c.	Routinely Gathering Feedback and Addressing Challenges of Individuals with Lived Experience of Homelessness.	
	NOFO Section V.B.1.q.	

- Describe in the field below:
1. how your CoC gathers feedback from people experiencing homelessness;
 2. how often your CoC gathers feedback from people experiencing homelessness;
 3. how your CoC gathers feedback from people who received assistance through the CoC Program or ESG Program;
 4. how often your CoC gathers feedback from people who have received assistance through the CoC Program or ESG Program; and
 5. steps your CoC has taken to address challenges raised by people with lived experience of homelessness.

(limit 2,500 characters)

The CoC routinely and frequently gathers feedback from and addresses challenges of individuals with Lived Experience of Homelessness. 1)The CoC gathers feedback from people experiencing homelessness through the Persons with Lived Experience (PWLE) Committee. The CoC developed a formal PWLE committee to gather feedback from PWLE that helps inform CoC funding priorities & what projects are needed to have an impact. 2) The feedback is collected from the PWLE Committee bimonthly. 3) The CoC routinely gathers feedback from persons experiencing homelessness (PWLE) who received assistance through CoC/ESG programs on their experiences by interviewing clients during follow up case management visits and asking about gaps in homeless services & areas for system improvement. The CoC also surveys & interviews current clients at provider agencies to inform on gaps in services & resource allocation (i.e. CoC Bonus, ARPA funds). Specifically, the CA conducted focus groups of clients in emergency shelter (ES) to provide feedback on most needed on-site support & the physical set up of a new ES being constructed with county support. The CoC also assesses the CE system for accessibility, responsiveness, & effectiveness by surveying clients who are/were previously on the CE priority list. 4) The CoC annually gathers feedback from persons experiencing homelessness (PWLE) who received assistance through CoC/ESG programs on their experiences. 5) The CoC has taken steps to address challenges raised by PWLE by advocating for funding to address identified needs, developing &/or charging CoC committees w/actions to address identified needs, & updating CoC processes to reduce barriers to housing & services. In response to PWLE feedback that affordable housing units are challenging to find even w/ rental assistance in hand, the CoC member agencies work together to build relationships with landlords to create a larger pool of available units . PWLE feedback directly informed the design/services of the new ES supported by the County. In terms of updating processes, feedback from CE client surveys is discussed at CE Advisory Committee meetings & used to improve CE accessibility & intake processes.

1D-11.	Increasing Affordable Housing Supply.	
	NOFO Section V.B.1.s.	
	Describe in the field below at least two steps your CoC has taken in the past 12 months to engage city, county, or state governments that represent your CoC's geographic area regarding the following:	
1.	reforming zoning and land use policies to permit more housing development; and	
2.	reducing regulatory barriers to housing development.	

(limit 2,500 characters)

1&2) The CoC engaged local govt elected/non-elected officials within the last 12 mos. to reform zoning & land use policies to permit more housing & reduce regulatory barriers to housing development by: participating in a housing needs assessment (HNA) process, meeting w/ & advocating to elected/non-elected officials, & providing data on housing needs to influence decision making in support of reducing barriers to dev. In the last 12 months, the CoC engaged local gov. officials to advocate for the creation of new affordable housing by rezoning & reducing barriers to housing dev. in both the City of Poughkeepsie & Dutchess Co. The City of Poughkeepsie completed a housing needs assessment (Plan) & CoC members provided feedback throughout the planning process through discussions at CoC meetings & email notifications from the city. These discussions allowed CoC members to formally provide public comment. The Plan recommended rezoning of residential areas to increase density, updating land use policies to remove barriers for affordable housing dev. by streamlining the approval process, & a mandatory set aside of affordable units as part of any new proposed development. Dutchess Co. also conducted an HNA, with recommendations focused on dev. interventions to improve affordable housing access for renters. CoC members also successfully advocated for the creation of a County Housing Trust Fund with initial funding of at least \$2 million per yr. Additionally, the CoC collaborates w/ local coalitions to advocate for specific housing projects by providing support letters, attending public hearings, & providing written comments. 2) Using data & best practices, the CoC conducts outreach to education localities & the public on the need for & value of new affordable rental units. The CoC provides data from the Housing Inventory (HIC) & Point in Time (PIT) counts for housing needs assessments & Consolidated Plans. This HIC/PIT data & CoC system performance data (i.e. average LOT homeless & first-time homeless) show the need to create affordable units & provides demographic info. to ensure new units fit the needs of the homeless & very low-income pops. The CoC believes that demonstrating the extreme need for affordable housing through data will help to reduce regulatory barriers and sway officials at the local level to continue developing affordable housing.

