NEW PROJECTS

CORNING COUNCIL FOR ASSISTANCE AND INFORMATION FOR THE DISABLED, INC. DBA AIM INDEPENDENT LIVING CENTER

AIM - Support Services Outreach 2027

Project Description: Aim is requesting funding for a support services only project to assist individuals experiencing homelessness across Chemung, Schuyler, Steuben, Allegany, and Livingston Counties who face significant barriers to exiting homelessness, including lack of identification, limited access to public benefits, untreated medical or behavioral health conditions, transportation challenges, and difficulty navigating multiple service systems. Many individuals are unsheltered or unstably housed but are not connected to case management or structured programs.

This project establishes a consistent, region wide framework that brings these critical supports to individuals who would otherwise remain disconnected from the homelessness response system. By standardizing access points across all five counties and integrating AIM's multidisciplinary services into a single coordinated model, the program reduces fragmentation and ensures that individuals can move seamlessly from crisis to stabilization to housing. The project fills gaps where no comparable resources exist, particularly in rural areas of the 501 CoC where services are limited or difficult to reach. This coordinated approach increases engagement, reduces system barriers, and provides a sustainable pathway toward permanent housing and long-term self-sufficiency.

ECONOMIC OPPORTUNITY PROGRAM INC.

EOP Anti-Displacement Support Services

Project Description: EOP is requesting funding for a Support Service Only project to assist people to enable them to move on the self-sufficiency in permanent housing. The EOP Anti-Displacement Program is focused on finding housing that meets clients' physical and affordability needs. The program works toward self-sufficiency with our clients through quarterly discussions with clients about their short and long-term goals and help connect them with resources as well as empower them to work toward goal attainment. The strategy is to provide services by meeting with clients in local shelters and motels.
