The CoC Consolidated Application requires TWO submissions. Both this Project Priority Listing AND the CoC Application MUST be completed and submitted prior to the CoC Program Competition submission deadline stated in the NOFO.

The CoC Priority Listing includes:
- Reallocation forms – must be completed if the CoC is reallocating eligible renewal projects to create new projects or if a project applicant will transition from an existing component to an eligible new component.
- Project Listings:

  - New;
  - Renewal;
  - UFA Costs;
  - CoC Planning;
  - YHPD Renewal; and
  - YHDP Replacement and Reallocation.

- Consolidations and Expansions Forms – must be completed if the CoC is consolidating eligible renewal projects or applying for new projects to expand the operations of eligible renewal projects.
- Attachment Requirement

  - HUD-2991, Certification of Consistency with the Consolidated Plan – Collaborative Applicants must attach an accurately completed, signed, and dated HUD-2991.

Things to Remember:
- New, CoC Renewal, YHPD Renewal, YHDP Replacement and Reallocation Project Listings – all project applications must be reviewed, approved and ranked, or rejected based on the local CoC competition process.
- Project applications on the following Project Listings must be approved and are not ranked per the FY 2026 CoC Program Competition NOFO:

  - UFA Costs Project Listing;
  - CoC planning Project Listing;

- Collaborative Applicants are responsible for ensuring all project applications accurately appear on the Project Listings and there are no project applications missing from one or more Project Listings.
- For each project application rejected by the CoC, the Collaborative Applicant must select the reason for the rejection from the dropdown provided.
- If the Collaborative Applicant needs to amend a project application for any reason, the Collaborative Applicant MUST ensure the amended project is returned to the applicable Project Listing AND ranked or approved BEFORE submitting the CoC Priority Listing to HUD in e-snaps.

Jefferson County DSS

JCDSS DV TH

Program Description: This project will serve individuals/households who have/are experiencing Domestic Violence and who are fleeing or attempting to flee the situation, with first priority to households with children. Our Coordinated Entry System is equipped to assist this population with getting connected quickly to housing and supports needed. While many of these households are connected to Child Welfare services through our Department and/or our local Victim Service Provider, there remains a need for housing stability assistance that is not able to be provided through those existing supports. This project will formally partner with our local Victim Service Provider to provide Case Management Support Services to all program participants. This partnership will provide targeted support services that are necessary for this population of households to obtain and maintain safe and stable housing. Participation in support services will be required of all program participants through participation agreements entered into at the time of program admission. Additionally, program participants will be assisted with applying for mainstream benefits as applicable as well as connecting them to the County's Department of Employment and Training. Through this connection, households will receive assistance toward obtaining and maintaining earned income, furthering their self-sufficiency and housing stability.

JCDSS Sheltered SSO

Program Description: Jefferson County relies solely on hotel/motel placements for homeless individuals and families that are not eligible for shelter placement and services through the local Victim Service Provider. Homeless households placed in hotel/motel settings do not receive the support services found primary in homeless shelters that will assist them toward housing stability and out of Emergency Housing, nor the support to begin linkage and referrals to needed services to enhance their self-sufficiency. This project will provide funding for dedicated staff and services to be provided to the individuals and families placed. Services will include linkage and referral to housing opportunities and health care services-to include behavior health and substance use treatment. Additionally, households will be linked with the County's Department of Employment and Training to support their growth toward obtaining and/or increasing earned income.

JCDSS Transitional Housing

Program Description: This project will serve individuals and families who are experiencing homelessness. This project is a reallocation, shifting from Permanent Supportive Housing to Transitional Housing which will support individuals and families with severe service needs. This project will use the Coordinated Entry System to request and receive referrals, quickly connecting households to stable housing and supportive services. Participation in support services will be required of all program participants through participation agreements entered into at the time of program admission. Additionally, program participants will be assisted in applying for mainstream benefits as applicable as well as connecting them to the County's Department of Employment and Training. Through this connection, households will receive assistance toward obtaining and maintaining earned income, furthering their self-sufficiency and housing stability.