1E. Project Capacity, Review, and Ranking–Local Competition

1E-2.	Project Review and Ranking Process Your CoC Used in Its Local Competition. We use the response to this question and the response in Question 1E-2a along with the required attachments from both questions as a factor when determining your CoC’s eligibility for bonus funds and for other NOFO criteria below.	
	NOFO Section V.B.2.a., 2.b., 2.c., 2.d., and 2.e.	

You must upload the Local Competition Scoring Tool attachment to the 4B. Attachments Screen.

Select yes or no in the chart below to indicate how your CoC ranked and selected project applications during your local competition:

1.	Established total points available for each project application type.	Yes
2.	At least 33 percent of the total points were based on objective criteria for the project application (e.g., cost effectiveness, timely draws, utilization rate, match, leverage), performance data, type of population served (e.g., DV, youth, Veterans, chronic homelessness), or type of housing proposed (e.g., PSH, RRH).	Yes
3.	At least 20 percent of the total points were based on system performance criteria for the project application (e.g., exits to permanent housing destinations, retention of permanent housing, length of time homeless, returns to homelessness).	Yes
4.	Provided points for projects that addressed specific severe barriers to housing and services.	Yes
5.	Used data from comparable databases to score projects submitted by victim service providers.	Yes

6.	Provided points for projects based on the degree the projects identified any barriers to participation (e.g., lack of outreach) faced by persons of different races and ethnicities, particularly those over-represented in the local homelessness population, and has taken or will take steps to eliminate the identified barriers.	Yes

1E-2a.	Scored Project Forms for One Project from Your CoC's Local Competition. We use the response to this question and Question 1E-2. along with the required attachments from both questions as a factor when determining your CoC's eligibility for bonus funds and for other NOFO criteria below. NOFO Section V.B.2.a., 2.b., 2.c., and 2.d.	
--------	---	--

You must upload the Scored Forms for One Project attachment to the 4B. Attachments Screen.
 Complete the chart below to provide details of your CoC's local competition:

1.	What were the maximum number of points available for the renewal project form(s)?	249
2.	How many renewal projects did your CoC submit?	13
3.	What renewal project type did most applicants use?	PH-PSH

1E-2b.	Addressing Severe Barriers in the Local Project Review and Ranking Process. NOFO Section V.B.2.d.	
--------	--	--

Describe in the field below:

1.	how your CoC analyzed data regarding each project that has successfully housed program participants in permanent housing;
2.	how your CoC analyzed data regarding how long it takes to house people in permanent housing;
3.	how your CoC considered the specific severity of needs and vulnerabilities experienced by program participants preventing rapid placement in permanent housing or the ability to maintain permanent housing when your CoC ranked and selected projects; and
4.	the severe barriers your CoC considered.

(limit 2,500 characters)

1) The CoC collected & analyzed data on projects that successfully housed program participants in permanent housing (PH) using HMIS/CE project data (or a comparable database) to answer objective questions in the local Rank & Review (R&R) tool. Specifically, the tool scores on utilization, positive outcomes, & income growth. The Program Review Committee updates the R&R tool, including data to assess project performance. The tool is approved by the Steering Committee & the HMIS Lead pulls data or collects aggregate data from a VSP (a comparable database) & sends it to applicants to utilize when completing the local R&R tool. 2) The CoC assessed the length of time between program entry & housing placement using APR data and providing points to those projects that can house clients quickly. 3) The CoC considered the specific severity of needs when ranking projects by including quantitative (i.e. prioritizing specific populations) & qualitative questions within the R&R application process. Specifically, the R&R tool prioritized Chronically Homeless, youth, veteran, and DV survivor populations. The tools this year also included questions regarding clients entering projects with zero income and clients with 2 or more disabling conditions, giving points to those projects that serve populations with severe service needs. The CoC considers these factors to ensure effective prioritization & allocation of resources to serve those with the most severe service needs within the CoC’s geographic area. The CoC also specifically included bonus questions on the local R&R tool for DV & Youth providers to explain positive outcomes that don’t meet HUD’s traditional definitions of positive outcomes. Att. 1E-2: Summary of Selection Criteria for R&R of Projects documents these practices. 4) The CoC considered the following severity of needs & vulnerabilities when ranking projects: Veteran Status, CH, history of DV, disability, severe mental illness, youth populations, low/no income, & substance abuse. The narrative portion of the R&R process also allowed for agencies to explain how serving those w/ the most severe service needs impacted their performance levels for specific system performance measures, such as preventing rapid placement in permanent housing & housing stability & could recoup points through that explanation.

1E-3.	Advancing Racial Equity through Participation of Over-Represented Populations in the Local Competition Review and Ranking Process.	
NOFO Section V.B.2.e.		
Describe in the field below:		
1.	how your CoC used input from persons of different races and ethnicities, particularly those over-represented in the local homelessness population, to determine the rating factors used to review project applications;	
2.	how your CoC included persons of different races and ethnicities, particularly those over-represented in the local homelessness population in the review, selection, and ranking process; and	
3.	how your CoC rated and ranked projects based on the degree that proposed projects identified any barriers to participation (e.g., lack of outreach) faced by persons of different races and ethnicities, particularly those over-represented in the local homelessness population, and steps the projects took or will take to eliminate the identified barriers.	

(limit 2,500 characters)

1) The CoC obtained & included input from persons of different races, particularly those over-represented in the local homeless pop, when determining rating factors used to review project apps by engaging the Regional Racial Justice Advisory Committee (RRJAC) in creating/editing Rank & Review (R&R) tool questions. The CoC works to identify & implement strategic initiatives that promote racial equity within the CoC & homeless services system. This year, the CoC worked w/the RRJAC to create/edit/review app questions from a Racial Equity, Diversity, & Inclusion perspective. According to HUD’s CoC Analysis Tool for Race & Ethnicity, Black/African American individuals are experiencing homelessness in the CoC at a rate of 47%, compared to 11% of the general pop. 2) Input from persons of different races affected how the CoC determined rating factors used to review project apps resulting in R&R tools that rated projects on their agency practices to increase racial equity & address existing racial disparities in the system. The CoC included persons of different races, particularly those identified as over-represented in the local homelessness pop, in the review, selection, & ranking process by working w/ the RRJAC to ensure a diverse CoC Membership, Steering Committee, & other committees. The RRJAC promotes diversification through annual assessments of current CoC member demographics & creation of CoC outreach/education materials. The CoC prioritized ensuring diversity w/in the R&R Committee to ensure persons of different races were included in the review, selection, & ranking process. This Committee is responsible for updating the renewal, new, & DV & HMIS/CE bonus apps for the NOFO competition. 3) The CoC rated & ranked projects based on the degree to which projects have identified barriers to participation & have taken steps to eliminate those barriers by asking projects via the R&R tools a) to identify structural inequities w/in their projects & how they are eliminating them; b) how the agency participates in committee & systems work to promote racial equity & engage professional organizations w/ this expertise; c) what barriers related to race/ethnicity exist in the CoC’s CE process; d) how agencies demonstrate inclusive hiring practices; & e) if project staff participate in DEI trainings. It should be noted that 6% of the CoC’s R&R tool questions focus on steps agencies are taking to eliminate barriers based on race.

	Describe in the field below:	
1.	your CoC’s reallocation process, including how your CoC determined which projects are candidates for reallocation because they are low performing or less needed;	
2.	whether your CoC identified any low performing or less needed projects through the process described in element 1 of this question during your CoC’s local competition this year;	
3.	whether your CoC reallocated any low performing or less needed projects during its local competition this year; and	
4.	why your CoC did not reallocate low performing or less needed projects during its local competition this year, if applicable.	

(limit 2,500 characters)

The CoC determines candidates for reallocation due to low performance or less needed projects as a tool to make strategic improvements to the homeless system. 1) The reallocation process is outlined in the Rank & Review Written Process, which is reviewed, updated, posted for public comment, and approved by the Program Review Committee and Steering Committee on an annual basis. The project review team flags projects that demonstrate inadequate financial management, a history of expending funds on ineligible activities, a history of returning funds that could have been utilized, ongoing poor project performance outcomes, and consistently low scores on the Rank & Review tool. From Rank & Review and monitoring, recommendations are made regarding reallocation to the Steering Committee. The Steering Committee makes the final decision to reallocate funding to create a new high performing project by reviewing the project’s performance outcomes, populations served and the need for the project and shares its decision with CoC Membership. If a project is considered needed in the community (i.e. uniquely serves a hard-to-serve population), the Steering Committee works with the Collaborative Applicant to provide TA to the agency to address underperformance. If it is decided reallocation would be a better use of CoC funds to best serve homeless clients, funding is made available through the new project Rank & Review process. 2) The CoC did not identify any low performing or less needed projects through this process this year. High project performance was demonstrated through Rank & Review and monitoring, and the need for each project is demonstrated by CoC projects actively accepting the most vulnerable clients from the Coordinated Entry priority list. 3) Hudson River Housing voluntarily reallocated its Hillcrest project for a new community prioritized project. Between 2019-2024, a cumulative total of \$186,682 has been reallocated. 4) Through the local competition it was determined that all projects are high performing, and that they are also addressing community needs.

	NOFO Section V.B.3.b.	

	In the field below:	
1.	describe actions your CoC and HMIS Lead have taken to ensure DV housing and service providers in your CoC collect data in HMIS comparable databases; and	
2.	state whether DV housing and service providers in your CoC are using a HUD-compliant comparable database—compliant with the FY 2024 HMIS Data Standards.	

(limit 2,500 characters)

The CoC and HMIS leads ensure DV housing and service providers in the CoC collect data in databases that meet HUD’s comparable database requirements by creating a Regional Domestic Violence Committee. This committee meets monthly to discuss the data collection and submission requirements with the group. This Committee’s stated priority is to ensure this compliance and offer HMIS and CoC technical assistance if needed to be and remain in compliance. 1) CARES of NY, Inc, the CoC Collaborative Applicant (CA), engaged Domestic Violence providers from this CoC and the others it works with, to form a Regional DV Committee. A priority goal of this Regional DV Committee is to ensure compliance within the comparable database and with the 2024 HMIS Data Standards. To meet this goal, CARES requested HUD TA for the Committee and received guidance resulting in clarification of comparable database requirements and instructions on how CoCs can ensure compliance. Based on the guidance received, CARES requested all providers complete an annual survey indicating the name of their current comparable database and it’s reporting capabilities. CARES of NY, Inc (the HMIS Lead) vetted each identified software vendor to ensure the database is compliant. 2) With the guidance from HUD TA and CoC oversight, the Dutchess County CoC DV provider, Grace Smith House is compliant with the FY 2024 HMIS Data Standards. Currently, the Grace Smith House’s comparable database is Empower DB. Examples of compliance include submitting de-identified aggregate data to the CoC for inclusion in the Housing Inventory Chart and Point In Time Count; and utilizing the data in the Rank and Review tool. Additionally, Grace Smith House regularly performs CSV uploads for ESG funding reporting as well as uploads to Sage for APRs.

2B-3.	PIT Count–Effectively Counting Youth in Your CoC’s Most Recent Unsheltered PIT Count.	
	NOFO Section V.B.4.b.	

	Describe in the field below how your CoC:	
1.	engaged unaccompanied youth and youth serving organizations in your CoC’s most recent PIT count planning process;	
2.	worked with unaccompanied youth and youth serving organizations to select locations where homeless youth are most likely to be identified during your CoC’s most recent PIT count planning process; and	
3.	included youth experiencing homelessness as counters during your CoC’s most recent unsheltered PIT count.	

(limit 2,500 characters)

The CoC implemented measures to engage unaccompanied youth and agencies serving youth & young adults (YYA) as part of the planning process for the CoC’s 2024 unsheltered PIT Count. To encourage participation from youth providers the CoC 1) engaged youth and RHY-funded/youth focused agencies, 2) connected with organizations serving unaccompanied YYA, to identify hotspots or locations where homeless youth are most likely to be identified, and 3) engaged youth experiencing homelessness as counters during the unsheltered Point in Time (PIT) Count. 1) During the planning process for the 2024 PIT Count, the Collaborative Applicant facilitated meetings with the CoC unsheltered PIT Leads and the Regional Advisory Board on Youth Homelessness (RABYH) comprised of RHY/youth-funded agencies and McKinney-Vento Homeless Liaisons. These meetings discussed strategies to increase geographical coverage when surveying & to recruit volunteers specifically focused on surveying youth during the count. The collaborative planning effort between mainstream housing providers, youth serving agencies, and the RABYH, resulted in the development of a youth survey that was integrated into the unsheltered PIT Survey. 2) The collaborative planning effort between the unsheltered PIT Lead and youth serving organizations also resulted in identifying locations where homeless youth are most likely to be identified during the PIT count. Specifically, youth organizations (i.e., Hudson River Housing’s River Haven TH program, Pete’s Place Drop In Center and the Youth Action Board (YAB)) reported hotspots that were identified by surveying youth & unaccompanied youth during outreach shifts and agency drop-in centers. Youth serving agencies relayed identified hotspots reported by youth when planning the annual PIT count. 3) The 2024 PIT volunteer counters included youth experiencing homelessness or that have previous lived experience. The unsheltered PIT lead, Pete’s Place, engaged/trained a wide range of community stakeholders including youth with lived experience that volunteered as counters for the unsheltered PIT Count. The agency also hosted a PIT Day event targeting YYA with free phone and tablet giveaways.

2B-4.	PIT Count–Methodology Change–CoC Merger Bonus Points.	
	NOFO Section V.B.5.a and V.B.7.c.	

	In the field below:	
1.	describe any changes your CoC made to your sheltered PIT count implementation, including methodology or data quality changes between 2023 and 2024, if applicable;	
2.	describe any changes your CoC made to your unsheltered PIT count implementation, including methodology or data quality changes between 2023 and 2024, if applicable;	
3.	describe whether your CoC’s PIT count was affected by people displaced either from a natural disaster or seeking short-term shelter or housing assistance who recently arrived in your CoCs’ geographic; and	
4.	describe how the changes affected your CoC’s PIT count results; or	
5.	state “Not Applicable” if there were no changes or if you did not conduct an unsheltered PIT count in 2024.	

(limit 2,500 characters)

4) Changes in data quality implemented between 2023 and 2024 positively affected the CoC's sheltered and unsheltered PIT count results by improving accuracy and validity. 1) As the result of improvements in data quality, the CoC was able to administer a more accurate sheltered PIT count which indicated a decrease from 672 in 2023 to 658 in 2024. Data quality changes included: tailored TA w/non-HMIS providers (i.e., DSS & DV providers) & improved HMIS training w/participating HMIS agencies. Tailored TA w/non-HMIS agencies improved data quality by confirming numbers submitted. The CoC has strengthened relationships w/non-HMIS agencies through their participation in CE, allowing for better collaboration during the Count. The CE & HMIS Leads worked w/agencies who provide Code Blue services, DSS, faith-based & DV shelters. Training focused on understanding that 100% data completeness for this population was not necessary when reporting for the PIT count. Similarly, improved data quality training w/HMIS-participating agencies supported improved data collection and submission. The HMIS Lead, organized and analyzed PIT data reports from HMIS, focusing on data quality and completeness, and met w/each provider to ensure timely data entry and accuracy. Review of intake dates noted within HMIS ensured a proper count of those utilizing shelter services on the night of the count. This review and subsequent data correction resulted in a more accurate census count. 2) The CoC implemented data quality actions, including increased training of volunteers to improve the validity of the unsheltered PIT count. The unsheltered PIT count was improved through increased/improved training to ensure de-duplication and effective interview techniques. As a result of the increased/improved training in 2024, the CoC was able to administer a more accurate unsheltered PIT count which indicated an increase from 19 in 2023 to 47 in 2024. Enhanced methodology included using Service based locations, food programs and drop-in centers to survey clients on the day of the count. 3) The CoC does not have any data that would indicate that PIT Count numbers were impacted by people displaced from a natural disaster or who recently arrived in the geographic area seeking shelter.

2C-1.	Reducing the Number of First Time Homeless—Risk Factors Your CoC Uses.	
	NOFO Section V.B.5.b.	
	In the field below:	
1.	describe how your CoC determined the risk factors to identify persons experiencing homelessness for the first time;	
2.	describe your CoC’s strategies to address individuals and families at risk of becoming homeless; and	
3.	provide the name of the organization or position title that is responsible for overseeing your CoC’s strategy to reduce the number of individuals and families experiencing homelessness for the first time	

(limit 2,500 characters)

The CoC continues to develop its process to determine risk factors used to identify persons that may become homeless for the first time, w/ the goal to decrease the number of first time homeless from year to year. 1) The process includes analyzing HMIS & LSA (Stella, SPMs, & CE) data & hosting community discussions to identify risk factors for becoming homeless for the first time. The Data Committee, through a collaboration w/ Siena College, is responsible for reviewing HMIS data (Stella, SPMs, CE) to identify & consider characteristics of those who are first-time homeless, including demographics, cause of homelessness, length of time homeless, & disabling conditions. Race & ethnicity of those who are first time homeless is assessed as the CoC/Regional Racial Justice Advisory Committee continues to identify ways to address the role structural racism plays in housing & eviction. The CoC identifies common factors contributing to first-time homelessness through community conversations w/ prevention providers, emergency shelters, Dept. of Community and Family Services (DCFS), & faith-based leaders. This qualitative information supplements HMIS data to create a holistic picture of local causes of first-time homelessness. 2) The CoC has developed four strategies to address individuals & families at risk of becoming homeless for the first time. These strategies include: educating community providers who serve priority pops. (i.e. prev. providers, food pantries, health clinics) about risk factors & newly developed CE prevention referral protocols to support those individuals & families; targeting prevention funding & services earlier within a household's housing crisis by communicating risk factors for first time homelessness identified through data analysis w/ CE- the CE committee utilized this information to continually update the CE tool w/ characteristics associated w/ first time homelessness; increasing the amount of prevention funding available in the community, an essential component of increasing the number of individuals & families able to remain stably housed & prevent new episodes of homelessness. The CoC advocates & applies for prevention funding through state, local & private funding sources on an ongoing basis; & partnering w/ landlords to support knowledge of tenant rights and prevention funds, w/ the goal of reducing evictions. 3) The Steering & Data Committees oversee these strategies.

2C-1a.	Impact of Displaced Persons on Number of First Time Homeless.	
	NOFO Section V.B.5.b	

Was your CoC's Number of First Time Homeless [metric 5.2] affected by the number of persons seeking short-term shelter or housing assistance displaced due to:

1.	natural disasters?	No
2.	having recently arrived in your CoC's geographic area?	No

2C-2.	Reducing Length of Time Homeless—CoC's Strategy.	
	NOFO Section V.B.5.c.	

In the field below:

1.	describe your CoC's strategy to reduce the length of time individuals and persons in families remain homeless;
----	--

2.	describe how your CoC identifies and houses individuals and persons in families with the longest lengths of time homeless; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the length of time individuals and families remain homeless.

(limit 2,500 characters)

1) The CoC's strategy to reduce the length of time (LOT) households remain homeless includes: increasing the number of affordable housing options through advocacy for affordable housing development and engaging systems of care to provide and increase homeless and affordable housing (DV, Mental Health, PHAs, etc.) and engaging landlords in the region to rent to tenants using subsidies; Additionally the CoC ensures program policies remove systemic barriers to rapid housing & coordinating housing opportunities through the Coordinated Entry (CE) program. The CoC routinely advocates for and supports the increase of permanent housing options with letters of support and data demonstrating need. For example, the CoC supported NYS Empire State Supportive Housing Initiative (ESSHI) applications for PSH; is partnering with the State to implement HUD's Emergency Housing Voucher (EHV); and is implementing its Moving On Strategy to ensure PSH units are available for the most vulnerable and hardest to serve. Specifically, both the City of Poughkeepsie & the County of Dutchess prepared Housing Needs Assessments that included action steps to create additional affordable housing as well as receiving site approval for a new Emergency Shelter. The CoC also encourages Housing First policies within all programs and provides one-on-one TA with housing providers on implementing Housing First. 2) The CoC identifies, prioritizes, and houses individuals and families with the longest LOT homeless through the CE program. During bi-weekly CE case conferencing, staff discuss barriers to housing persons who have remained homeless the longest. The CE Committee develops creative/alternative solutions to finding the most immediate/appropriate housing for these households. The CE program works to reduce LOT homeless by including LOT as a prioritizing criterion within the CE's prioritization process. The CoC also engages non-CoC-funded housing providers (e.g. Housing Choice & ESSHI Housing) to increase the number of appropriate housing options for those coming through CE. The CoC also collaborates with affordable housing developers who then work with support services agencies in the CoC to provide PSH. Together, these strategies result in an increase in immediate housing opportunities for those who are homeless. 3) The CE Committee, which reports to the CoC Steering Committee, oversees these strategies.

2C-3.	Successful Permanent Housing Placement or Retention –CoC's Strategy.	
	NOFO Section V.B.5.d.	

In the field below:

1.	describe your CoC's strategy to increase the rate that individuals and persons in families residing in emergency shelter, safe havens, transitional housing, and rapid rehousing exit to permanent housing destinations;
2.	describe your CoC's strategy to increase the rate that individuals and persons in families residing in permanent housing projects retain their permanent housing or exit to permanent housing destinations; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to increase the rate that individuals and families exit to or retain permanent housing.

(limit 2,500 characters)

1) The CoC has effective strategies to increase the rate at which households in ES, TH & RRH exit to permanent housing destinations. Current strategies include: connecting unsheltered persons & those with the most severe service needs in ES to RRH & PSH through the Coordinated Entry (CE) System; expanding housing opportunities through CE by forging partnerships with non-CoC-funded entities (e.g., affordable housing providers); promoting new affordable housing development including the creation of a County Housing Trust Fund (HTF) to spur & incentivize the creation of new affordable housing; connecting households to housing subsidies & wrap-around services & benefits (e.g., PHA, HCV, SS, DSS rental allowance, substance abuse or MH treatment); & connecting households w/ education/employment training opps to improve earned income. These strategies ensure households are linked to affordable housing options to be rapidly housed, have the necessary income to access & maintain that housing, & have support services w/in the community to ensure ongoing housing stability. Additionally, CoC agencies have aggressively applied for NYS ESSHI funds that provide ongoing funding for rental assistance/support for homeless persons w/disabilities. 2) The CoC works to increase the rate households residing in PH retain housing or exit to other PH destinations through several strategies. Strategies include: engaging w/ clients to ensure they are meeting their individualized goals (e.g., physical/mental health appts, securing/maintaining employment) to remain stably housed; connecting those timing out of RRH programs who still need intensive case management services to supports to remain stably housed, & utilizing the flexibility to provide rental assistance over FMR, providing access to addtl rental inventory; implementing the CoC Move On Strategy by providing pre-transition services (e.g., living skills, employment, community integration supports) & strong aftercare supports to ensure successful transition from supportive housing; & partnering w/ affordable housing providers (e.g., working w/PHA to prioritize those moving on from EHV) & cultivating relationships w/ landlords to maintain an active list of vacancies. These strategies ensure clients in PSH programs are supported to maintain their housing while fostering opportunities for greater independence in the community. 3) The Steering Committee is responsible for overseeing these strategies.

2C-4.	Reducing Returns to Homelessness—CoC's Strategy.	
	NOFO Section V.B.5.e.	

	In the field below:
1.	describe your CoC's strategy to identify individuals and families who return to homelessness;
2.	describe your CoC's strategy to reduce the rate that individuals and families return to homelessness; and
3.	provide the name of the organization or position title that is responsible for overseeing your CoC's strategy to reduce the rate individuals and persons in families return to homelessness.

(limit 2,500 characters)

1) The CoC identifies individuals & families who return to homelessness by analyzing quantitative data [i.e., HMIS & Coordinated Entry (CE)] and qualitative information through CE. Specifically, the CoC collaborates with the HMIS Lead to analyze System Performance Measures (SPM), Stella, & CE, including identifying trends related to returns to homelessness. The CoC data committee utilizes this data to assess potential causes for increases/decreases in returns to homelessness. The committee will continue to work with the HMIS Lead to analyze SPM & CE data, assessing commonalities of those who return to homelessness, including sources of income, disabling conditions and cause of homelessness. The CoC also identifies persons who return to homelessness through CE assessment and case conferencing. Specifically, the CE assessment form asks about prior episodes of homelessness. During CE case conferencing, case managers discuss common barriers to remaining housed. CE conferencing supports subsequent successful placement of households by addressing common needs among those who return to homelessness and specific needs of the individual households being rehoused. Trends/common factors related to returns to homelessness will be reported bi-monthly from the CE & HMIS Leads to the Steering Committee and Membership and will be used to influence edits to the CE tool to better prioritize housing and assistance. 2) The CoC's strategy to reduce the rate of returns to homelessness is to continue fostering strong collaborations with systems partners, including eviction prevention providers, education & workforce development agencies, the local Department of Community and Family Services, health/behavioral healthcare agencies, & DV providers. Outreach and shelter programs consistently work to link clients to resources and create ongoing service plans and support that will continue once clients are stably housed. These collaborations foster linkages and resources to provide necessary, uninterrupted support to households who are identified as at risk of returning to homelessness. Specific needs of individual households that have returned to homelessness are addressed through CE case conferencing, allowing for provider collaboration around the most effective housing and service plan to propose to the household. 3) Overseeing these strategies are the is the Data and Coordinated Entry Committees, which report to the Steering Committee.

2C-5.	Increasing Employment Cash Income—CoC's Strategy.	
	NOFO Section V.B.5.f.	
	In the field below:	
1.	describe your CoC's strategy to access employment cash sources;	
2.	describe how your CoC works with mainstream employment organizations to help individuals and families experiencing homelessness increase their employment cash income; and	
3.	provide the organization name or position title that is responsible for overseeing your CoC's strategy to increase income from employment.	

(limit 2,500 characters)

1) As a resource hub, the CoC’s strategy to increase employment income is to: educate providers on NYS benefits regulations relative to earned employment cash income through ongoing dialogue with local Departments of Social Services; and foster systems-level engagement with employers and mainstream employment organizations. Specifically, the CoC educates providers on NYS benefits by fostering regular dialogue and promoting, through the CoC, annual Benefits Training offered by the Dutchess County Department of Community and Family Services (DCFS), on benefits regulations. This ensures provider and client understanding of opportunities to maintain necessary benefits (e.g., TANF, SNAP, Medicaid, SSI/SSDI) while increasing employment. 2) The CoC also fosters relationships with employment programs and mainstream employment agencies. The CoC makes direct referrals to agencies that provide free employment/education training. CoC member agencies work with the One Stop Career centers and ACCESS- VR to regularly connect clients to employment training programs. HRH, a HUD funded agency, links participants directly through dedicated Employment Training Services that are targeted to homeless, formerly homeless, and other individuals that face employment barriers. Hudson River Housing also provides paid trainings such as Heroes Making Heroes (which provides training opportunity to Veterans and housing insecure individuals to prepare, sell and distribute sandwiches). PSH staff help people prepare resumes, conduct job searches and/or obtain career path training. Through the partnerships mentioned above, the CoC is better prepared to encourage and assist CoC program participants to engage and be successful in workforce agencies’ (including self-identification of readiness/desire for educational/employment training programs). The CoC developed a formal, direct referral process to workforce programs and will create a communication mechanism between PSH case managers and workforce agency staff regarding client progress and to support client employment/program retention. Moving forward, the CoC and workforce agency will assess progress on increased income on an annual basis, utilizing this information to make programmatic improvements. 3) The Steering Committee is responsible for overseeing these strategies to increase income from employment.

2C-5a.	Increasing Non-employment Cash Income–CoC’s Strategy	
	NOFO Section V.B.5.f.	
	In the field below:	
	1. describe your CoC’s strategy to access non-employment cash income; and	
	2. provide the organization name or position title that is responsible for overseeing your CoC’s strategy to increase non-employment cash income.	

(limit 2,500 characters)

1) The CoC’s strategy to access and increase non-employment cash income (NECI) for project participants focuses on building and strengthening relationships with key community stakeholders to break down barriers participants and programs currently face in accessing and increasing NECI. The CoC identified and formed relationships with NECI providers in the community and collaborated to educate homeless service providers on available benefits, qualifying factors, and the referral process. The CoC actively engages the local County Departments of Social Services (DSSs) to participate in the CoC and fosters a relationship between DSS & emergency shelter and housing providers. DSS is a vital partner in the community because it enrolls clients in TANF, SNAP, rent and utilities assistance. At CoC Membership and Steering Committee meetings, DSS, is encouraged to provide regular updates on benefit changes to ensure agency staff are prepared to support clients in accessing and increasing NECI. Additionally, the CoC actively collaborates with the local SOAR provider and coordinates trainings for agency staff to help enroll clients and/or children in SSD which serves as a vital benefit for rent share and living expenses. Providers also connect program participants to community agencies which provide prepared meals, Food Pantries, clothing, Medicaid, and other non-cash benefits to support the household. 2) The Steering Committee is responsible for overseeing the CoC’s strategy to increase non-employment cash income.
